The Hermetic Practice

S Ben Porath

The Hermetic Practice:

Theurgy, or the Hermetic Practice E.J. Langford Garstin, 2004-06-01 Theurgy means the science or art of divine works In alchemy this process is called the Great Work which is the purification and exaltation of our lower nature by the proper application of esoteric principles so that it may become united with its higher counterparts whereby we may attain spiritual and ultimately divine consciousness Drawing on the teachings of the Egyptian Greek and Hebrew mystery schools and quoting extensively from important alchemical writers Garstin details this process of purification Students who are curious about alchemy but daunted by the body of its literature and its strange allegories will find this book to be an excellent introduction Garstin discusses source alchemical works and clearly explains what their esoteric symbolism means With the information in this book students of alchemy can then proceed to make a more informed exploration of the alchemical works and other writings of the Western Mystery Tradition

The Hermetic Physician Marco Daffi, 2022-09-20 Explores Kremmerz s life his teachings his work as a hermetic physician and the metaphysical and hermetic principles that guided his activities Offers a detailed account of the distance healing practices diagnostic methods and rituals of the Fraternity of Myriam Includes texts written by Kremmerz on the inner workings and magical operations of the fraternity intended for its practicing members Giuliano Kremmerz 1861 1930 born Ciriaco Formisano was one of the most influential Italian occultists alchemists and Hermetic masters of the late nineteenth and early twentieth centuries though he remains almost unknown to English readers In 1896 Kremmerz began writing about natural and divine magic healing and alchemy through the journal *Il Mondo Segreto* The Secret World At the same time he founded a school known as the *Schola Philosophica Hermetica Classica Italica* as well as a magical group the Therapeutic and Magical Fraternity of Myriam Within the Myriam he sought to use Hermetic magical and Pythagorean principles to harness the power of the psyche and convey collective energies for therapeutic purposes and distance healing His initiatic order would become the principal esoteric society in Italy comparable to its British counterpart the Hermetic Order of the Golden Dawn but forced to be a carefully guarded secret as Mussolini s government rose to power In this unique compilation of essays David Pantano presents an in depth study of Kremmerz s life and work by his student and initiate Italian esotericist Marco Daffi Without holding back criticism Daffi provides a detailed account of the history and practices of the Myriam as well as the metaphysical and Hermetic principles that guided their activities Revealing Kremmerz s rediscovery of the occult healing of ancient mystery schools Daffi also shows how Kremmerz laid the foundation for passing this initiatory tradition on to the new millennium He explores the means by which Kremmerz said miracles can be performed

and the way Hermetic forces affect both bodily health and mystical eroticism Throughout this collection David Pantano provides extensive annotations offering the English reader essential historical and mystical context for Daffi's work Connecting to untranslated Italian texts and elucidating Daffi's poetic style Pantano's commentary reveals the particular tradition of Italian esoterism Pantano also includes rare and unpublished texts written by Kremmerz and intended for the Myriam's practicing members Combined these papers offer a picture of the inner workings and magical operations of this fraternity available for the first time in English [The Hermetic Experience](#) Elias Rubenstein, 2024-05-01 Immerse yourself in the fascinating world of Hermeticism with Elias Rubenstein's The Hermetic Experience From Mystery to Self Discovery This book takes you on a transformative journey through the mysteries of Hermetic philosophy providing a foundation for spiritual insight and personal growth Rubenstein reveals the timeless wisdom of Hermeticism and its application to modern life bridging the gap between ancient knowledge and contemporary challenges Prepare to expand your consciousness and discover deeper meaning in the connection between the cosmic and the personal *Hermetic Magic* Llh Media, 2025-02-17

