Situations Iii Lendemain De Guerre:

The French Writers' War, 1940-1953 Gisèle Sapiro, 2014-04-23 The French Writers War 1940 1953 is a remarkably thorough account of French writers and literary institutions from the beginning of the German Occupation through France's passage of amnesty laws in the early 1950s To understand how the Occupation affected French literary production as a whole Gisèle Sapiro uses Pierre Bourdieu's notion of the literary field Sapiro surveyed the career trajectories and literary and political positions of 185 writers She found that writers' stances in relation to the Vichy regime are best explained in terms of institutional and structural factors rather than ideology Examining four major French literary institutions from the conservative French Academy to the Comité national des écrivains a group formed in 1941 to resist the Occupation she chronicles the institutions' histories before turning to the ways that they influenced writers' political positions Sapiro shows how significant institutions and individuals within France's literary field exacerbated their loss of independence or found ways of resisting during the war and Occupation as well as how they were perceived after Liberation

Traces of War Colin Davis, 2018 Traces of War examines how the trauma of the Second World War influenced the work of the brilliant generation of writers and intellectuals who lived through it

The Self-destruction of the West Damien François, 2007 Voilà désormais plus de 10 000 ans que la civilisation occidentale s'est installée et voilà 10 000 ans qu'elle viole le sens même de la nature la vie En s'appropriant sans concession ce qui l'entourait l'homme de l'Ouest a vu son horizon ployer sous la charge de la destruction qu'il lui avait lui-même réalisée Sommes-nous des lycanthropes ou des vampires Ces monstres si terrifiants qui sortent de notre imagination sont-ils en réalité la copie de notre comportement d'ivrogne Prétendons-nous pompons sans remords les énergies qui nous entourent Jusqu'où ira-t-on

The Unity of Content and Form in Philosophical Writing Jon Stewart, Jon Bartley Stewart, 2013-09-12 This book is a creative original argument about the variety of forms of expression across the history of philosophy

Europeanising Spaces in Paris, C. 1947-1962 Hugh McDonnell, 2016 Europeanising Spaces in Paris c 1947 1962 examines the myriad urban political and cultural forms in which ideas of Europe and of what it meant to be European

were represented in Paris in the post war era **The Debate Between Sartre and Merleau-Ponty** Jon

Stewart,1998-10-28 This collection of essays provides a portrait of the intellectual relationship between these two men It addresses several points of contact and covers themes of the debate from the different periods in their shared history

Matisse's Poets Kathryn Brown,2017-09-21 Throughout his career Henri Matisse used imagery as a means of engaging critically with poetry and prose by a diverse range of authors Kathryn Brown offers a groundbreaking account of Matisse's position in the literary cross currents of 20th century France and explores ways in which reading influenced the artist's work in a range of media This study argues that the *livre d'artiste* became the privileged means by which Matisse enfolded literature into his own idiom and demonstrated the centrality of his aesthetic to modernist debates about authorship and creativity By tracing the compositional and interpretive choices that Matisse made as a painter print maker and reader in the field of book production this study offers a new theoretical account of visual art's capacity to function as a form of literary criticism and extends debates about the gendering of 20th century bibliophilia Brown also demonstrates the importance of Matisse's self placement in relation to the French literary canon in the charged political climate of the Second World War and its aftermath Through a combination of archival resources art history and literary criticism this study offers a new interpretation of Matisse's artist's books and will be of interest to art historians literary scholars and researchers in book history and modernism **A Companion to Aeschylus** Jacques A. Bromberg,Peter Burian,2023-03-20 A COMPANION TO AESCHYLUS In A Companion to Aeschylus a team of eminent Aeschyleans and brilliant younger scholars delivers an

insightful and original multi authored examination the first comprehensive one in English of the works of the earliest surviving Greek tragedian This book explores Aeschylean drama and its theatrical historical philosophical religious and socio political contexts as well as the receptions and influence of Aeschylus from antiquity to the present day This companion offers readers thorough examinations of Aeschylus as a product of his time including his place in the early years of the Athenian democracy and his immediate and ongoing impact on tragedy It also provides comprehensive explorations of all the surviving plays including Prometheus Bound which many scholars have concluded is not by Aeschylus A Companion to Aeschylus is an ideal resource for students encountering the work of Aeschylus for the first time as well as more advanced scholars seeking incisive treatment of his individual works their cultural context and their enduring significance Written in an accessible format with the Greek translated into English and technical terminology avoided as much as possible the book belongs in the library of anyone looking for a fresh and authoritative account of works of continuing interest and importance to readers and theatre goers alike *Idealism and Existentialism* Jon Stewart,2010-06-02 The history of Continental philosophy is often

conceived as being represented by two major schools German idealism and phenomenology existentialism These two schools are frequently juxtaposed so as to highlight their purported radical differences There is a commonly held view that an abrupt break occurred in the nineteenth century resulting in a disdainful rejection of idealism in all its forms This break is often

located in the transition from Hegel to Kierkegaard The history of philosophy in the first half of the nineteenth century has thus been read as a grand confrontation between the overambitious rationalistic system of Hegel and the devastating criticisms of it by Kierkegaard's philosophy of existence This work aims to undermine this popular view of the radical break between idealism and existentialism by means of a series of detailed studies in specific episodes of European thought As a whole this book represents an important attempt to demonstrate the long shadow cast by Kant and Hegel over the subsequent history of European philosophy

