Naylor's *The Women of Brewster Place* Walker's *Meridian* and Dickey's *Deliverance* Barnett finds that the widespread literary explorations of rape were almost always conjoined with one or more of the radical social movements of the sixties: civil rights, black nationalism, women's liberation, and black feminism. Sexual violence emerges in these texts when the transformative possibilities articulated by sixties era liberation movements trigger and intensify imbalances of power and cultural difference. For example, Eldridge Cleaver's claim that he lashed out against the white power structure by raping white women. This book should be of considerable interest to students and scholars of 20th century American literature as well as American Studies and African American Studies scholars interested broadly in issues of sexuality, race, and violence.

Reading Appalachia from Left to Right Carol Mason, 2011-02-23 In *Reading Appalachia from Left to Right* Carol Mason examines the legacies of a pivotal 1974 curriculum dispute in West Virginia that heralded the rightward shift in American culture and politics. At a time when black nationalists and white conservatives were both maligned as extremists for opposing education reform, the wife of a fundamentalist preacher who objected to new language arts textbooks featuring multiracial literature sparked the yearlong conflict. It was the most violent textbook battle in America, inspiring mass marches, rallies by white supremacists, boycotts by parents, and strikes by coal miners. Schools were closed several times due to arson and dynamite while national and international news teams descended on Charleston. A native of Kanawha County, Mason infuses local insight into this study of historically left-leaning protesters ushering in cultural conservatism. Exploring how reports of the conflict as a hillbilly feud affected all involved, she draws on substantial archival research and interviews with Klansmen, evangelicals, miners, bombers, and businessmen, all of whom like herself were residents of Kanawha County during the dispute. Mason investigates vulgar accusations of racism that precluded a richer understanding of how ethnicity, race, class, and gender blended together as white protesters set out to protect their children's souls. In the process, she demonstrates how the significance of the controversy goes well beyond resistance to social change on the part of Christian fundamentalists or a cultural clash between elite educators and working class citizens. The alliances, tactics, and political discourses that emerged in the Kanawha Valley in 1974 crossed traditional lines, inspiring innovations in neo-Nazi organizing, propelling Christian conservatism into the limelight, and providing models for women of the New Right.

My Father's Shadow David L. Dudley, 2016-11-11 In *My Father's Shadow* David L. Dudley explores a line of African American men's autobiographies starting with Frederick Douglass and moving on through Booker T. Washington, W. E. B. Du Bois, Richard Wright, James Baldwin, Eldridge Cleaver, and Malcolm X. In life, these writers did not enjoy normal relationships with their fathers, who were all unknown, absent, or abusive. Damaged and damaging father-son relationships in childhood, Dudley contends, spill over into adult personal and artistic relationships, clouding and complicating the already complex issue of identity that lies at the core of any autobiographical endeavor. Dudley identifies a kind of intergenerational Oedipus conflict: each rising autobiographer seeks through his text to displace his predecessor in order to gain imaginative space for himself as well as a position of

