

The background of the top half of the cover features a large, circular seal of the President of the United States. The seal is rendered in a light, metallic blue color against a dark blue background. It includes the text "PRESIDENT OF THE UNITED STATES" around the perimeter and a central emblem with an eagle and stars.

The Haldeman Diaries

The Haldeman Diaries Inside The Nixon White House:

The Haldeman Diaries Harry R. Haldeman, 1995 When H R Haldeman died he left behind a chronicle of the four years he was Chief of Staff for President Nixon His diaries offer a fascinating portrait of the major events of this era including the Cambodia bombings the Kent State killings the fall of Spiro Agnew the Watergate scandal and new insights on Richard Nixon 8 page photo insert A Newsman in the Nixon White House Wafa Unus, 2018-11-27 Herbert G Klein was a significant figure in both journalism and political history during the mid to late Twentieth Century Klein is best known as longtime advisor to Richard Nixon and was with Nixon at peak moments in his career including the Checkers Speech and Nixon's 1960 and 1962 campaigns Upon Nixon's election as President Klein became the White House Director of Communications a new position Klein was tasked with designing For four years Klein was known as one of Nixon's chief advisors But then for reasons historians have never fully explored he disappears from Nixon's political landscape as well as from scholarly and public prominence This book establishes Herbert G Klein as a formative figure in the Richard Nixon White House whose contributions to Nixon's press strategies their subsequent impact on the president's actions attitudes and eventual fall have been largely overshadowed in scholarly literature It explores the then emerging and now enduring conflict between journalistic truth and presidential image The work draws from previously unexplored materials on Klein in the Richard Nixon Presidential Library The account is notable for the first examination of Klein's only known oral history lessening a gap in the existing literature on Nixon's aides and his relationship with the media **Inside the Pentagon Papers** John Prados, Margaret Pratt Porter, 2004 Inside the Pentagon Papers addresses legal and moral issues that resonate today as debates continue over government secrecy and democracy's requisite demand for truthfully informed citizens In the process it also shows how a closer study of this signal event can illuminate questions of government responsibility in any era When Daniel Ellsberg leaked a secret government study about the Vietnam War to the press in 1971 he set off a chain of events that culminated in one of the most important First Amendment decisions in American legal history That affair is now part of history but the story behind the case has much to tell us about government secrecy and the public's right to know Commissioned by Secretary of Defense Robert McNamara the Pentagon Papers were assembled by a team of analysts who investigated every aspect of the war Ellsberg a member of the team was horrified by the government's public lies about the war discrepancies with reality that were revealed by the report's secret findings His leak of the report to the New York Times and Washington Post triggered the Nixon administration's heavy handed attempt to halt publication of their stories which in turn led to The Nixon Defense John W. Dean, 2015-06-02 Based on Nixon's overlooked recordings New York Times bestselling author John W Dean connects the dots between what we've come to believe about Watergate and what actually happened Watergate forever changed American politics and in light of the revelations about the NSA's widespread surveillance program the scandal has taken on new significance Yet remarkably four decades after Nixon was forced to resign no one has

told the full story of his involvement in Watergate In The Nixon Defense former White House Counsel John W Dean one of the last major surviving figures of Watergate draws on his own transcripts of almost a thousand conversations a wealth of Nixon s secretly recorded information and more than 150 000 pages of documents in the National Archives and the Nixon Library to provide the definitive answer to the question What did President Nixon know and when did he know it Through narrative and contemporaneous dialogue Dean connects dots that have never been connected including revealing how and why the Watergate break in occurred what was on the mysterious 18 1 2 minute gap in Nixon s recorded conversations and more In what will stand as the most authoritative account of one of America s worst political scandals The Nixon Defense shows how the disastrous mistakes of Watergate could have been avoided and offers a cautionary tale for our own time **Foreign**

