Stonehenge Gate:

The Stonehenge Gate Jack Williamson, 2005-08 Visionary new SF adventure by the Hugo and Nebula award winning author of *Terraforming Earth* *Stonehenge* Michael Parker Pearson, Stonehenge Riverside Project (England), 2012-06-07 Our knowledge about Stonehenge has changed dramatically as a result of the Stonehenge Riverside Project 2003-2009 led by Mike Parker Pearson and included not only Stonehenge itself but also the nearby great henge enclosure of Durrington Walls This book is about the people who built Stonehenge and its relationship to the surrounding landscape The book explores the theory that the people of Durrington Walls built both Stonehenge and Durrington Walls and that the choice of stone for constructing Stonehenge has a significance so far undiscovered namely that stone was used for monuments to the dead Through years of thorough and extensive work at the site Parker Pearson and his team unearthed evidence of the Neolithic inhabitants and builders which connected the settlement at Durrington Walls with the henge and contextualised Stonehenge within the larger site complex linked by the River Avon as well as in terms of its relationship with the rest of the British Isles Parker Pearson's book changes the way that we think about Stonehenge correcting previously erroneous chronology and dating filling in gaps in our knowledge about its people and how they lived identifying a previously unknown type of Neolithic building discovering Bluestonehenge a circle of 25 blue stones from western Wales and confirming what started as a hypothesis that Stonehenge was a place of the dead through more than 64 cremation burials unearthed there which span the monument's use during the third millennium BC In lively and engaging prose Parker Pearson brings to life the imposing ancient monument that continues to hold a fascination for everyone **Stonehenge - A New Understanding** Mike Parker Pearson, 2014-03-25 Stonehenge stands as an enduring link to our prehistoric ancestors yet the secrets it has guarded for thousands of years have long eluded us Until now the millions of enthusiasts who flock to the iconic site have made do with mere speculation about Stonehenge's celestial significance human sacrifice and even aliens and druids One would think that the numerous research expeditions at Stonehenge had left no stone unturned Yet before the Stonehenge Riverside Project a hugely ambitious seven year dig by today's top archaeologists all previous digs combined had only investigated a fraction of the monument and many records from those earlier expeditions are either inaccurate or incomplete *Stonehenge A New Understanding* rewrites the story From 2003 to 2009 author Mike Parker Pearson led the Stonehenge Riverside Project the most comprehensive excavation ever conducted around Stonehenge The project unearthed a wealth of fresh evidence that had gone untouched since prehistory Parker Pearson uses that evidence to present a paradigm shifting theory of the true significance that Stonehenge held for its builders and mines his field notes to give you a you are there view of the dirt drama and thrilling discoveries of this history changing archaeological dig [Pandora's Box](#) Kyle Weyburne, 2023-07-06 *Pandora's Box* is the story of Gilbert O Sullivan a middle aged man stuck in his monotonous existence at Leeds University After investigating an archaeological dig in Palestine he is befriended by an Israeli who tells him about another Bible one slightly

different to the one we all know When Gilbert visits Bugenheim he finds him dying on the floor of his apartment His final words send him on a hunt for a copy of this legendary book Gilbert finds himself in the depths of Africa scaling a cliff to an ancient monastery Unbeknownst to him though an agent of the Church is hot on his heels and engineers a fall which sees Gilbert encased in plaster and confined to a wheel chair with a morphine drip His experiences now humorously coloured by the morphine seeping into his veins allow him to discover things which his academic brain would otherwise struggle to recognise As the revelations unfold his pursuer starts to question his own faith as the evidence mounts that someone other than his beloved Jesus is the Messiah The interesting thing about this book is that it is a real conspiracy theory The original Messiah was not Jesus but a man who lived 150 years before him who few today have heard of Pandora's Box is a fictional account of how this might have come to the world's attention The information in this book is accurate the maps are real the information in Enoch is real and the quotes from Judas are from the actual Gospel of Judas History is not always a reliable witness

Fools' Gold David Hutchinson, 1979 [Highways and Byways in Wiltshire](#) Edward Hutton, 1919 **The Gael Gates** Scott Michael Decker, 2022-02-04 The Federation is on the verge of collapse After three people disappear into the mysterious portals that hold the empire together Culann Penrose is called in to investigate After he discovers that the ancient gate system is crumbling he orders them to be shut down The druids oppose Penrose's plans and soon Culann discovers that something is out to destroy him and plunge the Empire into an age of darkness Can Culann's Science save Magic before it destroys him or will his Magic save the Science of the Gael Gates

The Wiltshire Archaeological and Natural History Magazine, 1902 Includes proceedings of the annual general meetings of the Wiltshire Archaeological and Natural History Society [The Neolithic of Europe](#) Penny Bickle, Daniela Hofmann, Joshua Pollard, 2017-05-31 The Neolithic of Europe comprises eighteen specially commissioned papers on prehistoric archaeology written by leading international scholars The coverage is broad ranging geographically from southeast Europe to Britain and Ireland and chronologically from the Neolithic to the Iron Age but with a decided focus on the former Several papers discuss new scientific approaches to key questions in Neolithic research while others offer interpretive accounts of aspects of the archaeological record Thematically the main foci are on Neolithisation the archaeology of Neolithic daily life settlements and subsistence as well as monuments and aspects of world view A number of contributions highlight the recent impact of techniques such as isotopic analysis and statistically modeled radiocarbon dates on our understanding of mobility diet lifestyles events and historical processes The volume is presented to celebrate the enormous impact that Alasdair Whittle has had on the study of prehistory especially the European and British Neolithic and his rich career in archaeology

Reading and Mapping Hardy's Roads Scott Rode,2006-06-23 This book examines Thomas Hardy s representations of the road and the ways the archaeological and historical record of roads inform his work Through an analysis of the uneven and often competing road signs found within three of his major novels *The Return of the Native* *Tess of the D Urbervilles* and *Jude the Obscure* and by mapping the road travels of his protagonists this book argues that the road as represented by Hardy provides a palimpsest that critiques the Victorian construction of social and sexual identities Balancing modern exigencies with mythic possibilities Hardy s fictive roads exist as contested spaces that channel desire for middle class assimilation even as they provide the means both to reinforce and to resist conformity to hegemonic authority ***Directory of Corporate Counsel, 2023 Edition*** , ***The Wiltshire Archaeological and Natural History Magazine*** ,1904 *The Secrets of the Immortal Nicholas Flamel Complete Collection (Books 1-6)* Michael Scott,2020-10-20 Includes the whole series Nicholas Flamel appeared in J K Rowling s *Harry Potter* but did you know he really lived And he might still be alive today Discover the truth in Michael Scott s New York Times bestselling series the *Secrets of the Immortal Nicholas Flamel* now in a complete 6 book collection *The Alchemyst* *The Magician* *The Sorceress* *The Necromancer* *The Warlock* and *The Enchantress* The truth Nicholas Flamel was born in Paris on September 28 1330 The legend Nicholas Flamel discovered the secret of eternal life The records show that he died in 1418 But his tomb is empty Nicholas Flamel lives But only because he has been making the elixir of life for centuries The secret of eternal life is hidden within the book he protects the *Book of Abraham the Mage* It s the most powerful book that has ever existed In the wrong hands it will destroy the world That s exactly what Dr John Dee plans to do when he steals it Humankind won t know what s happening until it s too late And if the prophecy is right Sophie and Josh Newman are the only ones with the power to save the world as we know it Sometimes legends are true And Sophie and Josh Newman are about to find themselves in the middle of the greatest legend of all time A riveting fantasy While