authority in the black and sometimes white community As each writer strives to come to terms with the powerful father figure in the black male autobiographical tradition he also wrestles with the larger issue of his own identity in relation to the literary and cultural traditions in which he lives and writes Dudley also traces the triumph of these writers as they establish their own identity in the face of great personal and societal odds *My Father's Shadow* is an important contribution to the study of African American literature history politics and culture It will also serve as an examination of the experiences of seven writers as they struggle with what it means to be a black man and a black writer in America *Rivals on Ice* Nora Kensington, 2025-05-06 *Rivals on Ice* A Heated Rivalry Unlikely Love and a Season That Changes Everything Peter is used to winning As a star hockey player for the Chicago Lynx he's mastered the game and every challenge that comes his way until he meets Tilly the fiery freshman who dares to say no Her rejection cuts deep and he makes it his mission to make her life a living hell But after graduation Peter leaves that bitter past behind or so he thinks Years later fate brings them together again but this time the stakes are even higher Tilly is now a pediatric resident and dating the one person Peter can't stand the son of his team's owner But when her relationship crumbles an unexpected event forces Peter and Tilly to pretend they're a couple for the rest of the season A lie that's hard to keep up with their past animosity and growing attraction *Rivals on Ice* is a captivating sports romance that's packed with intense chemistry emotional twists and heart-pounding tension Will Peter's buried secrets keep him from a future with the woman he can't resist Or can love break the ice and give them both a chance at something real *Hip Hop Intellectual Resistance* A. Shahid Stover, 2009-07-22 As an engaging philosophical work of social critique and cultural commentary A. Shahid Stover ignites a series of explosive critical interrogations which explore a tense unity of Hip Hop aesthetics and radical social theory Written with the compelling audacity of a young iconoclast Stover challenges the reader with an elevated critical discourse which remains diligently grounded and ever relevant to the streets of a world in structural transition spiritual alienation socio-political upheaval and intellectual revolt *Hip Hop Intellectual Resistance* is a book of genuine existential liberationist commitment as lived and experienced by a new voice of independent radical thought who revels in confronting the academy with social relevance and inciting the streets with intellectual rigor *African American Autobiographers* Emmanuel S. Nelson, 2002-03-30 There is growing popular and scholarly interest in autobiography along with increasing regard for the achievements of African American writers The first reference of its kind this volume chronicles the autobiographical tradition in African American literature Included are alphabetically arranged entries for 66 African American authors who present autobiographical material in their works The volume profiles major figures such as Frederick Douglass Zora Neale Hurston Richard Wright Maya Angelou James Baldwin and Malcolm X along with many lesser-known autobiographers who deserve greater attention While some are known primarily for their literary accomplishments others have gained acclaim for their diverse contributions to society The entries are written by expert contributors and provide authoritative information about their subjects Each begins with a concise

biography which summarizes the life and achievements of the autobiographer This is followed by a discussion of major autobiographical works and themes along with an overview of the autobiographer s critical reception The entries close with primary and secondary bibliographies and a selected general bibliography concludes the volume Together the entries provide a detailed portrait of the African American autobiographical tradition from the 18th century to the present **The Lever of**

Riches Joel Mokyr,1992-04-09 In a world of supercomputers genetic engineering and fiber optics technological creativity is ever more the key to economic success But why are some nations more creative than others and why do some highly innovative societies such as ancient China or Britain in the industrial revolution pass into stagnation Beginning with a fascinating concise history of technological progress Mokyr sets the background for his analysis by tracing the major inventions and innovations that have transformed society since ancient Greece and Rome What emerges from this survey is often surprising the classical world for instance was largely barren of new technology the relatively backward society of medieval Europe bristled with inventions and the period between the Reformation and the Industrial Revolution was one of slow and unspectacular progress in technology despite the tumultuous developments associated with the Voyages of Discovery and the Scientific Revolution What were the causes of technological creativity Mokyr distinguishes between the relationship of inventors and their physical environment which determined their willingness to challenge nature and the social environment which determined the openness to new ideas He discusses a long list of such factors showing how they interact to help or hinder a nation s creativity and then illustrates them by a number of detailed comparative studies examining the differences between Europe and China between classical antiquity and medieval Europe and between Britain and the rest of Europe during the industrial revolution He examines such aspects as the role of the state the Chinese gave up a millennium wide lead in shipping to the Europeans for example when an Emperor banned large ocean going vessels the impact of science as well as religion politics and even nutrition He questions the importance of such commonly cited factors as the spill over benefits of war the abundance of natural resources life expectancy and labor costs Today an ever greater number of industrial economies are competing in the global market locked in a struggle that revolves around technological ingenuity The Lever of Riches with its keen analysis derived from a sweeping survey of creativity throughout history offers telling insights into the question of how Western economies can maintain and developing nations can unlock their creative potential **Black Frankenstein** Elizabeth Young,2008-08-10 For all the scholarship devoted to Mary Shelley s English

novel Frankenstein there has been surprisingly little attention paid to its role in American culture and virtually none to its racial resonances in the United States In Black Frankenstein Elizabeth Young identifies and interprets the figure of a black American Frankenstein monster as it appears with surprising frequency throughout nineteenth and twentieth century U S culture in fiction film essays oratory painting and other media and in works by both whites and African Americans Black Frankenstein stories Young argues effect four kinds of racial critique they humanize the slave they explain if not justify black

violence they condemn the slaveowner and they expose the instability of white power The black Frankenstein's monster has served as a powerful metaphor for reinforcing racial hierarchy and as an even more powerful metaphor for shaping anti racist critique Illuminating the power of parody and reappropriation Black Frankenstein tells the story of a metaphor that continues to matter to literature culture aesthetics and politics

