Social Attitudes In Northern Ireland The 8th Report:

Religion, Identity and Politics in Northern Ireland Claire Mitchell, 2017-03-02 Has conflict in Northern Ireland kept political dimensions of religion alive and has religion played a role in fuelling conflict Conflict in Northern Ireland is not and never will be a holy war Yet religion is more socially and politically significant than many commentators presume In fact religion has remained a central feature of social identity and politics throughout conflict as well as recent change There has been an acceleration of interest in the relationship between religion identity and politics in modern societies Building on this debate Claire Mitchell presents a challenging analysis of religion in contemporary Northern Ireland arguing that religion is not merely a marker of ethnicity and that it continues to provide many of the meanings of identity community and politics In light of the multifaceted nature of the conflict in Northern Ireland Mitchell explains that for Catholics religion is primarily important in its social and institutional forms whereas for many Protestants its theological and ideological dimensions are more pressing Even those who no longer go to church tend to reproduce religious stereotypes of them and us Drawing on a range of unique interview material this book traces how individuals and groups in Northern Ireland have absorbed religious types of cultural knowledge belonging and morality and how they reproduce these as they go about their daily lives Despite recent religious and political changes the author concludes that perceptions of religious difference help keep communities in Northern Ireland socially separate and often in conflict with one another

The Peacebuilding Elements of the Belfast Agreement and the Transformation of the Northern Ireland Conflict Cornelia Albert, 2009 The aim of this book is to analyse whether the implementation of the peacebuilding elements of the Belfast Agreement contributed to the transformation of the protracted Northern Ireland Conflict Therefore this book deals with the following sections of the Agreement Rights Safeguards and Equality of Opportunity Decommissioning Security Policing and Justice and Prisoners The author comes to the conclusion that the majority of the peacebuilding elements contributed to the transformation of the Northern Ireland Conflict The results of the study were obtained in conducting interviews in consulting surveys and in studying reports and other relevant literature on the recent developments in Northern Ireland

The Troubled Mind of Northern Ireland Raman Kapur, Jim Campbell, 2018-04-24 The Troubles in Northern Ireland have endured for so long that eventually the abnormal has become normal This volume examines the processes by which society has become gradually dehumanised and how the inhuman conditions under which people have been forced to live so long have come about The authors seek to understand this situation and build upon the current literature using their different personal and professional backgrounds to great effect to create a wider perspective They describe the political background the framework of Kleinian psychoanalysis and then bring the two together to create a new foundation from which to move from a troubled mind to a mind at peace

Assessing the Impact of Transitional Justice Hugo Van der Merwe, Victoria Baxter, Audrey R. Chapman, 2009 In Assessing the Impact of Transitional Justice fourteen leading researchers study seventy countries that have

