Cutting for All! Kevin L. Seligman, 1996. Containing 2 729 entries. Kevin L. Seligman's bibliography concentrates on books manuals journals and catalogs covering a wide range of sartorial approaches over nearly five hundred years. After a historical overview Seligman approaches his subject chronologically listing items by century through 1799 then by decade. In this section he deals with works on flat patterning draping grading and tailoring techniques as well as on such related topics as accessories armor civil costumes clerical costumes dressmakers systems fur gloves leather military uniforms and undergarments. Seligman then devotes a section to those American and English journals published for the professional tailor and dressmaker. Here too he includes the related areas of fur and undergarments. A section devoted to journal articles features selected articles from costume and noncostume related professional journals and periodicals. The author breaks these articles down into three categories: American English and other. Seligman then devotes separate sections to other related areas providing alphabetical listings of books and professional journals for costume and dance dolls folk and national dress footwear millinery and wigmaking and hair. A section devoted to commercial pattern companies periodicals and catalogs is followed by an appendix covering pattern companies publishers and publications. In addition to full bibliographic notation Seligman provides a library call number and library location if that information is available. The majority of the listings are annotated. Each listing is coded for identification and cross referencing. An author index a title index a subject index and a chronological index will guide readers to the material they want.
