Means,2006 Brings to life one of the most critical moments in American history through the eyes of one of its most misundereestimated presidents Andrew Johnson Until now books on Johnson have focussed exclusively on the impeachment trial these books sold well during Clinton's impeachment proceedings By contrast award winning journalist and novelist Howard Means focuses upon the first 45 days of Johnson's presidency beginning with the assassination of Lincoln on April 14 and ending at the close of May 1865 when Johnson declared his terms of peace and set the nation on a course that still reverberates in our own time Means book shows how the nation's future hung in the balance when a Southerner a slave holder at the start of the Civil War and a Democrat was being called upon to replace the most famous Republican president in history At a time that required the most delicate of political touches Johnson had shown that he was perhaps the most

obstinate man in America He had been drunk at his own inauguration as vice president only a month before Not only did Mary Todd Lincoln detest him she also thought he had been among the plotters that murdered her husband How would Johnson lead the nation Would he be a reconciler like Lincoln Or would he as the Radicals and much of the nation expected side with them The Avenger takes his place comes from a poem by Herman Melville that appeared shortly after Lincoln's death For forty five days the nation including a deeply anxious South waited That crucial month and a half is the focus of this book