suffered from autocratic rule genocide and protracted internal conflict *A Treatise on Northern Ireland* Brendan O'Leary,2019 The third volume of the definitive political history of Northern Ireland *A Treatise on Northern Ireland, Volume III* Brendan O'Leary,2019-04-17 The Good Friday Agreement deserved the attention the world gave it even if it was not always accurately understood After its ratification in two referendums for the first time in history political institutions throughout the island of Ireland rested upon the freely given assent of majorities of all the peoples on the island It marked it was hoped the full political decolonization of Ireland Whether Ireland would reunify or whether Northern Ireland remain in union with Great Britain now rested on the will of the people of Ireland North and South respectively a complex mode of power sharing addressed the self determination dispute The concluding volume of Brendan O Leary s *A Treatise on Northern Ireland* explains the making of this settlement and the many failed initiatives that preceded it under British direct rule Long term structural and institutional changes and short term political maneuvers are given their due in this lively but comprehensive assessment The Anglo Irish Agreement is identified as the political tipping point itself partially the outcome of the hunger strikes of 1980 81 that had prevented the criminalization of republicanism Until 2016 the prudent judgment seemed to be that the Good Friday Agreement had broadly worked eventually enabling Sinn F in and the DUP to share power with intermittent attention from the sovereign governments Cultural Catholics appeared content if not in love with the Union with Great Britain But the decision to hold a referendum on the UK s membership of the European Union has collaterally damaged and destabilized the Good Friday Agreement That in turn has shaped the UK s tortured exit negotiations with the European Union In appraising these recent events and assessing possible futures readers will find O Leary s distinctive angle of vision clear sharp unsentimental and unsparing of reputations in keeping with the mastery of the historical panoramas displayed throughout this treatise **Northern Ireland** John P. Darby,1995 **Fragile Majorities and Education** Marie McAndrew,2013 How groups growing into majority status respond to old conflicts and increasing ethnic diversity in their societies *Authenticity and Legitimacy in Minority Theatre* Patrice Brasseur,Madelena Gonzalez,2010-04-16 Contemporary theatre is one of the best ways for ethno cultural minorities to express themselves whether they be of indigenous origin or immigrants It is often used to denounce social injustice and discrimination and more generally it helps to air questions debated in the wider community It may also express itself thanks to the staging of collective memory for it constitutes a privileged space for the exploration of the trauma of the past colonial for example as well as providing a means of effecting the reconfiguration of a new identity or of articulating an uneasiness about that identity Should minority theatre increase its visibility in relation to the mainstream or on the contrary remain on the margins and assert its specificity This question is at the centre of French Canadian experience for example but also applies to other postcolonial societies in Europe and elsewhere In order to maintain its cultural authenticity should this type of theatre distinguish itself from a multiculturalism that runs the risk of political and social recuperation If it is unable to resist the model proposed by globalization and

widespread cultural dissemination will it lose its legitimacy Can and should there be a form of popular art at the service of the community The term minority raises questions that will be examined by the articles collected in this volume What is the definition of a minority Does this term refer to experimental and avant garde art forms as well as to ethno cultural drama Contemporary theatre is characterized by an aesthetics of hybridity in what measure is this the case for theatre outside the mainstream The exploration of this kind of theatre necessitates an examination of the very concept of theatre per se Since the development of the electronic media as the privileged vector of culture has not the theatrical genre itself become a minority art form These are some of the pressing questions that this volume will try to address thanks to a cross cultural multidisciplinary approach that aims to reveal the rich diversity of the field under study

The Politics of Antagonism

Brendan O'Leary, John McGarry, 2016-10-06 Written during the Northern Ireland peace process and just before the Good Friday Agreement The Politics of Antagonism sets out to answer questions such as why successive British Governments failed to reach a power sharing settlement in Northern Ireland and what progress has been made with the Anglo Irish Agreement O Leary and McGarry assess these topics in the light of past historical and social science scholarship in interviews of key politicians and in an examination of political violence since 1969 The result is a book which points to feasible strategies for a democratic settlement in the Northern Ireland question and which allows today's scholars and students to analyse approaches to Northern Ireland from the perspective of the recent past

The State of the Nations 2003 Robert

Hazell, 2015-12-01 The State of the Nations 2003 is the third publication of a major research programme into devolution in the United Kingdom published on behalf of the Constitution Unit at University College London

Understanding Change in Social Attitudes Bridget Taylor, Katarina Thomson, 1996 Most of the essays in this book originated as papers presented at a conference on A Decade of Change in Social Attitudes organised by the Centre for Research into Elections and Social Trends CREST in November 1995 These have been supplemented by two further papers commissioned to address questions that arose during the conference

Peace Education in Conflict and Post-Conflict Societies C. McGlynn, 2009-04-13

This collection of peace education efforts in conflict and post conflict societies brings together an international group of scholars to offer the very latest theoretical and pedagogical developments Rather than focus on ad hoc peace education efforts this book investigates the need for long term systemic approaches and innovative pedagogies

Handbook of Global Contemporary Christianity, 2015-03-20 The Handbook of Global Contemporary Christianity Themes and

