Shadow Sites Kitty Hauser, 2007-03-29 At certain times of the day at sunrise and sunset the outlines of prehistoric fields barrows and hill forts in the British landscape may be thrown into relief Such shadow sites best seen from above and captured by an airborne camera are both examples of and metaphors for a particular way of seeing the landscape At a time of rapid modernisation and urbanisation in mid twentieth century Britain an archaeological vision of the British landscape reassured and enchanted a number of writers artists photographers and film makers From John Piper Eric Ravilious and Shell guide books to photographs of bomb damage aerial archaeology and *The Wizard of Oz* Kitty Hauser delves into evocative interpretations of the landscape and looks at the affinities between photography as a medium to capture traces of the past as well as their absence

The Sablethorn Accord Krystal Graham, 2025-02-05 In a world where shadows are currency and light is a curse two outcasts forge a pact that will shatter the heavens Nyxara Veythra a witch stripped of her shadow by betrayal walks the ashen wastes of Umbrathis as a living scar her body marked by phantom fissures where her silhouette once clung Thalorin Veyth a thief cursed to disintegrate at sunrise into golden motes stumbles into her path with an offer infiltrate the Eclipse Consortium's celestial vaults to reclaim her shadow and cure his affliction Together they ignite a heist that will unravel realms From the Bazaar of Broken Hours where time fractures into shards and merchants hawk stolen minutes to the Luminous Gaol a prison spun from liquid mirrors that reflect the darkest sins of those who gaze into them Nyxara and Thalorin face trials that test their fragile alliance Nyxara bargains with starved chronophages and confesses buried truths while Thalorin trades ribs for borrowed time his body unraveling faster with every step But the heart of their heist lies in the Vault of Crystallized Shadows where Nyxara's stolen shadow pulses with sentient malice fused to the crown of her betrayer

Kaelvir As the thieves pact frays they uncover a deeper betrayal the shadow itself hungers to infest Nyxara's void while Thalorin's true name a secret that could unmake him has been whispered to their enemies In a final desperate gambit Nyxara and Thalorin must choose merge with their curses and risk annihilation or let their bond dissolve into cosmic dust Their collision of light and void will birth a new entity a living paradox that drifts through realms mending fractured time and whispering secrets to starved chronophages *The Visual World of Shadows* Roberto Casati, Patrick Cavanagh, 2023-12-26

How the perception of shadows studied by vision scientists and visual artists reveals the inner workings of the visual system In *The Visual World of Shadows* Roberto Casati and Patrick Cavanagh examine how the perception of shadows as studied by vision scientists and visual artists reveals the inner workings of the visual system Shadows are at once a massive problem for vision which must distinguish them from objects or material features of objects and a resource signaling the presence location shape and size of objects Casati and Cavanagh draw up an inventory of information retrievable from shadows showing their amazing variety They present an overview of the visual system distinguishing between measurement and inference They discuss the shadow mission the work done by the visual brain to parse and perhaps discard the information from shadows shadow ownership the association of a shadow with the object that casts it shadow labeling the visual system's ability to tell shadows from nonshadows and the shadow concept our knowledge about shadows as a category Casati and Cavanagh then apply the theoretical apparatus they have developed for shadows to other phenomena illumination reflection and transparency Finally they examine the art of the shadow paying tribute to artists exploration of shadow analyzing a series of artworks reproduced in color from a rich and fascinating art historical corpus *Taming Gaming* Andy

A Poemers Poemerings Marjory Bennett,2018-02-15 I chose the title A Poemers Poemerings because it means for me that someone is always writing about something or anything Its odd and catchy at the same time and its the main title for the series that I am writing in volumes because theres too many to put into one book I think of all my poems as individual artworks All on their own they are completed from start to finish It is a journey a path and a message that will inspire mesmerize intrigue and take you to that deepness that hasn't been felt or known of your own self Allow yourself to think about what is there to see out there and what each one is telling you Envision the poem and let yourself see the answers to your own thoughts of these pieces of artworks

The Photographic Times ,1889 **The Bedtrick** Wendy Doniger,2022-08-22 Somehow I woke up one day and found myself in bed with a stranger Meant literally or figuratively this statement describes one of the best known plots in world mythology and popular storytelling In a tour that runs from Shakespeare to Hollywood and from Abraham Lincoln to Casanova the erudite and irrepressible Wendy Doniger shows us the variety danger and allure of the bedtrick or what it means to wake up with a stranger The Bedtrick brings together hundreds of stories from all over the world from the earliest recorded Hindu and Hebrew texts to the latest item in the Weekly World News to show the hilariously convoluted sexual scrapes that people manage to get themselves into and out of Here you will find wives who accidentally commit adultery with their own husbands You will read Lincoln s truly terrible poem about a bedtrick You will learn that in Hong Kong the film The Crying Game was retitled Oh No My Girlfriend Has a Penis And that President Clinton was not the first man to be identified by an idiosyncratic organ At the bottom of these wonderful stories ancient myths and historical anecdotes lie the dynamics of sex and gender power and identity Why can t people tell the difference in the dark Can love always tell the difference between one lover and another And what kind of truth does sex tell Funny sexy and engaging The Bedtrick is a masterful work of energetic storytelling and dazzling scholarship Give it to your spouse and your lover

landscapes can skew ordinary ways of seeing when viewed through the lens of photography suggesting new worlds imbued with fantasy mystery sexuality and tension In *Old Fields* John Stilgoe one of the most original observers of his time offers a poetic and controversial exploration of the generations long effort to portray glamour Fusing three forces in contemporary American culture amateur photography after 1880 the rise of glamour and fantasy and the often mysterious quality of landscape photographs Stilgoe provides a wide ranging yet concentrated take on the cultural legacy of our photographic history Through the medium of shop theory the techniques tools and purpose made equipment a maker uses to realize intent Stilgoe looks at the role of Eastman Kodak in shaping the ways photographers purchased cameras and films while also mapping the divisions that were created by European made cameras He then goes on to argue that with the proliferation of digital cameras smart phones and Instagram young people s lack of knowledge about photographic technique is in direct correlation to their lack of knowledge of the history of glamour photography In his exploration of the rise of glamour and fantasy in contemporary American culture Stilgoe offers a provocative and very personal look into his enduring fascination with and the possibilities inherent in creating one s own images

Hindu and Greek mythologies teem with stories of women and men who are doubled This text recounts and compares a range of these The comparisons show that differences in gender are more significant than differences in culture **Gothic Cinema** Xavier Aldana Reyes,2019-12-12 Arguing for the need to understand Gothic cinema as an aesthetic mode this book explores its long history from its transitional origins in phantasmagoria shows and the first trick films to its postmodern fragmentation in the Gothic pastiches of Tim Burton But what is Gothic cinema Is the iconography of the Gothic film equivalent to that of the horror genre Are the literary origins of the Gothic what solidified its aesthetics And exactly what cultural roles does the Gothic continue to perform for us today Gothic Cinema covers topics such as the chiaroscuro experiments of early German cinema the monster cinema of the 1930s the explained supernatural of the old dark house mystery films of the 1920s and the Female Gothics of the 1940s the use of vibrant colours in the period Gothics of the late 1950s the European exploitation booms of the 1960s and 1970s and the animated films and Gothic superheroes that dominate present times Throughout Aldana Reyes makes a strong case for a medium specific and more intuitive approach to the Gothic on screen that acknowledges its position within wider film industries with their own sets of financial pressures and priorities This groundbreaking book is the first thorough chronological transhistorical and transnational study of Gothic cinema ideal for both new and seasoned scholars as well as those with a wider interest in the Gothic **Ministry Eleven**
