writers directors and editors to produce sexually exciting videos and movies Yet hardcore pornographic films have also created a body of knowledge that constitutes in this digital age an enormous archive of sexual fantasies that serve as both a form of sex education and self help guides Sex Society and the Making of Pornography focuses on sex and what can be learned about it from pornographic representations **The Illusory Freedom** Graham Heath,2013-09-24 The Illusory Freedom The Intellectual Origins and Social Consequences of the Sexual Revolution describes the profound changes in sexual attitudes and sexual behavior in Britain and other Western countries The book examines the reliability of the basis for the sexual revolution and whether its benefits outweigh the damages it has brought on society The author reviews the influence of Dr Alfred Kinsey s reports on over 12 000 humans subjects where Kinsey claims there is no normality or abnormality as regards sexual behavior The author notes that some sexual studies involved some bias the need to protect the family as an institution if society is to survive and faithfulness has its long term rewards His other findings show that no evidence points to sexual experimentation or promiscuity as causing long term happier relationships that media tends to present sexual anarchy as the norm and that guidelines for adolescent and ideals for adults should be established He notes quite interestingly that as the forces of sexual freedom are released by new regimes of generations it become more apparent that sexual freedom is an illusory freedom This book can prove interesting reading for feminists psychiatrists psychologists parents professionals and administrators of educational institutions as well as heads of public commutations and media

**Polish Sexual Revolutions** Anna Dobrowolska,2025-08-05 We are used to thinking that the sexual revolution of the 1960s and 1970s was an essentially Western phenomenon The surge in pornographic production effective oral contraception and new developments in fashion and popular culture all seem to be inextricably linked with a capitalist economy Yet little has still been written about the transformations of intimate lives on the other side of the Iron Curtain Was there a sexual revolution behind the Berlin Wall And if so what areas of social life did it impact Did women in the words of Kristen Ghodsee have better sex under socialism Polish Sexual Revolutions Negotiating Sexuality and Modernity behind the Iron Curtain studies the history of sexuality in state socialist Poland in its European and global contexts focusing on how communism transformed both sexual discourses and intimate practices between 1945 and 1989 It reconfigures our understanding of the sexual revolution departing from the case study of Poland to complicate the oversimplified and much misused concepts of sexual modernity and progress Engaging with the most recent scholarship on sexuality in East Central Europe and a wide range of unused primary material including visual and material sources the monograph reassesses the role played by communist states in modernising their citizens approaches to sex Contrary to the stereotype which perceives the region as lagging behind the West in sexual matters and having to catch up after 1989 the book sheds light on the ambiguous and progressive histories of state socialist entanglements with sex to showcase alternative visions of sexual liberation In so doing and by focusing on forgotten genealogies of discussions of sexuality the monograph historicises the roots of contemporary

debates on sex education LGBTQ and women s rights in the region      **Sex Scandals in American Politics** Alison Dagnes,2011-09-15 From the misbehavior of President Clinton to Governor Mark Sanford s Argentinean tryst sex scandals have become a prominent feature of American public life This unique collection of essays explains why politicians elected for their leadership and promises of ethical behavior risk their career and the socio political consequences of their actions It argues that political sex scandals are distinct from other types of sex scandals because the nature of elected office is very different from civilian life The construction disgrace and aftermath of political sex scandals are examined from different academic angles including the politics of place human communication political psychology media sociology feminism and criminology The essays delve into the role of culture and geography on the political outcome of a scandal the rhetoric of apologia the psychology of risk trends and patterns in media coverage the impact on different organized interests legal ramifications and how different countries view political sex scandal This accessible work will engage anyone studying American politics political behavior political communication as well as sociological issues and the role of the media      [Our Social and Sexual Revolution](#) John R.