Relations of the United States United States. Department of State,1969 Samuelson Friedman Nicholas Wapshott,2021-08-03 A Financial Times Best Economics Book of 2021 From the author of Keynes Hayek the next great duel in the history of economics In 1966 two columnists joined Newsweek magazine Their assignment debate the world of business and economics Paul Samuelson was a towering figure in Keynesian economics which supported the management of the economy along lines prescribed by John Maynard Keynes s General Theory Milton Friedman little known at that time outside of conservative academic circles championed monetarism and insisted the Federal Reserve maintain tight control over the amount of money circulating in the economy In Samuelson Friedman author and journalist Nicholas Wapshott brings narrative verve and puckish charm to the story of these two giants of modern economics their braided lives and colossal intellectual battles Samuelson a forbidding technical genius grew up a child of relative privilege and went on to revolutionize macroeconomics He wrote the best selling economics textbook of all time famously remarking I don t care who writes a nation s laws or crafts its advanced treatises if I can write its economics textbooks His friend and adversary for decades Milton Friedman studied the Great Depression and with Anna Schwartz wrote the seminal books The Great Contraction and A Monetary History of the United States Like Friedrich Hayek before him Friedman found fortune writing a treatise Capitalism and Freedom that yoked free markets and libertarian politics in a potent argument that remains a lodestar for economic conservatives today In Wapshott s nimble hands Samuelson and Friedman s decades long argument over how or whether to manage the economy becomes a window onto one of the longest periods of economic turmoil in the United States As the soaring economy of the 1950s gave way to decades stalked by declining prosperity and stagflation it was a time when the theory and practice of economics became the preoccupation of politicians and the focus of national debate It is an argument that continues today **The Nixon Presidency** Timothy N. Thurber,2022-03-30 The Nixon Presidency is a concise and accessible survey of domestic policy foreign affairs and politics during the thirty seventh president s time in office Richard Nixon was the most polarizing president of the twentieth century and one who continues to fascinate observers of American political life Admirers saw him as the personification of the American dream of upward mobility and

their ally against threats at home and abroad Detractors considered him a deceitful sinister figure who threatened democracy was wrapped up in Watergate and perpetuated an immoral war in Vietnam As time passes new questions and insights into the Nixon era arise and various phenomena such as the expansion of the welfare state the growth of the administrative state the evolution of the Republican and Democratic Parties and the deepening polarization in politics and the broader society cast Nixon s presidency in a new light This book uses Nixon as a prism through which to view American history at home and abroad and shows how Nixon s influence remains evident half a century after he left office The text is supported by primary source documents which makes it ripe for classroom use and key for students of American history the American presidency and the sixties

The Nixon Defense Deluxe John W. Dean, 2014-07-29 Based on Nixon s overlooked recordings New York Times bestselling author John W Dean connects the dots between what we ve come to believe about Watergate and what actually happened This deluxe edition of The Nixon Defense includes 30 select recordings and transcriptions of secretly recorded conversations between Richard Nixon and his aides in the months after the Watergate break in including the three smoking gun conversations of June 23 1972 Many of these tapes have never been transcribed giving us an unprecedented view of the origins of the president s Watergate defense and the workings of the Nixon White House Watergate forever changed American politics and in light of the revelations about the NSA s widespread surveillance program the scandal has taken on new significance Yet remarkably four decades after Nixon was forced to resign no one has told the full story of his involvement in Watergate In The Nixon Defense former White House Counsel John W Dean one of the last major surviving figures of Watergate draws on his own transcripts of almost a thousand conversations a wealth of Nixon s secretly recorded information and more than 150 000 pages of documents in the National Archives and the Nixon Library to provide the definitive answer to the question What did President Nixon know and when did he know it Through narrative and contemporaneous dialogue Dean connects dots that have never been connected including revealing how and why the Watergate break in occurred what was on the mysterious 18 1 2 minute gap in Nixon s recorded conversations and more In what will stand as the most authoritative account of one of America s worst political scandals The Nixon Defense shows how the disastrous mistakes of Watergate could have been avoided and offers a cautionary tale for our own time

