Gifts from the Thunder Beings Roland Bohr, 2014-05-01 Gifts from the Thunder Beings examines North American Aboriginal peoples use of Indigenous and European distance weapons in big game hunting and combat Beyond the capabilities of European weapons Aboriginal peoples ways of adapting and using this technology in combination with Indigenous weaponry contributed greatly to the impact these weapons had on Aboriginal cultures This gradual transition took place from the beginning of the fur trade in the Hudson s Bay Company trading territory to the treaty and reserve period that began in Canada in the 1870s Technological change and the effects of European contact were not uniform throughout North America as Roland Bohr illustrates by comparing the northern Great Plains and the Central Subarctic two adjacent but environmentally different regions of North America and their respective Indigenous cultures Beginning with a brief survey of the subarctic and Northern Plains environments and the most common subsistence strategies in these regions around the time of contact Bohr provides the context for a detailed examination of social spiritual and cultural aspects of

bows arrows quivers and firearms His detailed analysis of the shifting usage of bows and arrows and firearms in the northern Great Plains and the Central Subarctic makes *Gifts from the Thunder Beings* an important addition to the canon of North American ethnology *Weapons in Late Shang (c.1250-1050 BCE) China* Qin Cao,2022-09-21 *Weapons in Late Shang c 1250 1050 BCE China Beyond Typology and Ritual* explores the large quantities of bronze and jade weapons such as dagger axes spears and arrows found at the World Heritage site of Yinxu the late Shang capital located near today s Anyang city in central China Qin Cao s innovative research presents new insights into these weapons moving beyond perceptions of them being primarily symbols of power and rank Through the lens of weapons this book argues for the significance of martial prowess and leadership within late Shang society The author considers Shang weapons from an object biographical perspective tracing their life histories for the first time This book synthesises archaeological data scientific analyses and inscriptions on oracle bones and bronzes uncovering a more nuanced understanding of the complex roles weapons played in society What traces of evidence can be detected on weapons that demonstrate their ability to cause bodily harm Why were tens of thousands of weapons placed in tombs What led to certain individuals including high ranking royal females being buried with weapons This book will be of interest to academics students both undergraduates and postgraduates and researchers in archaeology particularly those focused on China East Asia or comparative studies as well as a more general readership in Chinese archaeology Researches Upon the Antiquity of Man at an Indian Stone Blade Quarry in the Delaware Valley, at a Mortuary Deposit of Indian Skeletons in Maryland, in Certain Shell Heaps on the Coast of Maine, and at the Durham Cave, and Indian House Rockshelter in Pennsylvania Henry Chapman Mercer,1897 **On the True Assignment of the Bronze Weapons, Etc., Found in Northern and Western Europe** John Lubbock,Frederic Lubbock,1866 The Archaeology of Northeast China Sarah Milledge Nelson,2002-11 Up to date study of the archaeology and prehistory of Manchuria focusing on its unique contribution to the development of Chinese culture Written by Chinese archaeologists a firsthand account that is highly accessible Fully illustrated **Estonian Journal of Archaeology** ,2006 Annual Report of the Trustees of the Peabody Museum of American Archaeology and Ethnology Peabody Museum of American Archaeology and Ethnology,1877 **Ancient Cultures of the Asiatic Eskimos** Sergei Aleksandrovich Arutiunov,Dorian Andreevich Sergeev,2006 Traditional Bow Crafting Logan Bell,Al,2025-03-29 *Traditional Bow Crafting* explores the sophisticated knowledge behind indigenous bow making revealing how cultures worldwide developed specialized archery techniques for hunting and defense The book highlights the deep understanding of wood selection and arrow crafting emphasizing how bows and arrows were not just tools but integral parts of survival social structure and even spiritual life For instance the choice of wood was crucial requiring knowledge of its mechanical properties to ensure the bow s effectiveness demonstrating a complex understanding of applied physics The book progresses logically from the principles of bow construction to detailed examinations of wood types arrow creation and archery techniques It uncovers how

