Stones On Thorpeneb Beach:

The Stones on Thorpeness Beach Neil Powell, 1994 In Neil Powell's fourth collection he celebrates his loved Suffolk landscapes and seascapes he includes a major heartfelt thank you letter to Music he revisits childhood places and he provides a group of anecdotal True Stories There are elegies for Roy Fuller and Adam Johnson The concluding poems explore ecological themes large changes which from our perspective are indistinguishable from decay The Stones on Thorpeness Beach, 1994 *Accompanied Voices* John Greening, 2015 An anthology of poems about specific composers The poems address composers from the Renaissance through the present but they were all written since the advent of commercial recordings The poems are arranged chronologically by composer With an introduction and indices *Benjamin Britten* Neil Powell, 2013-08-06 This spellbinding centenary biography by Neil Powell looks at the music the life and the legacy of the greatest British composer of the twentieth century Benjamin Britten was born on November 22 1913 in the East Suffolk town of Lowestoft Displaying a passion and proficiency for music at an early age to the delight of his mother Edith a talented amateur musician herself he began composing music when he was only five years old After studying at the Royal College of Music Britten went on to write documentary scores for the General Post Office Film Unit where he met and collaborated with the poet W H Auden Of more lasting importance was Britten's introduction in 1937 to the tenor Peter Pears who was to become the inspirational center of his emotional and musical life Their partnership lasted nearly four decades during a dangerous time when homosexuality was illegal in England Conscientious objectors Britten and Pears followed Auden to America before the war began in 1939 While there they joined the extraordinary Brooklyn ménage of George Davis Louis MacNeice and Paul Bowles Eventually intense homesickness provoked in part by George Crabbe's poem *Peter Grimes* drove the pair home to East Anglia in 1942 and gave Britten the inspiration for his finest opera Throughout his career Britten did not want modern music to be just for the cultured few and instead always composed his music to be listenable to The shared quotidian lives of Britten and Pears unfold in this intimate biography and the story of two men who created a truly remarkable legacy Was and Is Neil Powell, 2017-01-15 There are two kinds of Collected Poems one of which presents an author's work exactly as it first appeared volume by volume This is the other sort In preparing this volume Neil Powell has returned to his poems of the past fifty years and arranged them as nearly as possible in chronological order of completion Some poems from previous volumes have been set aside while others hitherto unpublished or uncollected have been introduced The resulting book is partly the narrative of a lifetime in which certain themes seen in changing lights recur landscape and seascape music and poetry friendship and the deaths of friends Ranging from the playful to the elegiac these poems now resonate with each other in new and unexpected ways AIDS Narratives Steven F. Kruger, 2013-10-28 This is the first book length study of the rich fiction that has emerged from the AIDS crisis Examining first the ways in which scientific discourse on AIDS has reflected ideologies of gender and sexuality such as the construction of AIDS as a disease of

gay men part of a battle over masculinity and thus largely excluding women with AIDS from public attention the book considers how such discourses have shaped narrative understandings of AIDS On the one hand AIDS is seen as an invariably fatal weakening of an individual's bodily defenses a depiction often used to reconfirm an identification between disease and a weak and vulnerable gayness On the other hand AIDS is understood in terms of an epidemic attributable to gay immorality or unnaturalness The fiction of AIDS depends upon these two narratives with one major subgenre of AIDS novel presenting narratives of personal illness decline and death and a second focusing on epidemic spread These novels also question the narrative structures upon which they depend intervening particularly against the homophobia of those structures though also sometimes reinforcing it

Selected Poems Neil Powell, 1998 The book draws on over thirty years writing Of Powell's work John Greening wrote in *Poetry Review* Powell catches the windy melancholy of East Angles its loneliness its rigor His music is always delicately judged
