Reform, Representation and Theology in Nicholas of Cusa and His Age H. Lawrence Bond, Gerald Christianson, 2023-03-31 While most works on Nicholas of Cusa concentrate either on his early career as author of the monumental Catholic Concordance or on his later career as writer of remarkable philosophical theological works such as On Learned Ignorance and The Vision of God the essays included here attempt to address the whole Cusanus sharing common contexts issues and themes Following chapters on the legacy of conciliarism and ecumenicity the story begins with the Council of Basel for which Cusanus wrote The Catholic Concordance but from which he broke away raising issues of private conscience as well as the balance between papal authority and representative councils in the pursuit of reform The story then turns to the matrix between Constantinople and a new council in Ferrara when Cusanus received a ship board gift from the Father of Lights and began to write his great philosophical theological treatises When taken together the essays in this book not only form a cohesive whole they also enlighten aspects often left in the shade such as the enigmatic aspects of Cusanus participation in the council and his mystical theology that reveals a man of faith in search of certainty beyond the well trod paths of philosophical reflection

Nicholas of Cusa. In Search of God and Wisdom Gerald Christianson, T.M. Izbicki, 2021-11-01 Nicholas of Cusa d 1464 was one of the most original thinkers of the Renaissance This collection examines from several viewpoints his speculative thought and reviews his ideas on dialogue with non Christians in the light of his theories The collection opens with a review of the origins of modern Cusanus scholarship At its heart is a series on Nicholas quest for God his comprehension of the cosmos and his views on the intellect also on his approach to non Christians It concludes with an essay on the relationship of Cusanus life to his theories and a bibliographic review of Cusanus scholarship in the English language This collection will serve as a microcosm of the present scholarship in English on a complex and

versatile theorist The bibliography of Cusanus scholarship will enable interested readers to explore other themes and other viewpoints not encompassed by these essays **Anatomy of Spirituality: Portrait of the Soul** Chander Behl,2015-04-27

The domain of spirituality separated from its theological overburden believes in the existence of a spiritual self presumed to be distinctly separate from the psychological self The spiritual eternal self also known as the soul or spirit sometimes supported by an overarching Spirit is asserted to be operating behind the ephemeral self This book takes a contrarian stance it argues that the premise of the soul concept is obtained through the magic of language maintained through the marvel of the brain s biochemistry and sustained through the mirage of the psychological juggernauts of the brain The magic the marvel and the mirage together bring about subtle shifts as the linguistic brain suppresses many psychological details habitually applies mental templates such as inversions and dichotomies and enhances its language by coining religious and spiritual metaphors The consequence of these changes is that the usual flickering self begins to be impressed by itself believing it is buttressed by something transcendental and eternal within the soul or the spirit The self although indoctrinated during its formative years also begins to assimilate and accept the opinion that the overwhelming weight of religious doctrines and dogmas the overburden signifies as the legitimate proof for the eternal soul **Stepping Into**

Volume 2 Damien Mecheri,Sylvain Romieu,2019-02-19 We thought we had gone through the topic in the first volume those two games opened new pists of reflexions The in depth analysis of Hidetaka Miyazaki s Dark Souls saga continues with this volume 2 decoding the Bloodborne and Dark Souls III episodes An indinspensale ebook for all the fans of the game Dark Souls EXTRACT The project christened Project Beast began soon after the Astorias of the Abyss DLC was released in August

2012 At the time FromSoftware was also beginning to build Dark Souls II its cash cow Miyazaki kept his distance from this sequel which was handed off to Tomohiro Shibuya and Yui Tanimura with support from the FromSoftware president and creator of King s Field Naotoshi Zin who supervised the game system On his end Hidetaka Miyazaki formed a trusted team of regular collaborators such as lead programmer Jun It who had already filled this role for Demon s Souls and Dark Souls composer and lead sound designer Tsukasa Sait Armored Core games and most of his regular artists Daisuke Satake Masanori Waragai and Hiroshi Nakamura The success of Demon s Souls and the even greater success of Dark Souls allowed FromSoftware to grow its ranks significantly In total no fewer than fifty programmers participated in the project along with around twenty game system designers and fifty people working on visual creation animation scenery characters etc Thanks to financial support from Sony many Japanese Chinese and Taiwanese studios were sub contracted during the production to help with graphics and visuals ABOUT THE AUTHORS Passionate about films and video games Damien Mecheri joined the writers team of Gameplay RPG in 2004 writing several articles for the second special edition on the Final Fantasy saga He continued his work with the team in another publication called Background before continuing the online adventure in 2008 with the site Gameweb fr Since 2011 he has come aboard Third ditions with Mehdi El Kanafi and Nicolas Courcier the publisher s two founders Damien is also the author of the book Video Game Music a History of Gaming Music For Third ditions he is actively working on the Level Up and Ann e jeu vid o collections He has also written or co written several works from the same publisher The Legend of Final Fantasy X Welcome to Silent Hill a journey into Hell The Works of Fumito Ueda a Different Perspective on Video Games and of course the first volume of Dark Souls Beyond the Grave Curious by nature a dreamer against the grain and a chronic ranter Sylvain Romieu is also a passionate traveler of the real and the unreal the world and the virtual universes always in search of enriching discoveries and varied cultures A developer by trade he took up his modest pen several years ago to study the characteristics and richness of the marvelously creative world of video games He writes for a French video game site called Chroniques Ludiques particularly on the topic of RPGs his preferred genre

Dark Souls : Beyond the Grave - Volume 1 Damien Mecheri,Sylvain Romieu,2019-02-19 Story of a saga video games If the Dark Souls series managed to seduce players and journalists it was mainly by word of mouth It was such a great success that Dark Souls 2 was named Game of the Year 2014 by the vast majority of gaming magazines and websites To date this saga is one of the most important in the gaming industry The odd thing is that these games are well known for their difficulty and their cryptic universe This publication narrates the epic success story but also describes its gameplay mechanics and its specific lore across more than 300 pages Characters plots and the scenario of the three Souls Demon s Souls Dark Souls and Dark Souls II are deciphered by Damien Mecheri and Sylvain Romieu who spent a long year studying these dense and enigmatic games down to the smallest detail The serie Dark Souls and her spiritual father Demon s Souls will not have secrets for you anymore EXTRACT In May 2014 Hidetaka Miyazaki succeeded Naotoshi Zin as president of FromSoftware

after the studio was purchased by Kadokawa Shoten This was a highly significant promotion for the person who had led the company's most successful project Dark Souls And yet he did not lose from view what had attracted him to the field an insatiable creative drive In spite of his new status within the studio one of the conditions he requested and was granted was to remain creative director of his new project Bloodborne This allowed him to successfully design this spiritual successor to the first Souls game while also assuming his new responsibilities Given his drive to work and create it is not surprising how quickly Miyazaki moved up through the ranks
