Social Being:

Fundamentals of Historical Materialism Doug Lorimer, 1999 **Strategic Transformations in Nigerian Writing** Ato Quayson, 1997-09-22 a sophisticated and thoughtful study Leeds African Studies Bulletin A very impressive work in the concreteness of its research documentation as well as in its theoretical scope this study brings a truly innovative dimension to African literary scholarship and indeed to the whole field of African studies Abiola Irele Ohio State University The discussion reveals a combination of formidable analytical and critical strength with a refreshingly open minded and sensible approach to his field Karin Barber University of Birmingham *The Meanings of Work* Ricardo Antunes, 2012-11-09 Contrary to the affirmation of the end of labour *The Meanings of Work* explore the complexity of the working class today the sexual division of labour and transversalities between the dimensions of class and gender globalisation of capital and labour

Durkheim and National Identity in Ireland J. Dingley, 2015-03-05 This book examines the development of opposed Nationalist and Unionist identities as products of different economies symbolically represented in religious differences that impelled conflicting cultures and ideals of best interest that were fundamentally incompatible within a single identity

From Science to Emancipation Roy Bhaskar, 2013-06-17 *From Science to Emancipation* Alienation and the Actuality of Enlightenment is the second of three books elaborating Roy Bhaskar's new philosophy of metaReality which appeared in rapid succession in 2002 With a new introduction from Mervyn Hartwig this book contains some of the original transcripts and the questions and answers they provoked from a variety of lecture and workshop tours Roy Bhaskar presented for Indian audiences before this book was first published Because of the spontaneous and informal nature of these talks and discussions this book continues to provide the most immediate and accessible introduction to Roy Bhaskar's philosophy as it charts his intellectual journey The talks recorded here have retained an immediate local but also deeply universal interest *From Science to Emancipation* provides an indispensable resource for all students of philosophy and the human sciences

Teaching Information Literacy for Inquiry-Based Learning Mark Hepworth, Geoff Walton, 2009-09-22 *Teaching Information Literacy for Inquiry Based Learning* is highly beneficial to those who teach or train people and need to develop systematic ways of using information sources and tools to help them participate in inquiry based learning Whether at school college university or work people need to use the wealth of information around them effectively They need to find things out assemble process evaluate manage as well as communicate information Increasingly a fundamental part of being information literate and an independent learner is being e literate This book helps the trainer understand the learner and use appropriate methods to help them explore and engage with being information and e literate It also helps the learner to be conscious of what it means to be information and e literate and to use information effectively Written by two leading experts in information literacy Draws on extensive personal experience of training learners and trainers in information literacy and information retrieval Uses examples of best practice from the educational context and the workplace **The British**

Marxist Historians Harvey J. Kaye, 2022-09-30 The British Marxist Historians remains the first and most complete study of the founders of one of the most influential contemporary academic traditions in history and social theory In this classic text Kaye looks at Maurice Dobb and the debate on the transition to capitalism Rodney Hilton on feudalism and the English peasantry Christopher Hill on the English Revolution Eric Hobsbawm on workers peasants and world history and E P Thompson on the making of the English working class Kaye compares their perspective on history with other approaches such as that of the French Annales school and concludes with a discussion of the British Marxist historians contribution to the formation of a democratic historical consciousness The British Marxist Historians is an indispensable book for anyone interested in the intellectual history of the late twentieth century *Report of the Discussion on Owenism ... Pallister, 1839 **Theorizing Anti-Racism** Abigail Bakan, Enakshi Dua, 2014-11-21 p Over the last few decades critical theory which examines issues of race and racism has flourished However most of this work falls on one side or the other of a theoretical divide between theory inspired by Marxist approaches to race and racism and that inspired by postcolonial and critical race theory Driven by the need to move beyond the divide the contributors to Theorizing Anti Racism present insightful essays that engage these two intellectual traditions with a focus on clarification and points of convergence The essays in Theorizing Anti Racism examine topics which range from reconsiderations of anti racism in the work of Marx and Foucault to examinations of the relationships among race class and the state that integrate both Marxist and critical race theory Drawing on the most constructive elements of Marxism and postcolonial and critical race theory this collection constitutes an important contribution to the advancement of anti racist theory **The Diversity of Hunter Gatherer Pasts**