Transformation Giuliano Kremmerz, 2019-11-12 A classic initiatic primer for the serious magical aspirant available now for the first time in English Details occult purification and preparations for the path of natural and divine magic Explains how initiation into the hermetic science transforms the novice not only mentally but also physically altering even the very fluids of the body Offers a return to the original hermetic path of initiation following the strict procedures and symbolism as defined in the spiritual practices of Pythagoras and his tradition The main purpose of the hermetic science as seen by Giuliano Kremmerz 1861 1930 Italian alchemist hermeticist philosopher and member of the Ur Group is to allow the adept to concentrate on the natural and divine magic that will allow him or her to develop the latent powers innate in every human being The initiatory path this opens one the author compares to the Royal Way of Alchemy transforms the novice not only mentally but also physically altering even the very fluids of his or her body For Kremmerz magic is the supreme science the highest expression of what exists and what is possible With this book first published in Italian in 1897 and available here for the first time in English Kremmerz sought to redefine magical initiation as well as other key components of the occult sciences His aim was to bring the hermetic path of initiation back into alignment with the strict procedures and symbolism that defined the spiritual practices of Pythagoras and the heirs to his tradition He visualized the initiate as a disciple who has escaped the stagnant water in which the rest of humanity is immersed and entered a state of non ordinary consciousness one that allows for the successful pursuit of realization and contact with the magical will In this transformative initiatory guide Kremmerz details the occult purification and preparation the path of natural and divine magic requires The spiritual course advocated by Kremmerz is arduous to move forward on the path of true realization one that will allow the initiate to climb to heaven while still alive the aspirant must commit to total severance from everyday life Yet Kremmerz s words themselves serve to trigger the beginning of transformation within us making the very act of reading this primer the first step on the path of initiation into the hermetic science

Hermeticism: A Note on the Philosophical School Pons Malleus, 2025-07-11 In an era where the search for meaning has become as fragmented as the digital age itself the ancient wisdom of Hermeticism offers a coherent and

profoundly integrated worldview one that bridges the spiritual with the material the mystical with the rational and the personal with the cosmic This book is an invitation to enter the timeless stream of Hermetic philosophy to explore its roots principles and enduring relevance in a modern world often estranged from mystery and transcendence Hermeticism is not merely a historical curiosity or a footnote in the annals of Western esotericism It is a living tradition a philosophical and spiritual path that has shaped and echoed through the teachings of alchemists Renaissance magi Neoplatonists and even contemporary seekers of truth At its heart lies a set of core principles famously distilled in texts like the Corpus Hermeticum and The Kybalion which articulate a vision of the universe as a unified conscious whole governed by universal laws These principles mentalism correspondence vibration polarity rhythm cause and effect and gender present not a rigid dogma but a metaphysical framework for understanding the hidden architecture of reality This book does not aim to reduce Hermeticism to a set of formulas or to present it as a system to be passively accepted Rather it seeks to engage the reader in a dialogue with a tradition that has always prized direct knowledge gnosis and personal transformation The Hermetic path is one of inner alchemy of transmuting base consciousness into spiritual gold It calls upon the individual to become both philosopher and practitioner both questioner and mystic Historically Hermeticism emerged in the syncretic crucible of Hellenistic Egypt where Greek Egyptian and early Christian ideas coalesced into a rich spiritual synthesis The legendary figure of Hermes Trismegistus part Greek god part Egyptian sage and wholly symbolic of the union of wisdom traditions became the imagined author of a body of teachings concerned with divine knowledge cosmic order and human destiny Though modern scholarship may dissect the textual origins and historical contexts of Hermetic writings the deeper significance of this tradition remains in its ability to speak to perennial questions What is the nature of the universe What is the purpose of life How can we come to know the divine This book is structured to guide both newcomers and seasoned readers through the essential themes of Hermetic thought It will trace the historical development of Hermeticism examine its central philosophical concepts and explore its influence across disciplines alchemy magic psychology and metaphysics More importantly it will encourage the reader to reflect on how these teachings can be interpreted and lived today In an age dominated by materialism and uncertainty the Hermetic vision reintroduces the sacred the symbolic and the interconnectedness of all things To study Hermeticism is to embark on a journey not just through time and text but through the depths of the self and the fabric of the cosmos It asks us to see beyond appearances to recognize the divine spark within and to awaken to a universe where nothing is truly separate In the words of the Emerald Tablet As above so below as within so without May this book serve as a companion on your journey not as a final answer but as a lantern in the labyrinth illuminating paths of thought and spirit that have guided seekers for centuries and continue to whisper their truths to those who listen with both reason and reverence