Effective Presidency Erwin C. Hargrove, 2024-11-01 Every four years the American public goes to the polls in hopes of electing a hero to the presidency trying to find someone larger than life But heroes are hard to find and sometimes they turn out to be villains Senior presidential scholar Erwin Hargrove recommends that we shift our sights to electing an effective president instead and here he shows us how to assess effective presidencies To address the central question of whether presidents make a difference Hargrove asks about the most important things each president attempted He finds that much of the time eventful leadership prevails but that some presidents may be judged to be event making for good or ill As George W Bush has demonstrated event making leaders run great risks sometimes challenging the Constitution even as they attempt greatness

By contrast effective presidents combine eventful leadership with a modulated sense of personal ambition Hargrove examines this winning combination in light of historical context and a fine gauge of personal skills and attributes Reviewing eventful and event making presidencies of the last fifty years Hargrove comes down on the side of effectiveness over the special effects of pyrotechnic presidencies like the current one When the World Calls Stanley Meisler, 2011 This work presents a history of the Peace Corp and exposes Washington infighting presidential influence and the struggles volunteers faced abroad Not an institutional history the book is a look at the Peace Corps s first fifty years On October 14 1960 at an impromptu speech at the University of Michigan John F Kennedy presented an idea to a crowd of restless students for an organization that would rally American youth in service Though the speech lasted barely three minutes his germ of an idea morphed dramatically into Kennedy s most enduring legacy the Peace Corps From this offhand campaign remark shaped speedily by President Kennedy s brother in law Sargent Shriver in 1961 the organization ascended with remarkable excitement and publicity attracting the attention of thousands of hopeful young Americans The author unpacks the complicated history with sharp analysis and anecdotes taking readers on a global trek starting with the historic first contingent of Volunteers to Ghana on August 30 1961 The Peace Corps has served as an American emblem for world peace and friendship yet few realize that it has sometimes tilted its agenda to meet the demands of the White House Tracing its history through the past nine presidential administrations the author discloses for instance how Lyndon Johnson became furious when Volunteers opposed his invasion of the Dominican Republic he reveals how Richard Nixon literally tried to destroy the Peace Corps and how Ronald Reagan endeavored to make it an instrument of foreign policy in Central America But somehow the ethos of the Peace Corps endured largely due to the perseverance of the 200 000 volunteers themselves whose shared commitment to effect positive global change has been a constant in one of our most complex and valued institutions **Vietnam** John Prados, 2009 The first major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts America Spiro Agnew and the Rise of the Republican Right Justin P. Coffey, 2015-10-26 The narrative of Spiro Agnew s rise and fall has never been fully told This compelling book tells the story of one of the most controversial high level politicians of recent American history and explains the importance of Agnew s life and career Too often overlooked by students of modern conservatism Spiro T Agnew s political career mirrored the transformation of the Republicans from a big tent party to a narrower more conservative and ideologically purer one in the 1960s and 1970s Spiro Agnew and the Rise of the Republican Right traces Agnew s life and career and shows how Agnew was a key figure in American politics and documents how a powerful politician who looked to be headed to the presidency ended up having to resign from the office of the vice president in shame and fade into the shadows of political history This political biography examines how Spiro Agnew s ideological transformation from a moderate liberal to a conservative spearheaded the rise of the Republican Right Author