Bill Finlayson, Graeme Warren, 2017-06-30 This thought provoking collection of new research papers explores the extent of variation amongst hunting and gathering peoples past and present and the considerable analytical challenges presented by this diversity This problem is especially important in archaeology where increasing empirical evidence illustrates ways of life that are not easily encompassed within the range of variation recognized in the contemporary world of surviving hunter gatherers Put simply how do past hunter gatherers fit into our understandings of hunter gatherers Furthermore given the inevitable archaeological reliance on analogy it is important to ask whether conceptions of hunter gatherers based on contemporary societies restrict our comprehension of past diversity and of how this changes over the long term Discussion of hunter gatherers shows them to be varied and flexible but modeling of contemporary hunter gatherers has not only reduced them into essential categories but has also portrayed them as static and without history It is often said that the study of hunter gatherers can provide insight into past forms of social organization and behavior unfortunately too often it has limited our understandings of these societies In contrast contributors here explore past hunter gather diversity over time and space to provide critical perspectives on general models of hunter gatherers and attempt to provide new perspectives on hunter gatherer societies from the greater diversity present in the past The Concise Corsini Encyclopedia of Psychology and

Behavioral Science W. Edward Craighead, Charles B. Nemeroff, 2004-04-12 Edited by high caliber experts and contributed to by quality researchers and practitioners in psychology and related fields Includes over 500 topical entries Each entry features suggested readings and extensive cross referencing Accessible to students and general readers Edited by two outstanding scholars and clinicians

Value Theory Deshun Li, 2013-07-12 Humankind's progress has always been driven by two momentums the pursuit of truth and the creation of value But our understanding of value and our ability to reflect on its complexity has long lagged behind our constant search for truth This has in turn limited our grasp of the essence of truth This book takes philosophical contemplations on value to a new level while also explicating some contemporary Chinese styles of philosophical thought Over the past 25 years this book has been having an increasing impact on Chinese readers and researchers and it also provides a good platform for international dialogue on several key issues of philosophical studies

Corporate Ethics for Turbulent Markets Oswald A. J. Mascarenhas, SJ, 2019-04-30 The ebook edition of this title is Open Access thanks to Knowledge Unlatched funding and freely available to read online The book extends the discussion on human dignity to its practical applications maps out strategic approaches for responding to turbulent markets

Beyond the Individual Will Johncock, 2023-02-03 Do you believe you think independently Do you alone control your actions Stoic philosophy asserts that your mind thoughts and actions are traces of a world which shapes you and everyone else together Our personal nature is part of a system not independent This book studies how a Stoic thinks and acts as part of a community and in service of a world rather than separately or for themselves alone This is not just another book about Stoic philosophy Stoicism has been popularized as a way to primarily serve personal benefits promising mental resilience in an uncontrollable world of people and events This book instead explores how for the Stoics we only benefit personally by being aware of how we are entangled with our fellow humans and the world This perspective reveals anti individualistic conditions for the well being that individuals seek from the philosophy By studying features that might seem to define us as separate individuals our mind body self preserving instinct knowledge and happiness we find that everything about each of us is interconnected and shared The theoretical analysis suitable for general and academic readers involves all ancient Stoic eras comparisons with pre Socratic Platonic and Aristotelian positions and modern Stoic debates

You and the New Normal Dr Mohamed Buheji, Futurist Chet W. Sisk, 2020-05-29 There are certain points in the history of humanity when everything changes and a new version of what we do who we are how we relate to each other and how we live emerges These moments are usually triggered by a significant event that rocks the earth's very foundation We are living in one of those moments right now It's called a new normal where old ideas that ruled the day are being replaced by new ones that are more efficient more effective and more appropriate for the time But the start of a new normal is not a static moment When things change there is a state of flux where the new normal is still seeking to be established This book provides clarity as to the challenges and the potential of this moment This paradigm shift is a rare event so it is important for us to know what's happening and how we

