Encyclopedia of Nineteenth-Century Photography John Hannavy,2013-12-16 The Encyclopedia of Nineteenth Century Photography is the first comprehensive encyclopedia of world photography up to the beginning of the twentieth century It sets out to be the standard definitive reference work on the subject for years to come Its coverage is global an important first in that authorities from all over the world have contributed their expertise and scholarship towards making this a truly comprehensive publication The Encyclopedia presents new and ground breaking research alongside accounts of the major established figures in the nineteenth century arena Coverage includes all the key people processes equipment movements styles debates and groupings which helped photography develop from being a solution in search of a problem when first invented to the essential communication tool creative medium and recorder of everyday life which it had become by the dawn of the twentieth century The sheer breadth of coverage in the 1200 essays makes the Encyclopedia of Nineteenth Century Photography an essential reference source for academics students researchers and libraries worldwide *The Journal of Education* ,1907 **The Oxford Handbook of the History of Archaeology** Margarita Díaz-Andreu,Laura Coltofean,2024 The Oxford Handbook of the History of Archaeology offers comprehensive perspectives on the origins and developments of the discipline of archaeology and the direction of future advances in the field Written by thirty six archaeologists and historians from all over the world it covers a wide range of themes and debates including biographical accounts of key figures scientific techniques and archaeological fieldwork practices institutional contexts and the effects of religion nationalism and colonialism on the development of archaeology *Aerial Photography and Archaeology 2003* Jean Bourgeois,Marc Meganck,2005 This publication contains the selected proceedings of a conference devoted to the history of aerial photography Ghent 2003 **Photo-era** ,1918 **Double Exposure** Olga Shevchenko,2017-09-08 Over the past decade historians and sociologists have increasingly used visual materials in particular photographs in their work This volume brings together historians sociologists anthropologists and media and visual scholars to articulate how photography as a practice and as a visual medium can provide insights into national memory collective identities and the historical imagination This collection allows the reader to trace parallel conceptual developments occurring in the sociology and

anthropology of memory and in the history and theory of photography and to illustrate the unique angles of vision these disciplines offer Photographic images commonly accompany historical accounts from documentaries to family scrapbooks and since the early days of commercial photography pictures have been viewed as tools to capture memories Later critical writing has challenged this equation by inverting it photos along with other archival practices were often viewed as falling short of their supposed function as vessels of memory and at times even denounced as devices that distorted memories How does photography participate in the formation and maintenance of collective identities and shared memory discourses from the family to the nation Furthermore how can we begin to conceptualize photography s effects on the historical imagination of individuals and groups Double Exposure endeavors to answer these questions by calling attention to the variety of contexts in which images circulate and to the narratives from which they spring and which they in turn shape This is the latest volume in Transaction s Memory and Narrative series
