Seeding Civil War H. Craig Miner, 2008 Following the passage of the Kansas Nebraska Act Kansas Territory was a national issue that dominated America's press not to mention three sessions of Congress Craig Miner now offers the first in depth study of national media coverage devoted to the beleaguered territory unearthing new examples of what Americans were saying about Kansas and showing how those words affected the course of national events Miner draws on dozens of newspapers and magazines from all parts of the country and of all political persuasions a trove of rich quotations and unvarnished epithets nearly all of them published here for the first time He reveals how the heated polarizing rhetoric widened the sectional rift weakened chances of accommodation and contributed more to the onset of civil war than has been previously recognized

BOOK JACKET A Nurse's Life in War and Peace Eleanor Constance Laurence, 1912 PREFACE The charm of these letters it will at once be found depends upon their simplicity their artlessness their obvious candour They present a plain untinted account of a nurse's career of the difficulties she has to face and the problems she has to solve Those who wish to know something of a nurse's life and times will find in this writing a convincing narrative unemotional and matter of fact This is no small merit since the

record of nursing experiences is apt to be blurred by exaggeration or made nauseous by sickly romance There is pathos enough in the sick room and in the presence of death but those who come in touch with it would do better to hush the knowledge in their hearts rather than to proclaim it on the house tops Apart from this the world must be a little weary of the astute sick child who lisps melodrama into the ear of the kind nurse as well as of the bizarre aphorisms of the dying tramp