can thrive and succeed in this time Using foresight intuitive knowledge collective data and indigenous wisdom we have provided a blueprint on what s possible and the tools we ll need to leverage the gifts of this time *The Palgrave International Handbook of Marxism and Education* Richard Hall,Inny Accioly,Krystian Szadkowski,2023-11-07 The Palgrave International Handbook of Marxism and Education is an international and interdisciplinary volume which provides a thorough and precise engagement with emergent developments in Marxist theory in both the global South and North Drawing on the work of authoritative scholars and practitioners the handbook explicitly shows how these developments enable a rich historical and material understanding of the full range of education sectors and contexts The handbook proceeds in a spirit of openness and dialogue within and between various conceptions and traditions of Marxism and brings those conceptions into dialogue with their critics and other anti capitalist traditions As such it contributes to the development of Marxist analyses that push beyond established limits by engaging with fresh perspectives and views that disrupt established perspectives *The Origin of Humanness in the Biology of Love* Humberto Maturana Romesín, Gerda Verden-Zöller,2012-02-21 The central concern of this book is us human beings The authors basic question is How is it that we can live in mutual care have ethical concerns and at the same time deny all that through the rational justification of aggression The authors answer this basic question indirectly by providing a look into the fundamentals of our biological constitution concentrating on what they term emotioning that is the flow of emotions in daily life that guides the flow of the systemic conservation of a manner of living Maturana and Verden Z ller claim that the fundamental emotion that gave rise to humans as sapient languaging beings was love and that this remains our fundament even when other emotions become socially prevalent **What IS Sex?** Alenka Zupancic,2017-09-08 Why sexuality is at the point of a short circuit between ontology and epistemology Consider sublimation conventionally understood as a substitute satisfaction for missing sexual satisfaction But what if as Lacan claims we can get exactly the same satisfaction that we get from sex from talking or writing painting praying or other activities The point is not to explain the satisfaction from talking by pointing to its sexual origin but that the satisfaction from talking is itself sexual The satisfaction from talking contains a key to sexual satisfaction and not the other way around even a key to sexuality itself and its inherent contradictions The Lacanian perspective would make the answer to the simple seeming question What is sex rather more complex In this volume in the Short Circuits series Alenka Zupan i approaches the question from just this perspective considering sexuality a properly philosophical problem for psychoanalysis and by psychoanalysis she means that of Freud and Lacan not that of the kind of clinician practitioners called by Lacan orthopedists of the unconscious Zupan i argues that sexuality is at the point of a short circuit between ontology and epistemology Sexuality and knowledge are structured around a fundamental negativity which unites them at the point of the unconscious The unconscious as linked to sexuality is the concept of an inherent link between being and knowledge in their very negativity **Aesthetics and Politics: Two Leading Bhojpuri Artists** Sandeep Rai,2021-01-07 This book is an

attempt to reveal the hidden transcripts reading between the lines of the select Bhojpuri literature and art in general and highlight the sociological pertinence of the manifest inclination of Aesthetics and Politics in particular Anti-Book Nicholas Thoburn,2016-12-15 No Anti Book is not a book about books Not exactly And yet it is a must for anyone interested in the future of the book Presenting what he terms a communism of textual matter Nicholas Thoburn explores the encounter between political thought and experimental writing and publishing shifting the politics of text from an exclusive concern with content and meaning to the media forms and social relations by which text is produced and consumed Taking a post digital approach in considering a wide array of textual media forms Thoburn invites us to challenge the commodity form of books to stop imagining books as transcendent intellectual moral and aesthetic goods unsullied by commerce His critique is instead one immersed in the many materialities of text Anti Book engages with an array of writing and publishing projects including Antonin Artaud s paper gris gris Valerie Solanas s SCUM Manifesto Guy Debord s sandpaper bound M moires the collective novelist Wu Ming and the digital print hybrid of Mute magazine Empirically grounded it is also a major achievement in expressing a political philosophy of writing and publishing where the materiality of text is interlaced with conceptual production Each chapter investigates a different form of textual media in concert with a particular concept the small press pamphlet as communist object the magazine as diagrammatic publishing political books in the modes of root and rhizome the multiple single of anonymous authorship and myth as unidentified narrative object An absorbingly written contribution to contemporary media theory in all its manifestations Anti Book will enrich current debates about radical publishing artists books and other new genre and media forms in alternative media art publishing media studies cultural studies critical theory and social and political theory