Mercury's Children - Shamanic and Hermetic Practices Mark Stavish, 2016-04-08 Mercury's Children Shamanic and Hermetic Practices is a thorough overview of the common roots and practices of Shamanism and Hermeticism Shamanism is

the foundation of all religion magic initiation and esotericism Shamanism is about experiencing the physical world as filled with visible and invisible beings of wisdom and power with whom humans may interact if they chose but to their detriment often do not Shamanism is magic in its most powerful sensual erotic and illusive sense However many modern Hermetic schools have often ignored their shamanic roots and have removed themselves from a source of important experiences and power The influence of shamanism on alchemy and ceremonial practices of goetia notions of demon and Elemental lovers folk magic Brauche and Pow Wow of the Pennsylvania Germans Rosicrucianism and Freemasonic symbols of initiation and resurrection are explored An extensive set of suggested methods for students of Hermeticism wishing to integrate Shamanism into their practices are provided

Modern Alchemy Mark Morrisson,2007-04-19 Alchemists

are generally held to be the quirky forefathers of science blending occultism with metaphysical pursuits Although many were intelligent and well intentioned thinkers the oft cited goals of alchemy paint these antiquated experiments as wizardry not scientific investigation Whether seeking to produce a miraculous panacea or struggling to transmute lead into gold the alchemists radical goals held little relevance to consequent scientific pursuits Thus the temptation is to view the transition from alchemy to modern science as one that discarded fantastic ideas about philosophers stones and magic potions in exchange for modest yet steady results It has been less noted however that the birth of atomic science actually coincided with an efflorescence of occultism and esoteric religion that attached deep significance to questions about the nature of matter and energy Mark Morrisson challenges the widespread dismissal of alchemy as a largely insignificant historical footnote to science by prying into the revival of alchemy and its influence on the emerging subatomic sciences of the late 19th and early 20th centuries Morrisson demonstrates its surprising influence on the emerging subatomic sciences of the late 19th and early 20th centuries Specifically Morrisson examines the resurfacing of occult circles during this time period and how their interest in alchemical tropes had a substantial and traceable impact upon the science of the day Modern Alchemy chronicles several encounters between occult conceptions of alchemy and the new science describing how academic chemists inspired by the alchemy revival attempted to transmute the elements to make gold Examining scientists publications correspondence talks and laboratory notebooks as well as the writings of occultists alchemical tomes and science fiction stories he argues that during the birth of modern nuclear physics the trajectories of science and occultism so often considered antithetical briefly merged

Against the Modern World Mark J. Sedgwick, 2009 *Against the Modern World* is the first history of Traditionalism an important yet surprisingly little known twentieth century anti modern movement Comprising a number of often secret but sometimes very influential religious groups in the West and in the Islamic world it affected mainstream and radical politics in Europe and the development of the field of religious studies in the United States touching the lives of many individuals French writer Rene Guenon rejected modernity as a dark age and sought to reconstruct the Perennial Philosophy the central truths behind all the major world religions Guenon stressed the urgent need for the West s remaining spiritual and intellectual elite to find personal and collective salvation in the surviving

vestiges of ancient religious traditions A number of disenchanted intellectuals responded to his call In Europe America and the Islamic world Traditionalists founded institutes Sufi brotherhoods Masonic lodges and secret societies Some attempted unsuccessfully to guide Fascism and Nazism along Traditionalist lines others later participated in political terror in Italy Traditionalist ideas were the ideological cement for the alliance of anti democratic forces in post Soviet Russia and in the Islamic world entered the debate about the relationship between Islam and modernity Although its appeal in the West was ultimately limited Traditionalism has wielded enormous influence in religious studies through the work of such Traditionalists as Ananda Coomaraswamy Huston Smith Mircea Eliade and Seyyed Hossein Nasr
