Sophisms of Free-Trade and Popular Political Economy Examined (Classic Reprint) John Barnard Byles, 2015-07-07 Excerpt from *Sophisms of Free Trade and Popular Political Economy Examined* Whoever contemplates on the one hand the enormous powers of production in the United Kingdom and on the other the misery which nevertheless grinds down masses of the population will necessarily conclude that the circumstances which ensure or promote the creation and due distribution of wealth are yet unknown or mistaken He will see the science which assumes to teach these things discredited helpless and utterly at fault There must be something fearfully wrong or essentially deficient in the prevailing system there must necessarily be some error in theory No adequate practical measures of relief can be devised till it is discovered The following sheets are not written to aid a party but to assist if possible in reaching the truth on a very complex and difficult subject Protectionists will find no defence of a high price of subsistence and free traders no acquiescence in their recommendation of unlimited and indiscriminate imports About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may