indigenous cultures honed these crafts through generations of observation and experimentation By combining scientific analysis with traditional knowledge Traditional Bow Crafting provides a unique perspective challenging simple views of primitive technology Readers gain insights into the sustainable practices and ingenious methods employed making this book valuable for historians anthropologists craftspeople and anyone fascinated by traditional technologies The Earliest China Hong Xu,2021-11-09 The Earliest China is the first archaeological book in China to translate in the dominant language of the world on the origin of Chinese ancient civilization in the Central Plains and the study of Xia dynastic culture It shows readers all over the world the outstanding achievements in the study of the formation of early state in China and is the first English translation monograph on the birth history of the first dynasty of Hua Xia nation from the perspective of archaeology With the specific archaeological data on the basis of excavations and investigation conducted in recent years this book focuses on the interpretation of the rise and development of the ancient civilization having initially appeared in the Central Plain of China and even in the Eastern Asia The book contents include abundant manifestations of the first flourishing civilization especially at the Erlitou site along the Yi and Luo Rivers characteristic of ultra large capital city palace buildings elaborate bronze vessels and stratified social organization With the combination of previously literature the original author attempts to further explain how the earliest China a royal powered and large scaled state emerged four thousand years ago In this book the analysis on a comprehensive landscape of the ancient civilization prior to the Shang Dynasty leads the point of views distinctively from the traditional historical perspectives With a global perspective he further compares with other significant civilizations in the world and also points out cultural communications between the early China and other external cultures in the Bronze Age Therefore this book the Earliest China of English translated version is so appropriate to be recommended to foreign scholars and sinologists as well as everyone who has been attracted by China s charm overseas With book contents ideas and thoughts that it contains one can easily acknowledge the goals methods and reconstruction process of China s prehistory so English readers will acknowledge so well about the Chinese Archaeology in the Bronze Age which does vary in many aspects from that of European and American *The Archaeology of South Asia* Robin Coningham,Ruth Young,2015-08-31 This book synthesises the archaeology of South Asia from the Neolithic period c 6500 BCE to the third century BCE **Tool Making Guide** Logan Bell,AI,2025-02-19 Tool Making Guide explores the art of crafting essential survival tools using skills rooted in primitive technology This book offers a practical pathway to self reliance by teaching readers how to create functional tools from natural materials Learn to identify and sustainably harvest resources construct tools like cutting implements and cordage and apply them to tasks like shelter building and food gathering Did you know our ancestors relied on these skills for millennia Or that mastering friction fire starting and flint knapping can connect you to this heritage The guide progresses through material identification tool construction techniques and practical applications emphasizing that tool making empowers individuals and deepens appreciation for nature With detailed instructions and

illustrations the book provides a unique blend of theoretical understanding and hands on application encouraging adaptation and innovation based on available resources Whether you re an outdoor enthusiast history buff or someone seeking to reconnect with nature this book offers valuable insights into the ingenuity of our ancestors **Arrowheads and Spear**

Points in the Prehistoric Southeast Linda Crawford Culberson,2009-11-12 The Native American tribes of what is now the southeastern United States left intriguing relics of their ancient cultural life Arrowheads spear points stone tools and other artifacts are found in newly plowed fields on hillsides after a fresh rain or in washed out creek beds These are tangible clues to the anthropology of the Paleo Indians and the highly developed Mississippian peoples This indispensable guide to identifying and understanding such finds is for conscientious amateur archeologists who make their discoveries in surface terrain Many are eager to understand the culture that produced the artifact what kind of people created it how it was made how old it is and what its purpose was Here is a handbook that seeks identification through the clues of cultural history In discussing materials used the process of manufacture and the relationship between the artifacts and the environments it reveals ancient discoveries to be not merely interesting trinkets but by products from the once vital societies in areas that are now Alabama Arkansas Georgia Kentucky Louisiana Mississippi the Carolinas as well as in southeastern Texas southern Missouri southern Illinois and southern Indiana The text is documented by more than a hundred drawings in the actual size of the artifacts as well as by a glossary of archeological terms and a helpful list of state and regional archeological societies

Constructing "Korean" Origins Hyung Il Pai,2000 Hyung Il Pai examines how archaeological finds from Northeast Asia have been used in Korea to construct a myth of state formation emphasizing the ancient development of a pure Korean race that created a civilization rivaling those of China and Japan He shows that the Korean state was formed far later with influences from throughout Northern Asia *Children, Death and Burial* Eileen Murphy,Mélie Le Roy,2017-08-31 *Children Death and Burials* assembles a panorama of studies with a focus on juvenile burials the 16 papers have a wide geographic and temporal breadth and represent a range of methodological approaches All have a similar objective in mind however namely to understand how children were treated in death by different cultures in the past to gain insights concerning the roles of children of different ages in their respective societies and to find evidence of the nature of past adult child relationships and interactions across the life course The contextualisation and integration of the data collected both in the field and in the laboratory enables more nuanced understandings to be gained in relation to the experiences of the young in the past A broad range of issues are addressed within the volume including the inclusion exclusion of children in particular burial environments and the impact of age in relation to the place of children in society Child burials clearly embody identity and the domestic child the vulnerable child the high status child the cherished child the potential child the ritual child and the political child and combinations thereof are evident throughout the narratives Investigation of the burial practices afforded to children is pivotal to enlightenment in relation to key facets of past life including the emotional responses shown

towards children during life and in death as well as an understanding of their place within the social strata and ritual activities of their societies An important new collection of papers by leading researchers in funerary archaeology examining the particular treatment of juvenile burials in the past In particular focuses on the expression of varying status and identity of children in the funerary archaeological record as a key to understanding the place of children in different societies
