Raising Smart Kids For Dummies Marlene Targ Brill, 2011-04-22 So you wanna turn Junior into a smarty pants. What parent doesn't? Thing is kids nowadays are more independent than ever and aren't always receptive to what parents want. In fact if you tell your kids that studying is good for them they're more than likely to mumble Yeah sure in your general direction and head off to do something fun. Sharpening the minds of your youngsters presents more challenges than climbing Mt Everest and the responsibility of making your kids use more of their brain cells can be overwhelming even when you don't encounter resistance. Raising smart kids requires long term commitment sacrifice and diligence not to mention the patience of a saint. And as long as you don't obsess about being the perfect parent you will be able to enjoy your kids journey of self discovery right along with them. But how do you accomplish this? How do you overcome the resistance? How do you tackle the overwhelming task of not only helping your children succeed in school but also increasing their ability to make their own way in the world? That's where *Raising Smart Kids For Dummies* steps in to help. Written in easy to understand terms and absolutely no slick psycho babble this book gives you sound advice on encouraging your kids to set their sights high and achieve success whether at school with friends or in your community. And you don't have to be a new parent to gain insight from this book experienced parents can reap rewards with the help of this book in their effort to raise fulfilled children. Here's just a sampling of what you'll find in *Raising Smart Kids For Dummies*: Recognizing the characteristics of smart kids Knowing when to push and when not to Disciplining your kids in a positive way Growing smarter kids from healthier bodies Planning the development of your kids brains From newborns to teenagers Taking your smart kids beyond high school Eliminating brain drain from school skipping drug abuse and raging hormones Top Ten lists of family characteristics that nurture smart kids what smart kids read and resources for bolstering parents confidence You've heard it said a thousand times The children are the future Children have such potential but rarely live up to it Why take this chance with your own kids Make the commitment to prepare your kids for life on their own With *Raising Smart Kids For Dummies* you too can achieve success and have a little fun along the way.

Raise a Smarter Child by Kindergarten David Perlmutter, M.D., Carol Colman, 2008-03-11 Nature didn't finish your child's brain at birth It's up to you to maximize your child's mental skills without causing additional stress Acclaimed neurologist and bestselling author of *Grain Brain* David Perlmutter MD offers these valuable tools

- Simple games to reinforce memory pathways in the brain
- Information on common household products and children's toys that contain brain-damaging neurotoxins
- The right foods and supplements to boost intelligence and turn on your child's smart genes
- How to turn the television the computer and video games into educational tools
- Proven ways to reduce the risk of your child developing ADD and ADHD

Between birth and age five your child has up to thirty IQ points at stake Scientists now know that the human brain is undergoing a constant and dramatic transformation in the first years of life During this peak time of development every activity and experience leaves an indelible mark on your baby's brain for better or worse The right kind of stimulation and nutrition will create connections in the brain that promote intelligence and raise IQ The wrong kinds of activities and foods can stifle intellectual development destroy brain cells and leave your child more vulnerable to learning or behavior problems down the road So what can you do during the first five years to ensure that your child is primed to excel The good news is that raising a smarter child is easier than you think It doesn't require making an investment in expensive equipment or high-priced tutors It's as simple as playing the right games serving the right foods and maintaining a brain-enhancing environment in your home by eliminating common household toxins In *Raise a Smarter Child by Kindergarten* by Dr David Perlmutter you'll learn easy and highly effective

strategies that can vastly improve your child's brain power and reduce his or her chances of developing ADD and ADHD. For example, you can stimulate memory by changing a component on the over-the-crib mobile every week, making the baby compare what was there before to what's there now, reinforcing memory pathways in the brain that are critical for learning. Spread out those shots. Schedule more frequent trips to the pediatrician for vaccinations so that fewer shots are administered at once. Flooding the immune system with a cocktail of different vaccines can damage the nervous system. Get rid of toxins. Protecting a child from neurotoxins found in foods, toys, and even baby bottles can help preserve precious IQ points. Inside Dr. Perlmutter provides a scientifically backed food and supplement plan for children and nursing mothers and details the many brain-building activities that you can do with your child. In addition, he reveals the numerous toys and household products that contain harmful brain-damaging toxins and shows how to identify and combat common childhood problems like ADD and food allergies that may affect your child's development. Your job over the first five years is to help your child build the best brain possible. With Dr. Perlmutter's help, you can mine the countless opportunities you have each day to make your child smarter, happier, and better prepared to excel. **THE Journal**, 2005. **E.A.R.L.** DMX, Smokey D.
