Second book in New York Times bestselling author Tad Williams s cyberpunk fantasy series Tad Williams is the brightest and best of the fantasists Neil Gaiman author of American Gods Otherland In many ways it is humankind s most stunning achievement a private multidimensional universe built over two generations by the greatest minds of the twenty first century But this most exclusive of places is also one of the world s best kept secrets created and controlled by an organization made up of the world s most powerful and ruthless individuals a private cartel known to those who know of their existence at all as The Grail Brotherhood Though their purpose in creating Otherland is still a mystery it may not remain so for long For they have exacted a terrible price from humanity in the process and even their highly organized global conspiracy cannot hide the nature of their crimes forever And now a small band of adventurers has penetrated the veil of secrecy that prevents the uninitiated from entering Otherland But having broken into the amazing worlds within worlds that make up this universe they are trapped unable to escape back to their own flesh and blood bodies in the real world And as dangers and circumstances split their party into small widely scattered groups their only hope of reuniting lies in returning again and again to the River that flows in one form or another through all the worlds But the odds seem to be completely against them as they and the one outsider with whom they might join forces become hopelessly lost in realms where an Ice Age tribe s fears can only be quenched in blood where insects are as large and deadly as dinosaurs where they are caught in the war between a man made of straw and one made of tin where cartoon ads take on a life of their own where humans strive to survive in the aftermath of an alien invasion and where one among their party is actually The Grail Brotherhood s most terrifying weapon a sociopathic killer who has never failed and whose current mission is to make certain that not even one member of this little invasion force lives long enough to reveal the truth about Otherland to the people of Earth

Tolkien to Terry Pratchett and Tad Williams Stefanie Schult,2017-01-26 The doctoral thesis argues that the term Subcreation with its revised and broadened definition in part differing from J R R Tolkien s original term sub creation may be used for the discussion of the making of fictional worlds in literary discourse The successful conception of a fictional world depends on the reader s willing suspension of disbelief This depends both on the author and his skilled composition of the world and all its aspects as well as on the reader s acceptance of this invented fictional world The author needs to create a narrative with an inner consistency which is crucial to achieving the effect of the reader s immersion in the fictional world The fundamental aspects that an author needs to realize to achieve successful Subcreation have been structured into and analysed in four categories Language and Linguistic Variation Physiopoeia Anthropoeia and Mythopoeia Furthermore this thesis shows that as contemporary examples of fantastic literature both Tad Williams s and Terry Pratchett s fictional worlds are successfully created through the realization of these aspects of Subcreation Apart from commenting on the success of the subcreative process this thesis also remarks upon the cultural influences both authors include in their writings While both may be considered Anglophone in a general categorization Pratchett s Discworld retains a feeling of Britishness that is not to be found in Williams s Otherland The thesis proposes several approaches to Subcreation that may be studied subsequently So for example it may be possible to determine the success of an author s Subcreation by collecting empirical data Apart from literary works this field of studies may also include other media **Amazing Stories** ,1993 *Science Fiction, Fantasy & Horror* ,1991 A comprehensive bibliography of books and short fiction published in the English language **British Book News** British Council,1991 Includes no 53a British wartime books for young people *British Book News* ,1991 Kliatt Young Adult Paperback Book Guide ,1991 **The Sleep of Stone** Louise Cooper,1993 When the man she loves brings his betrothed to his great house Ghysla a creature from another race of beings exacts a terrible revenge *Olderr's Fiction Index* ,1990
