Smartsims Simulation

David Kirk

Smartsims Simulation:

Simulations in the Political Science Classroom Mark Harvey, James Fielder, Ryan Gibb, 2022-08-31 This book is premised on the assumption that games and simulations provide welcome alternatives and supplements to traditional lectures and class discussions especially in political science classrooms where real world circumstances provide ideal applications of theory and policy prescriptions Implementing such an active learning program however is sometimes daunting to overburdened professors and teaching assistants This book addresses the challenges of using games and simulations in the political science classroom both online and in person Each chapter offers a game or simulation that politics teachers can use to teach course concepts and explains ways to execute it effectively In addition the authors in this volume make a proactive case for games and simulations Each chapter offers research to evaluate the effectiveness of the activity and pedagogical design best practices Thus the book not only serves as a game design resource but also offers demonstrable support for using games and simulations in the political science classroom Aimed at teachers at all levels from high school through college the book may be especially appealing to graduate students entering teaching for the first time and open to new teaching and learning approaches

Technology and Entrepreneurship Education Denis Hyams-Ssekasi, Naveed Yasin, 2022-03-17 This contemporary book offers valuable insights on digital technology and entrepreneurship education highlighting the importance of adopting creative digital approaches to learning and teaching It raises the questions as to whether the current approaches utilised to convey entrepreneurial knowledge are adequate enough when preparing graduates for prospective careers The book directly addresses the need for effective practices in teaching and reinforces the rising interest and resilience in entrepreneurship Comprising a number of distinct chapters that illuminate digitally assisted teaching methods that are used in practice to champion student engagement when learning enterprise and entrepreneurship The contemporary practices allude to the notion that the adoption of simulations and game based learning increases student comprehension helps in retention of knowledge and is an excellent way to introduce new content With the substantial challenges caused by the global pandemic this book is a vital resource at a time when blended learning is the new norm and mode of instruction in Higher Education It is ideal for researchers instructors and students with a keen interest in game based approaches as it encourages application and outlook towards entrepreneurship education

Mike's Bikes Advanced Simulation Printed Access Card SmartSims SmartSims, 2011-02-08 MikesBikes Advanced is a premier strategy simulation providing students with the unique opportunity to evaluate plan and implement strategy as they manage their own company while competing online against other students within their course Students from the management team of a Bicycle Manufacturing company making all the key functional decisions involving Price Marketing Distribution Finance Operations HR and R D They will formulate a comprehensive strategy starting with their existing product then adapt as they develop new products for emerging markets Through the Smartsims easy to use interface students will be taught the cross functional

disciplines of business and how the development and implementation of strategy involves these disciplines The competitive nature of MikesBikes encourages involvement and learning in a way that no other teaching methodology can and your students will have fun in the process

Management Kerr Inkson, 2001-11 This book is designed to introduce the foundations of organisation and management by demystifying what may seem to be a vague or distant topic defining terminology in clear language and offering case studies that inspire interest in management as an important process in day to day life both within and outside organisations
