The Phoenix Program Douglas Valentine, 2014-06-10 This shocking expose of the CIA operation aimed at destroying the Vietcong infrastructure thoroughly conveys the hideousness of the Vietnam War Publishers Weekly In the darkest days of the Vietnam War America s Central Intelligence Agency secretly initiated a sweeping program of kidnap torture and assassination devised to destabilize the infrastructure of the National Liberation Front NLF of South Vietnam commonly known as the Viet Cong The victims of the Phoenix Program were Vietnamese civilians male and female suspected of harboring information about the enemy though many on the blacklist were targeted by corrupt South Vietnamese security personnel looking to extort money or remove a rival Between 1965 and 1972 more than eighty thousand noncombatants were neutralized as men and women alike were subjected to extended imprisonment without trial horrific torture brutal rape and in many cases execution all under the watchful eyes of US government agencies Based on extensive research and in depth interviews with former participants and observers Douglas Valentine s startling expos blows the lid off of what was possibly the bloodiest and most inhumane covert operation in the CIA s history The ebook edition includes The Phoenix Has Landed a new introduction that addresses the Phoenix style network that constitutes America s internal security apparatus today Residents on American soil are routinely targeted under the guise of protecting us from terrorism which is why more than ever people need to understand what Phoenix is all about

Rogue Warrior Richard Marcinko, 2009-11-24 A brilliant virtuoso of violence Richard Marcinko rose through Navy ranks to create and command one of this country's most elite and classified counterterrorist units SEAL TEAM SIX Now this thirty year veteran recounts the secret missions and Special Warfare madness of his worldwide military career and the riveting truth about the top secret Navy SEALs Marcinko was almost inhumanly tough and proved it on hair raising missions across Vietnam and a war torn world blowing up supply junks charging through minefields jumping at 19 000 feet with a chute that wouldn't open fighting hand to hand in a hellhole jungle For the Pentagon he organized the Navy's first counterterrorist unit the legendary SEAL TEAM SIX which went on classified missions from Central America to the Middle East the North Sea Africa and beyond Then Marcinko was tapped to create Red Cell a dirty dozen team of the military's most accomplished and decorated counterterrorists Their unbelievable job was to test the defenses of the Navy's most secure facilities and installations The result was predictable all hell broke loose Here is the hero who saw beyond the blood to ultimate justice and the decorated warrior who became such a maverick that the Navy brass wanted his head on a pole and for a time got it Richard Marcinko **ROGUE WARRIOR** **Naval History**, 2012 *All Hands*, 1985 Dictator's Ransom Richard Marcinko, John Taylor Gatto, John Weisman, 1997 The author describes his career with the Navy's first anti terrorist unit

SEAL Warrior Thomas H. Keith, J. Terry Riebling, 2010-07-06 With the depth and honesty of *Steel My Soldiers Hearts* SEAL Warrior sheds light on the operations of the SEAL teams in Vietnam and how the SEALs laid the foundation for modern guerilla warfare in use today **Death Trail** Don Pendleton, 1992-06-24 *A Sharp Seasoning of Truth* Pascal R. Politano, 2019-04-02 Precis for *A Sharp Seasoning of Truth* Though myriad books have appeared in recent years centering on America's foreign and domestic policies they have not addressed the overall state of the Union None of those books has made an analysis sufficiently comprehensive to light up the dark corners of those matters in national affairs vital to the general popular interest and which must be addressed for the United States to remain truly united and continue to prosper Those books are too compartmentalized Focused mainly on one subject of vital interest and importance they fail to reveal the entire canvas with all its important aspects and not least co relationships The citizens of this country are entitled to and must have a comprehensive evaluation of the true status quo if this nation is to survive The intention of this book therefore is to illuminate the entire stage of national socio political activity not least its direction **The Compact Edition of the Oxford English Dictionary** Sir James Augustus Henry Murray, 1971 Micrographic reproduction of the 13 volume Oxford English dictionary published in 1933 U.S. Navy SEALs Hans Halberstadt, 2006 Extreme Ownership Jocko Willink, Leif Babin, 2015-10-20 Highly decorated Navy SEALs now successful businessmen show readers how to lead and win in business and in life with principles learned on the battlefield The Right Kind of Crazy Clint Emerson, 2019-11-12 Clint Emerson retired Navy SEAL and author of the bestselling *100 Deadly Skills* presents an explosive darkly funny and often twisted account of being part of an elite team of operatives whose mission was to keep America safe by whatever means necessary

Clint Emerson is the only SEAL ever inducted into the International Spy Museum. Operating from the shadows with an instinct for running towards trouble, his unique skill set made him the perfect hybrid operator. Emerson spent his career on the bleeding edge of intelligence and operations, often specializing in missions that took advantage of subterfuge, improvisation, the best in recon and surveillance tech to combat the changing global battlefield. MacGyvering everyday objects into working spyware was routine, and fellow SEALs referred to his activities simply as special shit. His parameters were find, fix, and finish, and of course, leave no trace. *The Right Kind of Crazy* is unlike any military memoir you've ever read because Emerson is upfront about the fact that what makes you a great soldier and sometimes hero doesn't always make you the best guy, but it does make for damn good stories.
