non fictional account explaining why the author believes Moses was a prince of Thebes called Ramose Born c 1500 BC Prince  
Ramose was heir to Pharaoh Thutmose III being his Great Army Commander both roles ascribed to Moses by Hebrew  
tradition Moreover Ramose Moses both led victorious military campaigns against Ethiopia Cush then married the king s  
daughter becoming Egypt s Viceroy there A short time later Prince Ramose was mysteriously struck out of Egyptian records  
while the Bible hints Moses was cast into exile Exploring some of the more esoteric aspects of the prophet s life this book  
finds threads firmly connecting him to Egypt s 18th Dynasty 3500 years ago The book uncovers the Hermetic star knowledge  
Astrology which Moses gleaned from the White Brotherhood a secretive Egyptian mystery school who met in the halls of  
Karnak This knowledge was cryptically infused into the early Biblical scriptures revealing the Israelite ancestors were once  
devoted Astrologers Building Bridges of Time, Places, and People J. Marc. Merrill,2012-06 From Chapter 5 By a quirk of  
fate says Darcie Conner Johnston the eruption of Mt Vesuvius in 79 AD caught Pompeii at a time of great spiritual change As  
a gateway south and east to Greece and Egypt and the Eurasian landmass beyond the city was heir to a panoply of faiths A

host of foreign gods had begun to usurp the positions of the venerable Olympian deities and the imperial Roman pantheon Christians were likely to have been here as well though the evidence of their presence is sketchy Page 71 of Pompeii The Vanished City Besides the evidence that has already been presented more remains to demonstrate that once again the accepted historical point of view is incorrect For example This second volume of Building Bridges of Time Places and People presents the overwhelming evidence that some of the most prominent leaders of the New Testament Church left the lands of Judea and Galilee when war between Rome and the Jews seemed certain and they settled in Pompeii and Herculaneum These leaders included Simon Peter Paul Luke and John Mark the author of The Gospel of Mark They were accompanied by converts such as Cornelius the centurion who was the first Gentile to be baptized and by the mother of Christ This volume also investigates the town of Sepphoris in Galilee and makes a compelling case for the claim that the Messiah of the New Testament grew up there rather than in Nazareth his identity hidden until he began his ministry at the age of 30

*Ancient Egypt and Modern Psychotherapy* Todd Hayen, 2016-12-19 In *Ancient Egypt and Modern Psychotherapy* Todd Hayen explores what the spiritual concepts of the enigmatic ancient Egyptians can teach us about our own modern psyches and the pursuit of a meaningful life Hayen examines the ancient Egyptians possession of a concept contemporary academics have labeled consciousness of the heart an innate knowledge of the entirety of the universe While all human beings possess this consciousness of the heart our modern culture has largely lost the ability to tap into this inborn knowledge By examining the material accomplishments of ancient Egypt and how their seemingly deeper awareness of their inner world created a harmonious outer world we can begin to understand how modern psychotherapy through a Jungian perspective could be instrumental in achieving a more profound and meaningful personal experience of life *Ancient Egypt and Modern Psychotherapy* will be insightful reading for analytical psychologists in practice and in training Jungian psychotherapists and psychologists and academics and students of Jungian and post Jungian studies and ancient spirituality

**The Whole Elephant Revealed** Marja de Vries, 2012-05-25 *The Whole Elephant Revealed* offers clear insights into the existence and operation of universal laws and the golden ratio It is a synthesis based on common insights found in all wisdom traditions into the operation of universal laws on the one hand and on cutting edge scientific discoveries that are in line with those insights on the other hand These principles are called universal because they work on all levels of existence apply to everything that exist and create order and harmony in the universe Insights into the operation of the universal laws reveals a whole new worldview It helps us to understand how everything works in the universe who we really are and how we can make conscious choices that are more in line with these universal laws Above all it helps us to understand what works and what doesn't work in the long term Everything that operates in line with the universal laws follows the path of least resistance and is in harmony with the greater whole It makes us realize that while everything in the universe works in harmony with these principles many aspects of our personal life and our Western culture are not in line with the operation of these underlying

principles If we choose to act in line with the operation of the universal laws it will go easier will be more in tune with who we really are and more in harmony with the greater whole This choice is hard to make though if we don't know those principles For that reason the rediscovery of the working of these principles seems to be of extreme importance In this time of great changes and global unbalance a growing number of people begin to feel the need for a clear and well founded insight into the universal laws because this gives an understanding of what is needed to restore the balance and harmony in ourselves as well as worldwide Because the nature of these principles is universal they apply to all aspects of our individual and social life Therefore they can be used as a frame of reference for all personal and social transformations which aim at a greater harmony within ourselves and with the greater whole