Hollywood Fantasies of Miscegenation Susan Courtney, 2021-12-07 *Hollywood Fantasies of Miscegenation* analyzes white fantasies of interracial desire in the history of popular American film From the first interracial screen kiss of 1903 through the Production Code's nearly thirty year ban on depictions of miscegenation to the contemplation of mixed marriage in *Guess Who's Coming to Dinner* 1967 this book demonstrates a long popular yet underexamined record of cultural fantasy at the movies With ambitious new readings of well known films like D W Griffith's 1915 epic *The Birth of a Nation* and of key forgotten films and censorship documents Susan Courtney argues that dominant fantasies of miscegenation have had a profound impact on the form and content of American cinema What does it mean Courtney asks that the image of the black rapist became a virtual cliché while the sexual exploitation of black women by white men under slavery was perpetually repressed What has this popular film legacy invited spectators to remember and forget How has it shaped our conceptions of and relationships to race and gender Richly illustrated with more than 140 images *Hollywood Fantasies of Miscegenation* carefully attends to cinematic detail revising theories of identity and spectatorship as it expands critical histories of race sex and film Courtney's new research on the Production Code's miscegenation clause also makes an important contribution inviting us to consider

how that clause was routinely interpreted and applied and with what effects Literature Suppressed on Social Grounds Dawn B. Sova, 2014-05-14 Literature Suppressed on Social Grounds Revised Edition discusses writings that have been banned over the centuries because they offended or merely ignored official truths challenged widely held assumptions or contained ideas or language unacceptable to a state religious institution or private moral watchdog The entries new to this edition include the Captain Underpants series We All Fall Down by Robert Cormier and Jake and Honeybunch Go to Heaven by Margaret Zemach Also included are updates to the censorship histories of such books as To Kill a Mockingbird and Of Mice and Men The Real Negro Shelly Eversley, 2004-03-29 In this book Shelly Eversley historicizes the demand for racial authenticity what Zora Neale Hurston called the real Negro in twentieth century American literature Eversley argues that the modern emergence of the interest in the real Negro transforms the question of what race an author belongs into a question of what it takes to belong to **If We Must Die** Aimé J. Ellis, 2011-06-15 Investigates a variety of texts in which the self image of poor urban black men in the U S is formed within by and against a culture of racial terror and state violence In If We Must Die From Bigger Thomas to Biggie Smalls author Aim J Ellis argues that throughout slavery the Jim Crow era and more recently in the proliferation of the prison industrial complex the violent threat of death has functioned as a coercive disciplinary practice of social control over black men In this provocative volume Ellis delves into a variety of literary and cultural texts to consider unlawful and extralegal violence like lynching mob violence and white riots in addition to state violence such as state sanctioned execution the unregulated use of force by police and prison guards state neglect or inaction and denial of human and civil rights Focusing primarily on young black men who are depicted or see themselves as bad niggers gangbangers thugs social outcasts high school drop outs or prison inmates Ellis looks at the self affirming embrace of deathly violence and death defiance both imagined and lived in a diverse body of cultural works From Richard Wright s literary classic Native Son Eldridge Cleaver s prison memoir Soul on Ice and Nathan McCall s autobiography Makes Me Wanna Holler to the hip hop music of Eazy E Tupac Shakur Notorious B I G and D Angelo Ellis investigates black men s representational identifications with and attachments to death violence and death defiance as a way of coping with and negotiating late twentieth and early twenty first century culture Distinct from a sociological study of the material conditions that impact urban black life If We Must Die investigates the many ways that those material conditions and lived experiences profoundly shape black male identity and self image African American studies scholars and those interested in race in contemporary American culture will appreciate this thought provoking volume From Black Power to Prison Power D.
