Distinctiveness and Memory R. Reed Hunt, James B. Worthen, 2006-04-06

Research relevant to the topic of distinctiveness and memory dates back over 100 years and boasts a literature of well over 2 000 published articles. Throughout this history, numerous theories of distinctiveness and memory have been offered and subsequently refined. There has, however, never been a book that brings this rich history together with the latest research. This volume is the first to present an historical overview, the results of the current research, and several new theories on distinctiveness and memory. Each chapter contains a review of the relevant literature and latest research on its topic. The book includes sections that cover basic theory and behavioral research on distinctiveness, bizarreness effects, distinctiveness effects on implicit memory, the development of distinctiveness across the lifespan, distinctiveness in social context, and the neuroscience of distinctiveness and memory. In the concluding chapter, Fergus Craik offers his current perspective on distinctiveness and evaluates the various other theories of distinctiveness presented in the volume. *Distinctiveness and Memory* will be a valuable resource for student and professional researchers in neuroscience and cognitive developmental and social psychology.

A Gentleman of France Stanley Weyman, 2018-01-19

The death of the Prince of Conde, which occurred in the spring of 1588 by depriving me of my only patron, reduced me to such straits that the winter of that year, which saw the King of Navarre come to spend his Christmas at St Jean d Angely, saw also the nadir of my fortunes. I did not know at this time I may confess it to day without shame, wither to turn for a gold crown or a new scabbard, and neither had nor discerned any hope of employment. The peace lately patched up at Blois between the King of France and the League persuaded many of the Huguenots that their final ruin was at hand, but it could not fill their exhausted treasury or enable them to put fresh troops into the field.