The Cambridge History of the Second World War: Volume 3, Total War: Economy, Society and Culture Michael Geyer, Adam Tooze, 2015-04-23 The conflict that ended in 1945 is often described as a total war unprecedented in both scale and character Volume 3 of The Cambridge History of the Second World War adopts a transnational approach to offer a comprehensive and global analysis of the war as an economic social and cultural event Across twenty eight chapters and four key parts the volume addresses complex themes such as the political economy of industrial war the social practices of war the moral economy of war and peace and the repercussions of catastrophic destruction A team of nearly thirty leading historians together show how entire nations mobilized their economies and populations in the face of unimaginable violence and how they dealt with the subsequent losses that followed The volume concludes by considering the lasting impact of the conflict and the memory of war across different cultures of commemoration

The Vertical Imagination and the Crisis of Transatlantic Modernism Paul Haacke, 2021-03-11 From the invention of skyscrapers and airplanes to the development of the nuclear bomb ideas about the modern increasingly revolved around vertiginous images of elevation and decline and new technologies of mobility and terror from above In The Vertical Imagination and the Crisis of Transatlantic Modernism Paul Haacke examines this turn by focusing on discourses of aspiration catastrophe and power in major works of European and American literature as well as film architecture and intellectual and cultural history This wide ranging and pointed study begins with canonical fiction by Franz Kafka Virginia Woolf James Joyce and John Dos Passos as well as poetry by Guillaume Apollinaire Hart Crane and Aimé Césaire before moving to critical reflections on the rise of New York City by architects and writers from Le Corbusier to Simone de Beauvoir the films of Alfred Hitchcock and theories of cinematic space and time and postwar novels by Kurt Vonnegut Thomas Pynchon and Leslie Marmon Silko among many other examples In tracing the rise and fall of modernist discourse over the course of the long twentieth century this book shows how visions of vertical ascension turned from established ideas about nature the body and religion to growing anxieties about aesthetic distinction technological advancement and American capitalism and empire It argues that spectacles of height and flight became symbols and icons of ambition as well as direct indexes of power and thus that the vertical transformation of modernity was both material and imagined taking place at the same time through the rapidly expanding built environment and shifting ideological constructions of high and low

Simultaneity and Delay Jay Lampert, 2012-02-09 Through original speculations on the surprisingly complementary concepts of simultaneity and delay

and new interpretations of the great philosophers of time this book proposes an innovative theory of staggered time In the early 20th Century Bergson and Husserl following Einstein made Simultaneity what it means for events to occur at the same time a central motif in philosophy In the late 20th Century Derrida and Deleuze instead emphasized Delay events staggered over distant times This struggle between convergent and staggered time also plays out in 20th Century aesthetics especially music politics and the sciences Despite their importance in the history of philosophy this is the first book to comprehensively examine the concepts of simultaneity and delay By putting simultaneity and delay into a dialectical relation this book argues that time in general is organized by elastic rhythms Lampert s concepts describe the time structures of such diverse phenomena as atonal music political decision making neuronal delays leaps of memory and the boredom of waiting and simultaneities and delays in everyday experience and behaviour

French crime fiction and the Second World War

Claire Gorrara,2017-10-03 This study explores France s preoccupation with memories of the Second World War through an examination of popular culture and one of its more enduring forms crime fiction It examines what such popular narratives have to tell us about past and present perceptions of the war years in France and how they relate to post war debates over memory culture and national identity Starting with narratives of the Resistance in the late 1940s and concluding with contemporary crime fiction for younger readers Gorrara examines popular memories of the Second World War in dialogue with the changing social cultural and political contexts of remembrance in post war France From memories of the persecution of Jews and French collaboration to the legacies of the concentration camps and the figure of the survivor witness all the crime novels discussed grapple with the challenges of what it means to live in the shadow of such a past for generations past present and future

