Stitch In Time:

A Stitch in Time Ann Rinaldi,1994 Hannah is the strong one The one who cares for her brothers and sisters the one who s kept the family together But now everything is changing Her father is more distant and her siblings are starting lives of their own That s when Hannah decides to make a quilt A quilt of fabrics from people who are special to the family people they trust And when the sisters are separated Hannah makes sure they each have a piece of the quilt The quilt she hopes will bring her family together again

A Stitch in Time Frederick H. Abernathy,John T. Dunlop,Janice H. Hammond,David Weil,1999-07-29 The apparel and textile industries have always been at the mercy of rapidly changing styles and fickle customers who want the latest designs while they are still in fashion The result for these businesses often forced to forecast sales and order from suppliers with scant information about volatile demand is a history of stock shortages high inventories and costly markdowns But as the authors explain in A Stitch in Time technological advances in the 1980s paved the way for a new concept in retailing lean retailing Pioneered by companies like WAL MART lean retailing has reshaped the way that products are ordered virtually eliminating delays from distribution center to sales rack by drawing on sales data captured electronically at the checkout counter Armed with up to the minute data about colors sizes styles and geographic sales apparel and textile companies now must be able to respond rapidly to real time orders efficiently based on new approaches to distributing merchandise forecasting planning organizing production and managing supplier relations A Stitch in Time shows that even in the face of burgeoning product proliferation companies that successfully adapt to the world of lean retailing can reduce inventory risk reduce costs and increase profitability while improving their responsiveness to the ever changing tastes of customers Based on the success of these practices in the apparel industry lean retailing practices are propagating through a growing number of consumer product industries A richly detailed and resonant account A Stitch in Time brilliantly captures both the history and future of the retail apparel textile channel and offers bold insights on the changes and challenges facing retailers and manufacturers in all segments of our rapidly changing economy

A Stitch in Time Gene Elston,2006 A Stitch in Time Aimee E. Newell,2014-03-15 Drawing from 167 examples of decorative needlework primarily samplers and quilts from 114 collections across the United States made by individual women aged forty years and over between 1820 and 1860 this exquisitely illustrated book explores how women experienced social and cultural change in

antebellum America The book is filled with individual examples stories and over eighty fine color photographs that illuminate the role that samplers and needlework played in the culture of the time For example in October 1852 Amy Fiske 1785 1859 of Sturbridge Massachusetts stitched a sampler But she was not a schoolgirl making a sampler to learn her letters Instead as she explained The above is what I have taken from my sampler that I wrought when I was nine years old It was w rough t on fine cloth and it tattered to pieces My age at this time is 66 years Situated at the intersection of women s history material culture study and the history of aging this book brings together objects diaries letters portraits and prescriptive literature to consider how middle class American women experienced the aging process Chapters explore the physical and mental effects of old age on antebellum women and their needlework technological developments related to needlework during the antebellum period and the tensions that arose from the increased mechanization of textile production and how gift needlework functioned among friends and family members Far from being solely decorative ornaments or functional household textiles these samplers and quilts served their own ends They offered aging women a means of coping of sharing and of expressing themselves These threads of time provide a valuable and revealing source for the lives of mature antebellum women Publication of this book was made possible in part through generous funding from the Coby Foundation Ltd and from the Quilters Guild of Dallas Helena Hibbs Endowment Fund
