Do (not) Wish For Dragons Peter Feldmann, 2015-11-23 Daniel dreams about having a dragon OK But suddenly he's got one A Fire Dragon big as a house and certainly no cuddly animal A tin of dog food wouldn't be enough for him He needs the daily production of the whole company Isn't that bound to end in disaster But at least an unconventional time of adventure fun and visits to unknown dimensions begins This book is meant for all reading ages from ten years up

The Sequence Steven R. Bates, 2024-08-30 Sometimes the best way to let one know what something is is to let one know what it isn't Today's typical academic book in eschatology provides the reader with a brief history of the various positions in the field followed by why certain positions should be considered the better options This is not that book Over the course of twelve chapters six sequences will be presented from the three major sources in the New Testament regarding the subject i.e. Paul's letters to the Thessalonians the Olivet Discourse and John's visions in Revelation Through a careful reconciliation of those six sequences Dr Steven R Bates will show that there's only one sequence of end times which he has labeled The Post Armageddon Premillennial Resurrection He asserts that had any other sequence of end times been correct whether pre tribulationism pre wrath mid tribulationism historic pre millennialism post millennialism a millennialism preterism or any other sequence that one could possibly imagine then the proponents of that postulation should be able to take the same six sequences from Scripture and reconcile them precisely with one another sentence by sentence and prove whatever sequence they propose But of course no one will ever attempt such an endeavor

because it's theoretically impossible Scripture's six sequences only confirm one sequence and it is the one which has been presented in The Sequence
