Smoking Drinking Drug Use 1998:

Drugs of Abuse: The International Scene Mangai Natarajan, 2017-05-15 Globalization and attendant modernization has increased both the supply and the demand for drugs around the world Drug abuse is no longer the concern of only the developed world Countries without histories of drug use particularly developing countries are now reporting problems of abuse because they have become transit points for international drug trafficking Because the problem is now worldwide a global strategy is needed for identifying analyzing and developing strategies to deal with drug abuse and the associated problems for health and safety This volume reviews the international status of drug abuse Specific topics covered include drug abuse in the developing world emerging drugs and poly drug use gateway drugs cultural views of drug use and state of the art methodologies employed in research on drug abuse

Smoking, Drinking and Drug Use Among Young People in England in 2000 Harriet Becher, 2001 The main purpose of this survey was to monitor smoking drinking and drug use amongst secondary school children aged 11 15 Information was obtained from more than 7 000 pupils in 225 schools throughout England and Wales during the autumn term of 2000 Key findings include 10% of this group smoked at least one cigarette a week which represents a marginal increase on the 1999 figure 12% of girls were regular smokers compared to 9% of boys 18% of 11 15 year olds usually had an alcohol drink at least weekly a figure that has remained fairly steady in recent years pupils had a high awareness level of illegal drugs with 61% having been offered drugs by the age of 15 years

Drug Use, Smoking and Drinking Among Young People in England in 2001 Sarah Blenkinsop, 2002 The main purpose of this survey is to monitor smoking drinking and drug use amongst secondary school children aged 11 15 years Information has been obtained from more than 9 000 pupils in 285 schools throughout England and the 2001 survey focuses on drug use Due to changes in question format the estimates of drugs taking are not compatible with those of previous surveys Key findings include that 29 per cent of the overall sample had ever tried one or more drugs 20 per cent had taken drugs in the last year and 12 per cent had done so within the last month with boys slightly more likely than girls to have taken drugs Figures rise as pupils get older with 48 per cent of 15 year olds having tried drugs and 29 per cent having taken them in the last year Cannabis was the most widely taken drug Reported levels of misuse of volatile substances such as glue sniffing were much higher than in previous surveys although this may be due to change in question format

Drugs and Popular Culture Paul Manning, 2013-01-11 The use of illegal drugs is so common that a number of commentators now refer to the normalisation of drug consumption It is surprising then that to date very little academic work has explored drug use as part of contemporary popular culture This collection of readings will apply an innovatory multi disciplinary approach to this theme combining some of the most recent research on the normalisation thesis with fresh work on the relationship between drug use and popular culture In drawing upon

criminological sociological and cultural studies approaches this book will make an important contribution to the newly emerging field positioned at the intersection of these disciplines The particular focus of the book is upon drug consumption as popular culture It aims to provide an accessible collection of chapters and readings that will explore drug use in popular culture in a way that is relevant to undergraduates and postgraduates studying a variety of courses including criminology sociology media studies health care and social work Publisher description **Monitoring the Future, National Survey**
