# Soranus Gynecology

**Soranus (of Ephesus.), Oswei Temkin**

## **Soranus Gynecology:**

**Soranus' Gynecology** Soranus,1991-08 Including a section on infant care Soranus Gynecology represents ancient gynecological and obstetrical practice at its height An introduction and notes by Temkin provide insight into the work s historical and scientific background **Soranus' Gynecology** Soranus (of Ephesus),1956 **Soranus'gynecology** Soranus (of Ephesus.),1991 Gynecology Soranus (of Ephesus.),1956 **A History of Medicine: Roman medicine** Plinio Prioreschi,1996 Soranus' Gynecology Sorano (de Éfeso),1991 *Soranus' Gynecology* Soranus (of Ephesus),1991

**Becoming Byzantine** Αριέττα Παπακωνσταντίνου,Alice-Mary Maffry Talbot,2009 Becoming Byzantine Children and Childhood in Byzantium presents detailed information about children s lives and provides a basis for further study This collection of eight articles covers matters relevant to daily life such as the definition of children in Byzantine law procreation death breastfeeding patterns and material culture **Soranus' Gynecology** Soranus (of Ephesus.),Oswei Temkin,1956

**Te Linde's Operative Gynecology, South Asian Edition** Dr Sharmila Arun Babu,2021-11-01 The First South Asian Edition of Te Linde s Operative Gynecologyhas been thoroughly edited to suit the needs of students and practitioners in South Asian countries keeping in mind the rapidly changing concepts in Operative gynecology This globally acclaimed textbook guides the reader through the well illustrated techniques of gynecological surgeries Salient Features of the South Asian Edition Keeping the essence of the text all the chapters have been updated and revised to adapt to local practices and conditions in South Asian countries Features like Stepwise approach to perform gynecologic operations and Best surgical practices that are important components of each chapter have been retained and updated wherever necessary Data from recent trials latest staging and classifications of cancers have been included in oncology chapters Indian data pertaining to common gynecological conditions and cancers have been incorporated Medicolegal laws in India which have a bearing on day to day practice of Obstetrics and Gynecology have been included in relevant chapters In the chapter Tubal Sterilization detailed preoperative evaluation selection criteria and statistics from Indian perspective have been incorporated Government of India guidelines for postpartum sterilization are also included Recent advances in Robotic surgery in India and a note on Robotic Assisted Laparoscopic Hysterectomy have been included Content has been thoroughly peer reviewed by subject experts of national repute *A History of Jewish Gynaecological Texts in the Middle Ages* Rôn Barqây,1998 This study fills a major gap in the history of medicine namely the history of medieval Hebrew medicine in particular of Jewish women s medicine A general introduction to the history of medieval Jewish medicine its origins in Muslim countries the main Arabic and Judeo Arabic texts and the renaissance of Hebrew as a language of science in the 12th 15th centuries is followed by a survey and analysis of the 15 extant medieval Jewish gynaecological texts including translations from Greek Latin and Arabic as well as original Hebrew treatises and a comparison of the particular characteristics of Jewish gynaecology to the Latin and Arabic traditions In the second part of the work the author presents critical editions with translations of six medieval Jewish

gynaecological texts      **The Meanings of Sex Difference in the Middle Ages** Joan Cadden,1995-03-31 This book examines how scientific ideas about sex differences in the later Middle Ages participated in cultural assumptions about gender

**Midwifery and the Medicalization of Childbirth** Edwin R. Van Teijlingen,2004 This book provides an introduction to the sociological study of midwifery The readings have been selected to highlight the interplay between midwifery and medicine reflecting the medicalization of childbirth It highlights the major themes in both a historical and a current context as well as western and non western societies Two major themes underlie the organization of this book that the conception of midwifery must be broadened to encompass a sociological perspective and that the ongoing trend toward the medicalization of midwifery is crucial to an understanding of the historical current and future status of midwifery By medicalization of childbirth and midwifery the author mean the increasing tendency for women to prefer a hospital delivery to a home delivery the increasing trend toward the use of technology and clinical intervention in childbirth and the determination of medical practitioners to confine the role played by midwives in pregnancy and childbirth if any to a purely subordinate one

**Clinical Psychosomatic Obstetrics and Gynaecology** Mira Lal,2017-06-09 The interplay between mind and body is a rapidly developing area of Obstetrics and Gynaecology growing in prominence as many areas of medicine recognise the importance of understanding the physical mental and social aspects of complex conditions Clinical Psychosomatic Obstetrics and Gynaecology A Patient Centred Biopsychosocial Approach is the fundamental work facilitating the management of women s disease conditions resulting from psychosomatic or mind body interactions routinely encountered by clinicians Authored by a world renowned group of contributors who have led a transformative approach to the way services to women are approached Clinical Psychosomatic Obstetrics and Gynaecology comprehensively addresses the biological psychological social and cultural factors leading to disease manifestations Including methods for prevention detection and treatment the text is supported by thirty case studies taken from real life situations to support learning and guide clinical practice Detailed chapters expound the scientific basis of the clinical psychosomatic concept prevention of morbidity and mortality from cancer or obesity pregnancy and childbirth maternal dysphoria and child neurodevelopment pain perception infertility premenstrual disorders psycho oncology malignancy and sexual health illnesses in migrants and refugees alongside pertinent cultural issues This title is a highly topical and much needed guide to addressing clinical conditions that compromise women s health including that of teenagers as well as their mental and social well being