Justin P Coffey PhD explores the political social and racial aspects of Agnew s career and how he both influenced and was himself shaped by each of these parameters This book offers an unprecedented study of Agnew s legacy in the present day context providing information suited for any reader interested in history or politics and filling a void in the scholarship of the rise of the conservative movement *The Last Liberal Republican* John Roy Price,2023-11-17 *The Last Liberal Republican* is a memoir from one of Nixon s senior domestic policy advisors John Roy Price a member of the moderate wing of the Republican Party a cofounder of the Ripon Society and an employee on Nelson Rockefeller s campaigns joined Daniel Patrick Moynihan and later John D Ehrlichman in the Nixon White House to develop domestic policies especially on welfare hunger and health Based on those policies and the internal White House struggles around them Price places Nixon firmly in the liberal Republican tradition of President Theodore Roosevelt New York governor Thomas E Dewey and President Dwight Eisenhower Price makes a valuable contribution to our evolving scholarship and understanding of the Nixon presidency Nixon himself lamented that he would be remembered only for Watergate and China *The Last Liberal Republican* provides firsthand insight into key moments regarding Nixon s political and policy challenges in the domestic social policy arena Price offers rich detail on the extent to which Nixon and his staff straddled a precarious balance between a Democratic controlled Congress and an increasingly powerful conservative tide in Republican politics *The Last Liberal Republican* provides a blow by blow inside view of how Nixon surprised the Democrats and shocked conservatives with his ambitious proposal for a guaranteed family income Beyond Nixon s surprising embrace of what we today call universal basic income the thirty seventh president reordered and vastly expanded the patchy food stamp program he inherited and built nutrition education and children s food services into schools Richard Nixon even almost achieved a national health insurance program fifty years ago with a private sector framework as part of his generous benefits insurance coverage for all Nixon included coverage of preexisting conditions prescription drug coverage for all and federal subsidies for those who could not afford the premiums *The Last Liberal Republican* will be a valuable resource for presidency scholars who are studying Nixon his policies the state of the Republican Party and how the Nixon years relate to the rise of the modern conservative movement **Secrecy in US Foreign Policy** Yukinori Komine,2016-04-01 *Secrecy in US Foreign Policy* examines the pursuit of strict secrecy by President Nixon and his National Security Advisor Kissinger in foreign policy decision making in relation to the US rapprochement with China Moreover it sheds new light on the complexity and dynamism of the evolution of China initiatives and demonstrates the many policy options and perspectives among US officials Dr Komine focuses on three major elements of the rapprochement **Howard Baker** James Lee Annis,2007 A brilliant and perceptive look at an intellectually gifted and multitalented man In our increasingly partisan and fragmented political system Howard Baker s legacy stands as a symbol of the way things should be He sought consensus and compromise where partisans wanted to fight rather than govern And he insisted that civility must be part of our character lest we surrender to the evils of spite and recrimination Senator William S

Cohen R Maine Lee Annis s volume is a wonderful book about a man who all of his life has worked to give public service a good name No one in politics is more respected than Howard Baker This is a timely read in an age when there is so much cynicism about government It will give you hope Lamar Alexander A wonderful book about a truly good man who has served his state and nation with great integrity and ability Bill Brock An insightful look at one of the truly great legislative leaders of our time Great reading for those interested in public policy Former Senator Warren B Rudman R New Hampshire An inspiring nuanced portrait of one of the twentieth century s greatest political figures Annis is uniquely qualified to systematically investigate the inner workings of Senator Baker s mind Senator Bill Frist Throughout the 1970s and 1980s from Watergate to the Reagan White House Howard Baker was at the center of U S politics As the ranking Republican on the Senate Select Committee on Watergate Baker framed the question that would bring down Richard Nixon What did the president know and when did he know it As chief of staff after the Iran contra scandal Baker helped to put the Reagan White House back on course Originally published in 1995 Howard Baker Conciliator in An Age of Crisis is the first and only authoritative biography of Baker J Lee Annis Jr examines Baker s life and his work as a negotiator and statesman who could make government work and argues that Baker brought to Washington moderation and diplomatic talents that are often lacking in politics today In this second edition Annis has added a new chapter covering Senator Baker s life and times since leaving the White House in 1988 Scholars of southern history southern politics and Tennessee history and politics will find Howard Baker Conciliator in An Age of Crisis an essential addition to their library J Lee Annis Jr is a professor of history at Montgomery College in Maryland He is coauthor with Senate Majority Leader Bill Frist of Tennessee Senators 1911 2001 Portraits of Leadership in a Century of Change *Nixonland* Rick Perlstein, 2008-05-13 Perlstein aims here at nothing less than weaving a tapestry of social upheaval His success is dazzling Los Angeles Times Both brilliant and fun a consuming journey back into the making of modern politics Jon Meacham *Nixonland* is a grand historical epic Rick Perlstein has turned a story we think we know American politics between the opposing presidential landslides of 1964 and 1972 into an often surprising and always fascinating new narrative Jeffrey Toobin Rick Perlstein s bestselling account of how the Nixon era laid the groundwork for the political divide that marks our country today Told with vivid urgency and sharp political insight *Nixonland* recaptures America s turbulent 1960s and early 1970s and reveals how Richard Nixon rose from the political grave to seize and hold the presidency of the United States Perlstein s epic account begins in the blood and fire of the 1965 Watts riots nine months after Lyndon Johnson s historic landslide victory over Barry Goldwater appeared to herald a permanent liberal consensus in the United States Yet the next year scores of liberals were tossed out of Congress America was more divided than ever and a disgraced politician was on his way to a shocking comeback Richard Nixon Between 1965 and 1972 America experienced no less than a second civil war Out of its ashes the political world we know now was born Filled with prodigious research and driven by a powerful narrative Rick Perlstein s magisterial account of how it all happened

