The Hidden Disciplines:

The Hidden Disciplines James Earl Massey, 1972 **The Hidden Discipline** Martin E. Marty, 1962 A commentary on the Christian life of forgiveness in the light of Luther's Large Catechism Why Your Future Depends on Self-Discipline: The Hidden Habit Behind Every Great Life Ranjot Singh Chahal, 2025-07-24 Success doesn't come from bursts of motivation it comes from self discipline In a world overflowing with distractions quick fixes and short lived inspiration self discipline remains the quiet force behind every lasting transformation This book dives deep into the psychology science and real life application of mastering yourself to master your life Author Ranjot Singh Chahal uncovers why so many people struggle to stay consistent and how self discipline not luck not talent is what truly shapes the future With a clear and practical approach this book explores the emotional and mental tools required to resist temptation break bad habits build strong routines and stay committed to long term goals even when motivation disappears More than just a guide this book is a call to action It challenges you to take control of your actions make better decisions daily and build the inner strength that leads to success in every area of life whether it's your career health relationships or personal growth Because when you learn to control yourself you gain the power to change everything else *The Secret Discipline of Prosperity* Frederick Guttmann, Do you consider yourself financially free Do you consider that you have the life you want you achieve what you have dreamed of you have acquired what you have wanted you have gone where you liked and you have fulfilled the expectations and projects that have come to your mind and your heart If not then you are not FINANCIALLY FREE and why aren't you There is what is correctly called Poverty Mentality or Scarcity Mentality and also the Financial Thermostat or bar that your mind is not able to exceed and it is the reason for the lack of abundance manifested in material life Don't look at this as an idea of greed as that is not what this book is about These strategies and Disciplines constitute the Construct of Thought that is ignored in the lower and middle class but those who have dominated the world have known it for a long time and it comes from knowledge of millennia ago Their Secrets were kept hidden only accessible to pharaohs kings emperors and later to billionaires bankers and other masters of the planet The Secret Discipline, Mentioned in Ancient Ecclesiastical History, Explained. [With a Preface, Signed, S. L. Knapp.] Theodore TEMPLE (pseud. [i.e. Samuel Lorenzo Knapp.]), 1833 The Hidden Discipline Martin E. Marty, 1974 The Secret American Destiny Nicholas Hagger, 2016-11-15 In this final work of his American trilogy Nicholas Hagger focuses on the unified World State it is America's secret destiny to create and on the world's divided culture that impedes its creation Throughout world culture there are conflicting and entrenched metaphysical and secular approaches that permeate all its main disciplines including history philosophy and science literature and comparative religion In each discipline there is a tussle between the traditional religious view which is supported by the 4.6 billion of the world's 7.3 billion population that follow a religion and the secular and social approach associated with humanism and the scientific reductionism of Hawking and Dawkins which sees the universe as a random accident Hagger argues that it is

America's secret destiny to bring in a democratic UN based partly federal World State that can unify humankind The conflict between metaphysical and secular approaches can be healed within a new reconciling philosophy that unites both outlooks Universalism which is already making an impact in the US The key to this reconciliation is focusing on the scientific view of the order in the universe and on the experience of the common essence which resides in all religions the belief in the ordering Light and on the traditional view of order in the seven disciplines of world culture This reconciliation can reunify each discipline and therefore world culture and create world unity Restoring the metaphysical vision of order in world culture can strengthen America's harmonizing of humankind within a World State based on political Universalism