Generation and Degeneration Valeria Finucci,Kevin Brownlee,2001-03-13 This collection explores the construction of genealogies both in the biological sense of procreation and in the metaphorical sense of heritage and cultural patrimony

**Midwifery, Obstetrics and the Rise of Gynaecology** Helen King,2017-03-02 The Gynaeciorum libri the Books on the diseases of women a compendium of ancient and contemporary texts on gynaecology is the inspiration for this intensive exploration of the origins of a subfield of medicine This collection was first published in 1566 with a second edition in 1586 8

and a third running to 1097 folio pages in 1597 While examining the origins of the compendium Helen King here concentrates on its reception looking at a range of different uses of the book in the history of medicine from the sixteenth to the nineteenth century Looking at the competition and collaboration among different groups of men involved in childbirth and between men and women she demonstrates that arguments about history were as important as arguments about the merits of different designs of forceps She focuses on the eighteenth century when the man midwife William Smellie found his competence to practise challenged on the grounds of his allegedly inadequate grasp of the history of medicine In his lectures Smellie remade the father of medicine Hippocrates as the father of midwifery The close study of these texts results in a fresh perspective on Thomas Laqueur's model of the defeat of the one sex body in the eighteenth century and on the origins of gynaecology more generally King argues that there were three occasions in the history of western medicine on which it was claimed that women's difference from men was so extensive that they required a separate branch of medicine the fifth century BC and the sixteenth and nineteenth centuries By looking at all three occasions together and by tracing the links not only between ancient Greek ideas and their Renaissance rediscovery but also between the Renaissance compendium and its later owners King analyzes how the claim of female difference was shaped by specific social and cultural conditions

**Midwifery Obstetrics and the Rise of Gynaecology** makes a genuine contribution not only to the history of medicine and its subfield of gynaecology but also to gender and cultural studies

**Roman North Africa** Louise Cilliers, 2025-10-01 This book examines the environment and society of North Africa during the late Roman period fourth and fifth centuries CE through the writings of Helvius Vindicianus Theodorus Priscianus Caelius Aurelianus and Cassius Felix These four medical writers whose translation into Latin of precious Greek texts has been hailed as the achievement of the millennium by one modern scholar provide a unique opportunity to understand North Africa the most prosperous region of the Roman World during Late Antiquity Although focusing on medical knowledge and hygiene their writings provide fresh insights on the environment economy population language and health facilities of the region **Roman North Africa Environment Society and Medical Contribution** includes the first full discussion of the exceptional career of the physician Helvius Vindicianus as well as a valuable reassessment of other writers whose works were read throughout the Middle Ages It will therefore prove invaluable not only for scholars of Late Antiquity and North Africa but also for those working on later periods

**The Routledge History of Childhood in the Western World** Paula S. Fass, 2013 The Routledge History of Childhood in the Western World provides an important overview of the main themes surrounding the history of childhood in the West from antiquity to the present day By broadly incorporating the research in the field of Childhood Studies the book explores the major advances that have taken place in the past few decades in this crucial field The volume is composed of three parts The first part explores childhood from the Ancient World through to the Middle Ages and Early Modern Europe The second part examines the fundamental aspects of childhood and the life of children in the West since 1600 The essays address issues such

as family work law sexuality and consumption The chapters think beyond national and continental boundaries so that readers are informed about general trends in the West while still alert to differences in gender class race and time The final part focuses on aspects of children s experiences in the modern world This section explains how childhoods have developed in distinct contexts and among specific children by using the growing literature on modern childhoods in various locales and at particular historical moments Including essays on all the key topics and issues The Routledge History of Childhood in the Western World will define how the history of children and childhood can best be understood in the *longue dur e* and comparatively while still acknowledging the importance of and encouraging scholarship on specific groups periods places and life course divisions This important collection from a leading international group of scholars presents a comprehensive survey of the current state of the field It will be essential reading for all those interested in the history of childhood

**The History of Sexuality, Vol. 3** Michel Foucault, 2012-04-18 Michel Foucault takes us into the first two centuries of our own era into the Golden Age of Rome to reveal a subtle but decisive break from the classical Greek vision of sexual pleasure He skillfully explores the whole corpus of moral reflection among philosophers Plutarch Epictetus Marcus Aurelius Seneca and physicians of the era and uncovers an increasing mistrust of pleasure and growing anxiety over sexual activity and its consequences

**Homo Patiens - Approaches to the Patient in the Ancient World** Georgia Petridou, Chiara Thumiger, 2015-11-16 Homo Patiens Approaches to the Patient in the Ancient World is a book about the patients of the Graeco Roman world their role in the ancient medical encounters and their relationship to the health providers and medical practitioners of their time This volume makes a strong claim for the relevance of a patient centred approach to the history of ancient medicine Attention to the experience of patients deepens our understanding of ancient societies and their medical markets and enriches our knowledge of the history of ancient cultures It is a first step towards shaping a history of the ancient patient s view which will be of use not only to ancient historians students of medical humanities and historians of medicine but also to any reader interested in medical ethics