confirms his place as one of our country's most celebrated historians **White Protestant Nation** Allan J. Lichtman, 2008 Examines the origins, development, and achievements of conservatism in the United States from the birth of the modern right in the 1920s through the restoration of the conservative consensus at the end of the twentieth century **The Hardhat Riot** David Paul Kuhn, 2020 In downtown Manhattan in the shadow of the half-built Twin Towers, hardhats beat scores of hippies bloody in May 1970, four days after Kent State. This is the story of when the old Democratic Party attacked the new and of how Richard Nixon seized the breach, realizing that these quite candidly are our people now. We relive the schism that tore liberalism apart by returning to when it was all laid bare, one brutal day when the Democrats' future was bludgeoned by its past as if it was a violent last gasp to say we once mattered to them too *Wounds of the Heart* Joseph Keely, 2021-02-22 This is for my children and my children's children so that they may know that their father/grandfather served his country along with 2,909,918 other men and women in uniform in Vietnam. Most of these men and women remained loyal to their oath as military personnel and served with honor and distinction. I want them to know that our efforts and sacrifices were undermined at every turn of the event by the American people, the American press, and self-centered politicians through lies, propaganda, and treason on a scale so large it was unstoppable. And finally, forced the government to abandon its troops on the field of battle to fend for ourselves. That they may also see the real truth surrounding the Vietnam War and the war that has raged within me these past fifty-plus years. These words were engendered by a comment I heard on television. It angered me enough to conduct a personal investigation to see if the nine lines written above were just a figment of my imagination or what I felt to be true in my heart. This investigation has culminated with mixed feelings. It saddens me that what I felt in my heart is true; however, I am elated that my investigation serves as a vindication of all the Vietnam veterans, both men and women, who remained loyal to their oath as soldiers, sailors, airmen, and marines. I am elated that there is finally a book that countermands the lies and propaganda that have carried on from the 60s to this very day and that it shows the Vietnam veterans as the loyal and honorable men and women they have proven themselves to be **US Policy toward Chile in the 1970s** Chris McGillion, Morris Morley, 2019-10-15 This book provides a detailed analysis of the bureaucratic politics of US foreign policymaking with respect to Chile during the 1970s. On the basis of original interviews with key officials from the Nixon, Ford, and Carter administrations, congressional staffers, human rights activists, and Chilean opposition figures during the Pinochet dictatorship, together with extensive archival research in the US, Canada, and the UK, it recreates the internal debates in Washington over appropriate policy approaches and traces how faithfully these approaches were implemented down to the level of desk officer in the US embassy in Santiago. Assessing what impact US influence had on developments inside Chile is also an important part of this study. The findings make for vital reading for students and researchers of US foreign policy, making diplomatic history, and US-Chilean relations, although the book will also appeal to the general reader with an interest in the same issues.

The Haldeman Diaries Inside The Nixon White House Book Review: Unveiling the Magic of Language

In an electronic era where connections and knowledge reign supreme, the enchanting power of language has are more apparent than ever.
