Société Et Institutions Traditionnelles De L:

Les institutions traditionnelles dans le monde arabe Hervé Bleuchot, 1996-01-01 On a souvent perçu les institutions du monde arabe sous des lumières très contrastées. On a ainsi décrié les institutions traditionnelles comme immobiles acceptant la modernité contre cœur incapables de correspondre aux besoins actuels et donc condamnées disparaître tôt ou tard devant des institutions modernes puissantes et dynamiques. Ou l'inverse on a décrié les anciennes comme toujours vivantes et hostiles au développement des modernes n'ayant que des paravents pour la propagande extérieure des créations d'autant plus fragiles qu'elles seraient menacées par les projets de restauration de la loi islamique. Dès lors la problématique tournait autour de la stagnation du retour en arrière ou de l'affrontement avec la modernité. L'analyse concrète des situations répertoriées dans l'histoire ou dans la vie contemporaine fait vite douter de visions trop hâtives et trop polémiques. Cet ouvrage entreprend de retourner aux faits de reprendre l'exploration plutôt que la discussion. En ouvrant les cadres disciplinaires et en diversifiant les problématiques on suggère que la vie, la survie, la mort ou la résurrection des institutions traditionnelles peuvent être déployées sur les plans historique, juridique, économique, sociologique, etc. avec des problématiques diverses mais les plus adaptées possibles. Chaque institution recherche des déterminants historiques de la destinée de l'institution, comparaison avec les institutions concurrentes, explicitation de la cohérence voulue par les législateurs, en dialogue, opposition avec les usagers de l'institution, mise en évidence de la stratégie des acteurs dans le contexte politique ou sociologique. Cette étude se présente donc comme une moisson d'explorations concrètes dans les institutions du monde arabe du Golfe à l'Atlantique, de la culture coranique aux universités du travailleur immigré, aux confréries politiques. Si elle indique l'impossibilité d'un maintien identique des institutions traditionnelles, si elle montre que bien des formules de restauration ressortent de la manipulation ou carrément de l'erreur, elle révèle aussi que certaines institutions font plus que survivre, elles se transforment et parce qu'elles cherchent se dépasser, entrent vraiment dans la modernité.

Gouverner les sociétés africaines. Acteurs et institutions, 2005-10-01 Les études rassemblées dans ce livre proposent un repérage et une description des lieux d'institutionnalisation. Certains de ces lieux sont anciens, leurs fonctions ont dérivé dans le temps, ils sont souvent suspects d'inadaptation et ne bénéficient pas de l'engouement de la nouveauté. D'autres lieux apparaissent au cours des signes de l'innovation recommandés et encouragés par les instances internationales, ce sont parmi d'autres les ONG actives dans le domaine de la santé ou des droits de la personne ou encore les commissions lectorales nationales Russes ou chécoslovaques. Ces expériences ont été analysées pour ce qu'elles sont.

modernisation et de déploiement des dispositifs de gouvernement Quels sont les moyens localement disponibles pour concevoir des politiques publiques adaptées et les mettre en œuvre avec succès Tels sont les interrogations actuelles de la recherche sur les sociétés africaines La partie la plus technique de ces politiques peut comporter des éléments importants dont la conception ici comme ailleurs est extranationale La légitimation par contre ne peut en aucun cas être produite hors de la scène locale et de sa culture Elle a besoin d'un espace public c'est-à-dire de forums et d'arènes où les choix sont débattus et débattus Les études rassemblées dans ce livre proposent un repérage et une description des lieux d'institutionnalisation Certains de ces lieux sont anciens leurs fonctions ont dérivé dans le temps ils sont souvent suspects d'inadaptation et ne bénéficient pas de l'engouement de la nouveauté Néanmoins ce sont des ancrages possibles de nouvelles dynamiques partis politiques travers les programmes de démocratisation municipalité l'heure de la décentralisation D'autres lieux apparaissent au-dessus des insignes de l'innovation recommandés et encouragés par les instances internationales ce sont parmi d'autres les ONG actives dans le domaine de la santé ou des droits de la personne ou encore les commissions lectorales nationales Russites ou chez ces expériences ont été analysées pour ce qu'elles sont Elles rendent compte des dynamiques en cours des difficultés et des blocages sans les enjoliver pour en faire des démonstrations exemplaires Elles invitent poursuivre toujours plus activement l'étude du développement institutionnel des sociétés africaines Cet ouvrage s'inscrit dans la série de l'Afrique politique qui est conçue et réalisée depuis 1994 par le Centre d'étude d'Afrique noire de l'Institut d'études politiques de Bordeaux La formule annuelle a été progressivement remplacée par l'approche thématique Cette évolution a conduit cette année à l'abandon du millésime mais l'esprit et la manière d'aborder le politique en Afrique s'inscrivent plus que jamais dans la continuité des travaux de l'équipe

Buono, Henri Savall, Laurent Cappelletti, 2018-02-01 This volume continues to build on the relationship between the Research in Management Consulting series and the intervenor researchers at the Socio Economic Institute for Firms and Organizations ISEOR in Ecully France extending that partnership to our recent work with the French Foundation for Management Education FNEGE a foundation dedicated to closing the gap between the teaching and practice of management in France As part of the Foundation s multifaceted activities which range from seminars and an advanced training initiative for French doctoral students to joint programs with international organizations an associations FNEGE partnered with ISEOR to sponsor a series of workshops on developing high quality intervention research This volume is one of the results from that endeavor Although intervention research helps to uncover valuable insight into organizational dynamics and performance the challenge of capturing and disseminating that insight to both academics and practitioners is entrenched in the rigor relevance debate While we are witnessing increased calls for actionable knowledge this ideal unfortunately remains a rather elusive concept as critics contend either that rigorous academic research falls well short of relevance to the practitioner world or research that proves to be valuable to practitioners falls short of the rigor expected in academic life This volume is intended to help bridge that divide Drawing on the FNEGE ISEOR intervention research workshop the volume contains 18 chapters that explore the intervention research process from initial conceptualization to implementation to publication The volume will be published in French and English

Églises et santé dans le Tiers Monde. Hier et aujourd'hui Jean Pirotte, Henri Derroitte, 2016-05-18 The fifteen papers presented here examine three centuries of close if sometimes ambiguous links between Christian mission and medicine The authors who include theologians historians sociologists physicians and representatives of major international health care organisations address themselves to such questions as How is one to assess the results of past missionary health care effort How are modern day Christian organisations to cope with the burden of institutions set up in the past What links should the Churches maintain with official medical organisations What position should the Churches take on the faith v healing debate begun by certain religious groups And how is one to lay the groundwork of a theology of health and healing The complexity of the issues outlined here can alas provide no easy answers

Quinze auteurs compris théologiens historiens sociologues médecins et responsables d'organisations sanitaires ont centré leurs réflexions sur le rôle des églises chrétiennes dans le domaine de la santé hier dans les pays de mission aujourd'hui dans ces mêmes régions où se fait une véritable inculturation du christianisme Dans cet ouvrage ils abordent plusieurs questions fondamentales comment valuer les résultats et lacunes de l'action sanitaire des missions dans le passé Les communautés chrétiennes actuelles doivent-elles porter le poids d'institutions mises en place hier Quels rapports les églises doivent-elles entretenir avec les organisations médicales officielles Comment les églises se situent-elles dans la dialectique foi-guérison développée par certains groupes religieux Plus profondément comment poser les jalons d'une théologie de la santé et de la guérison Trouver les réponses sur ces questions complexes c'est une tâche très délicate