The Figural Jew Sarah Hammerschlag,2010-05-15 The rootless Jew wandering disconnected from history homeland and nature was often the target of early twentieth century nationalist rhetoric aimed against modern culture But following World War II a number of prominent French philosophers recast this maligned figure in positive terms and in so doing transformed postwar conceptions of politics and identity Sarah Hammerschlag explores this figure of the Jew from its prewar usage to its resuscitation by Jean Paul Sartre Emmanuel Levinas Maurice Blanchot and Jacques Derrida Sartre and Levinas idealized the Jew s rootlessness in order to rethink the foundations of political identity Blanchot and Derrida in turn used the figure of the Jew to call into question the very nature of group identification By chronicling this evolution in thinking Hammerschlag ultimately reveals how the figural Jew can function as a critical mechanism that exposes the political dangers of mythic allegiance whether couched in universalizing or particularizing terms Both an intellectual history and a philosophical argument The Figural Jew will set the agenda for all

further consideration of Jewish identity modern Jewish thought and continental philosophy **Refiguring Les Années Noires** Kathy Comfort, 2018-11-16 Through a close reading of seven literary memoirs of the Nazi Occupation of France *Refiguring Les Années Noires* Literary Representations of the Nazi Occupation shows how the memory of the period has been shaped by political and social factors An interdisciplinary study incorporating trauma theory history and folklore studies this book examines representations of the Occupation by a diverse group of writers ranging from a female Resistance fighter to one of the first French Roma novelists The methodological diversity of the volume brings to the fore each author's unique perspective and demonstrates that their works are at once historically and artistically significant Above all this book gives voice to groups whose experiences in occupied France have largely been forgotten **Resentment and the Right** Sarah Shurts, 2017-06-05 *Resentment and the Right* French Intellectual Identity Reimagined 1898-2000 examines a century-long struggle between cultural spokesmen on the extreme right and left to dominate and define the concept of the intellectual This struggle began with the introduction of the intellectual during the Dreyfus Affair of 1898 and continues even today among the intellectuals of the Nouvelle Droite This struggle to monopolize the public perception of intellectual identity and the status of moral and political guide the title conferred consumed the intellectual leaders of the extreme right and left and saturated their engagement in political affairs Because the left was the first to claim the title of intellectual in 1898 they defined the concept according to their own values and experiences Hereafter when intellectuals of the extreme right felt called to engage in public affairs they portrayed their struggle for recognition as one of an oppressed and ostracized minority against a hegemonic left Their resentment of this perceived repression became integral to their linguistic tropes professional trajectories cultural practices and their self-conceptualization as intellectuals The book is organized around the argument that at each perceived national crisis throughout the century when intellectuals felt called to engage the right-wing struggle to define true intellectual identity for the public followed a similar cycle self-identification as intellectuals perception of exclusion by the intellectual left resentment of this ostracism and development of linguistic tropes of left-wing hegemony and right-wing repression differentiation revaluation and reappropriation of cultural values self-imposed segregation of social networks and professional trajectories internalization and revaluation of their perceived role as intellectual pariahs and eventual isolation alienation and radicalization from the mainstream intellectual and political world All together this has resulted in a very different experience of intellectual life and a distinctive understanding of what it means to be an intellectual over the century *An Analysis of Jean-Paul Sartre's Plays in Théâtre complet* Adrian van den Hoven, 2024-08-01 *An Analysis of Jean-Paul Sartre's Plays in Théâtre complet* is the first volume to propose a critical analysis of all of Jean-Paul Sartre's plays as published in the Bibliothèque de la Pléiade Paris Gallimard 2005 Viewing the plays in the context of Sartre's philosophy his prose writings and works by other philosophers novelists and playwrights this comprehensive volume is essential reading for students of French literature theatre and existentialist philosophy **Jean-Paul Sartre** Andrew

Leak,2006-05-01 What I have just written is false True Neither true nor false like everything one writes about madmen about men With these sentences Jean Paul Sartre undermines the truthfulness of his own autobiography *Les Mots* Undeterred by such circumlocutions Andrew Leak here cuts through Sartre s own disavowals to unearth the man behind the literary and philosophical giant This biographical study integrates Sartre s works into his personal life revealing the intimate contexts in which his philosophy developed From Sartre s beginnings as a bright and precocious student Leak explores how he struggled against the repressive strictures of bourgeois expectations endured cruelty at the hands of schoolmates and forged his conflicted personality within a fragmented family life The book probes his particularly influential relationships with a range of people from Simone de Beauvoir to Gaston Gallimard and how Sartre was transformed by historical events in particular his service in World War II Telling anecdotes personal correspondence and archival photographs expose how Sartre s own challenges emerged as predominant themes in his works such as the often blurred delineation between the real and imaginary and his preoccupation with definitions of madness in the individual Leak s astute and provocative examination of Sartre himself challenges the philosopher s assertion about the limits of knowledge of the other
