Edleson, Raquel Kennedy Bergen, 2011 Jonathan Letterman was an outpost medical officer serving in Indian country in the years before the Civil War responsible for the care of just hundreds of men But when he was appointed the chief medical officer for the Army of the Potomac he revolutionized combat medicine over the course of four major battles Antietam Fredericksburg Chancellorsville and Gettysburg that produced unprecedented numbers of casualties He made battlefield survival possible by creating the first organized ambulance corps and a more effective field hospital system He imposed medical professionalism on a chaotic battlefield Where before 20 percent of the men were unfit to fight because of disease squalid conditions and poor nutrition he improved health and combat readiness by pioneering hygiene and diet standards Based on original research and with stirring accounts of battle and the struggle to invent and supply adequate care during impossible conditions this new biography recounts Letterman s life from his small town Pennsylvania beginnings to his trailblazing wartime years and his subsequent life as a wildcatter and the medical examiner of San Francisco At last here is the missing portrait of a key figure of Civil War history and military medicine His