Developments in Culture Politics and Society maps the transformations as well as the continuities of the largest of the major religions engaging with the critical global issues which relate to the faith in a fast changing world International experts in the area offer contributions focusing on global movements regional trends and developments Christianity the state politics and polity and Christianity and social diversity Collectively the contributors provide a comprehensive treatment of health of the religion as Christianity enters its third millennium in existence and details the challenges and dilemmas facing its various

expressions both old and new The volume is a companion to the Handbook of Contemporary Global Christianity Movements Institutions and Allegiance *Biotechnology, Education and Life Politics* Pádraig Murphy, 2014-04-24 What should individuals and society do when genetic screening becomes widely available and with its impact on current and future generations still uncertain How can our education systems around the world respond to these developments Reproductive and genetic technologies RGTs are increasingly controversial and political We are entering an era where we can design future humans firstly by genetic screening of undesirable traits or indeed embryos but perhaps later by more radical genetic engineering This has a profound effect on what we see as normal acceptable and responsible This book argues that these urgent and biopolitical issues should be central to how biology is taught as a subject Debate about life itself has always been at the forefront of connected molecular genetic and social personal identity levels and each of these levels requires processes of communication and debate what Anthony Giddens called in passing life politics In this book P draig Murphy opens the term up with examples from field research in schools student responses to educational films exploring the future of RGTs and science studies of strategic biotechnology and the lab practices of genetic screening Life political debate is thoroughly examined and is identified as a way of connecting mainstream education of biology with future generations Biotechnology Education and Life Politics will appeal to post graduates and academics involved with science education science communication communication studies and the sociology of education The UK Environment Great Britain. Department of the Environment, 1992 A source of comprehensive information on the UK environment written for the non technical reader Topics in this book range from road traffic to the decline in field ponds from bottle bank schemes to radon levels in homes

Research With Children Pia Christensen, Allison James, 2012-10-02 Research with Children is a unique resource book on the methodology of childhood research Leading and new researchers within the social studies of childhood discuss central questions of epistemology and methodology demonstrating the links between theory and practice The theoretical and practical questions are set out in a clear and well argued fashion and will therefore appeal both to the newcomer to childhood studies and to experienced researchers in the field **Breadline Britain** Stewart Lansley, Joanna

Mack, 2015-02-19 Poverty in Britain is at post war highs and even with economic growth is set to increase yet further Food bank queues are growing levels of severe deprivation have been rising and increasing numbers of children are left with their most basic needs unmet Based on exclusive access to the largest ever survey of poverty in the UK and its predecessor surveys in the 1980s and 1990s Stewart Lansley and Joanna Mack track changes in deprivation and paint a devastating picture of the reality of poverty today and its causes Shattering the myth that poverty is the fault of the poor and a generous benefit system they show that the blame lies with the massive social and economic upheaval that has shifted power from the workforce to corporations and swelled the ranks of the working poor a group increasingly at the mercy of low pay zero hour contracts and downward social mobility The high levels of poverty in the UK are not ordained but can be traced directly to

the political choices taken by successive governments Lansley and Mack outline an alternative economic and social strategy that is both perfectly feasible and urgently necessary if we are to reverse the course of the last three decades One of Listmuse s Greatest British Politics books **Religion** L. M. Barley,C. D. Field,B. A. Kosmin,J. S. Nielsen,2014-06-28 This volume reviews the publicly available sources of statistical information on religion The majority of this data relates to the Christian churches and is split between the serial or recurrent sources in the first review and the ad hoc survey data in the second The third sets out the available Jewish data which comprise the best recorded and the most extensive of the sources in the non Christian sector and the final review brings together statistical sources on the remaining religions practised in the UK This book will be an invaluable source of information for researchers and practitioners in the field **Gender, Policy and Educational Change** Sheila Riddell,Jane Salisbury,2003-05-20 Gender equality has been a major educational theme for the past two decades and has become interwoven with other policy themes including those of marketisation and managerialism Contributors to this strong collection are key researchers in their fields and seek to address the following questions What patterns are discernible in the educational attainment of girls and boys over the past two decades To what extent are changes attributable to gender equality policies What form have gender equality policies taken in different parts of the UK What has been the impact of European equality policies How have gender equality policies been experienced by particular groups including pupils from ethnic minority and working class backgrounds This book aims to take an overall look at how significant have been the changes in experiences aspirations and culture of girls and boys and male and female teachers It explores how attempts to improve equal opportunities in education have fared and examines the tensions and contradictions in recent policies
