Shaddix, 1999-06-10 The call to preach is just that a call to preach The call to preach however is more than just preaching The call to preach is a call to prepare Too many pastors have refrained from preparation while they await the Holy Spirit to do all of the work God expects preachers to prepare sermons as much as possible and allow Him to prepare the preachers Join Dr Jerry Vines and Dr Jim Shaddix as they achieve a balanced approach to teaching sermon preparation in *Power in the Pulpit* This book combines the essential perspectives of a pastor of forty years with another pastor who also devotes daily time to training pastors in the context of theological education Thus *Power in the Pulpit* is a practical preaching help from a pastoral perspective in the tradition where expository preaching is a paramount and frequent event in the life of the local church *Power in the Pulpit* is the combined work of Dr Vines s two earlier publications on preaching *A Practical Guide to Sermon Preparation* Moody Press 1985 and *A Guide to Effective Sermon Delivery* Moody Press 1986 Dr Shaddix carefully organizes and supplements the material to offer this useful resource which closes the gap between classroom theory and

exclusively to be heard not read Speeches are better cast in simple direct and often short sentences that can be easily understood by listeners Rhetorical devices such as repetition variation cadence and balance are available to and should be used by the speechwriter It is important for speechwriters to analyse audiences according to factors such as age gender culture profession and income level size of audience political affiliation if any and on the occasion for or purpose of the speech Most effective speeches do not exceed 20 minutes in length After researching a topic speechwriters must prepare an outline from which the speech will be developed They should strive to maintain a clear theme throughout the speech Most speeches will have a three part structure consisting of an introduction a body and a conclusion The accepted style of contemporary American public address is natural direct low key casual and conversational This puts the listeners at ease and promotes a sense of community between the audience and speaker Punctuation should reflect the sound structure of the speech reinforcing the rhythm and pace of actual speech Clarity of expression is as important a consideration in speech grammar as rigid adherence to the rules for written law This book presents the essentials of speechwriting Preface Speechwriting in Perspective A Brief Guide to Effective and Persuasive Communication Thomas H Neale Public Speaking and Speechwriting Selected References Jean M Bowers Index      **Essays on Strategy** John N. Edmondson,2000-01-01 The contributors to The Moral of the Story all preeminent political theorists are unified by their concern with the instructive power of great literature This thought provoking combination of essays explores the polyvalent moral and political impact of classic world literatures on public ethics through the study of some of its major figures including Shakespeare Dante Cervantes Jane Austen Henry James Joseph Conrad Robert Penn Warren and Dostoevsky Positing the uniqueness of literature s ability to promote dialogue on salient moral and intellectual virtues editor Henry T Edmonson III has culled together a wide ranging exploration of such fundamental concerns as the abuse of authority the nature of good leadership the significance of middle class virtues and the needs of adolescents This collection reinvigorates the study of classic literature as an endeavor that is not only personally intellectually satisfying but also an inimitable and unique way to enrich public discourse      **The Company of the Creative** David L. Larsen, Great works and authors of the world are introduced and reviewed artistically intellectually and theologically Persons discussed include Plato Milton Dickens Shakespeare Charlotte Bronte Mark Twain and C S Lewis      How to Preach the Prophets for All Their Worth Andrew G. M. Hamilton,2022-05-24 The Old Testament prophetic books play a key role in revealing God s plan of salvation They occupy a significant portion of the biblical canon similar in size to the entire New Testament Yet most believers stay clear of this part of Scripture They avoid traveling through this forest of oracles and visions Many preachers also struggle to navigate this unfamiliar territory Preachers feel much more at ease unpacking the intricate arguments of the Pauline epistles or following the thrilling adventures of biblical narratives rather than exploring the prophetic books The church however needs to hear and respond to the beauty depth and relevance of the prophetic message This book not only provides convincing reasons for preaching the prophets today but also offers concrete guidelines to empower preachers small group leaders youth workers etc to communicate the message of the prophets with hermeneutical precision theological depth genre sensitivity and pastoral pulse This book motivates and equips preachers to travel with confidence through this uncharted territory and to help God s people enjoy the scenery of this part of God s word      **Passion in the Pulpit** Jerry Vines,Adam B. Dooley,2018-07-03 Biblical exegesis doesn t stop with the words alone Faithful preachers exegete the emotion of the text as well It s easy to let our own personalities dictate the emotional dimension of our sermons but the best preachers mirror the Bible s emotive intent in their sermons In Passion in the Pulpit Jerry Vines and Adam Dooley will teach you how to exegete not just the verbal content of Scripture but its emotional appeal as well They show you the role the Bible s emotional intent should play in each stage of sermon prep and Offer exegetical steps to discern the biblical pathos Teach you how to avoid manipulation while making your sermons emotional Help you determine the appropriate limitations of emotional appeal Give you verbal vocal and visual techniques to help convey the biblical emotional intent in your sermons When we elevate the Bible s emotional intent above our own we preach truth rather than personality      High King of Heaven John MacArthur,2018-03-06 Featuring contributions from Al Mohler John MacArthur Mark Dever and more Curating insights from

some of America's greatest Christian minds *High King of Heaven* is a series of reflections on Christology one of the church's central doctrines It contains essays from over twenty well known pastors and theologians including John MacArthur Mark Dever Albert Mohler Miguel Nu ez and Ligon Duncan Each essay in this collection not only elucidates an aspect of Christ's person and work but also demonstrates how it applies to the life of the church After reading *High King of Heaven* readers will Have a deeper understanding of Jesus nature and redemptive work Be inspired to worship Christ with greater passion and reverence Come away motivated and equipped to defend the orthodox view of Christ Be equipped to better teach and preach about Jesus divinity and humanity Be conversant with current challenges and debates in the area of Christology
