The Heart Of Leadership 12 Practices Of Courageous Leaders:

The Heart of Leadership Robert E. Staub, 2002 In the new and revised edition of *The Heart of Leadership 12 Practices of Courageous Leaders* author Robert E. Staub lays out an articulate inquiry into and explanation of critically essential aspects of effective business leadership. These include competency, intimacy, integrity, and passion. Articulate, educative, ardent, and inspiring, Staub offers a thoroughly reader-friendly and practical presentation that is very highly recommended for anyone charged with an entrepreneurial or business management responsibility from the smallest company to the largest international corporation. Leading requires that we offer strategic guidance by understanding and communicating the purpose for which the team or company stands. It also requires the courage to respectfully confront anyone, including ourselves, when actions do not align with that purpose. Leaders can transform companies by focusing on the critical link between results and relationships. Wholehearted leadership can transform a good company into a great one. Learn how to create meaningful relationships in and outside the workplace. Amazon.com

Character-Centred Leadership Micah Amukobole, 2012-12-04 This book promotes excellence in the practice of leadership to inspire leaders, emerging leaders, and students of leadership to become active participants in shaping their own future and the future of others.

Leadership in Nonprofit Organizations Kathryn A. Agard, 2011 *Leadership in Non Profit Organizations* tackles issues and leadership topics for those seeking to understand more about this dynamic sector of society. A major focus of this two-volume reference work is on the specific roles and skills required of the non-profit leader in voluntary organizations. Key features include contributions from a wide range of authors who reflect the variety, vibrancy, and creativity of the sector itself; an overview of the history of non-profit organizations in the United States; description of a robust and diverse assortment of organizations and opportunities for leadership; an exploration of the nature of leadership and its complexity as exemplified in the non-profit sector; availability both in print and online; this title will form part of the 2010 Encyclopedia Collection on SAGE Reference Online. The Handbook includes topics such as personalities of non-profit leaders, vision and starting a nonprofit organization, nonprofit law, statutes, taxation and regulations, strategic management, financial management, collaboration, public relations for promoting a non-profit organization, human resource policies and procedures.

Leadership for Lawyers Herb Rubenstein, 2008 Leadership is essential for anyone who wants to steer their firms and organizations to new heights. This book is first in its field to help those in the legal profession become more effective leaders. Readers will discover the various brands of leaders and the strengths and weaknesses of each. Herb Rubenstein has taught leadership at five universities and is the founder and president of Growth Strategies Inc., a strategy management, leadership, and innovation consulting firm in Bethesda, Maryland.

The Affirmation Principle Bernard M. Curtis, Ed.D., 2012-11 Take a look in any bookstore, whether on line or brick and mortar, and you will find dozens, even hundreds, of books on leadership. But the focus of most of these books will be on the mechanics of leading. But leadership is more than the act of leading. Leadership is about the quality of

relationships and influence In The Affirmation Principle Dr Bernard Curtis advances the proposition that organizations can bring out the best in people and achieve extraordinary success by understanding how to lead and care for the human spirit Dr Curtis begins by presenting the business case for the importance of organizations to understand the benefits of valuing people In part one he explores the unstated contract between employees and employers describes what organizations must do to connect with their people and challenges leaders to have the courage to change In part two he shares a new concept and model of leadership based on human affirming behaviors and sound humane principles In part three Dr Curtis shows how leaders value to the organization can be measured how they can become more accountable and what they can do to bring out the best in their people The Affirmation Principle offers some keen insights into the leader follower relationship This book provides some new tools to help the serious leader take their leadership thinking and skills to the next level

Leading Up Lilya Wagner, 2005-10-13 Fundraisers at all levels discover the art of leading up Fundraisers know that in order to be successful in their demanding profession they have to get things done And to get things done they need to exercise leadership from whatever rank or position they hold often from the middle This concept is called leading up Recognizing that all fundraisers must be leaders Leading Up teaches professionals the skills and traits they need to be successful in their philanthropic roles Leading Up centers around author Lilya Wagner's unique model which exemplifies the concept of leading up Here fundraisers will discover how to get things done when they're not in charge how to motivate others when they don't have formal authority how to convince or persuade their colleagues and superiors about their need for action and involvement and how to lead when they're not recognized leaders by virtue of power or position Focusing on problem solving concepts Leading Up is packed with thought provoking questions exercises and practical application steps that allow professionals to practice and implement the principles they've just learned The book also includes inspirational quotes on leadership from recognized and successful professionals and leaders Leadership qualities have to be learned and practiced by all who wish to achieve success in fundraising whether boss or not Leading Up provides readers with the groundwork they need to not only build up their causes and organizations but also influence a professional field that is still developing

Global Risk Agility and Decision Making Daniel Wagner, Dante Disparte, 2016-08-12 In Global Risk Agility and Decision Making Daniel Wagner and Dante Disparte two leading authorities in global risk management make a compelling case for the need to bring traditional approaches to risk management and decision making into the twenty first century Based on their own deep and multi faceted experience in risk management across numerous firms in dozens of countries the authors call for a greater sense of urgency from corporate boards decision makers line managers policymakers and risk practitioners to address and resolve the plethora of challenges facing today's private and public sector organizations Set against the era of manmade risk where transnational terrorism cyber risk and climate change are making traditional risk models increasingly obsolete they argue that remaining passively on the side lines of the global economy is dangerous and that understanding and actively engaging the world is central to achieving risk

agility Their definition of risk agility taps into the survival and risk taking instincts of the entrepreneur while establishing an organizational imperative focused on collective survival The agile risk manager is part sociologist anthropologist psychologist and quant Risk agility implies not treating risk as a cost of doing business but as a catalyst for growth Wagner and Disparte bring the concept of risk agility to life through a series of case studies that cut across industries countries and the public and private sectors The rich real world examples underscore how once mighty organizations can be brought to their knees and even their demise by simple miscalculations or a failure to just do the right thing The reader is offered deep insights into specific risk domains that are shaping our world including terrorism cyber risk climate change and economic resource nationalism as well as a frame of reference from which to think about risk management and decision making in our increasingly complicated world This easily digestible book will shed new light on the often complex discipline of risk management Readers will learn how risk management is being transformed from a business prevention function to a values based framework for thriving in increasingly perilous times From tackling governance structures and the tone at the top to advocating for greater transparency and adherence to value systems this book will establish a new generation of risk leader with clarion voices calling for greater risk agility The rise of agile decision makers coincides with greater resilience and responsiveness in the era of manmade risk
