Stop Press The Inside Story Of The Times Dispute:

A History of the National Graphical Association John Gennard, 2025-09-24 Originally published in 1990 and written with full access to the official records of the NGA this book provides a remarkably detailed history of one of Britain's most democratic and industrially effective trades unions. The author describes and analyses the evolution and development of the NGA from 1948 to 1989. This is however more than a study of one trade union. It provides unparalleled insight into post-war industrial relations in the general printing and newspaper industry and a unique account and analysis of the impact of the most radical industrial revolution ever experienced in these industries. It also stands alone as a fascinating inquiry into the anatomy of union mergers. The book is arranged in four parts. The first deals with the NGA and its founding unions, relationship with other printing unions, the formation of the NGA in 1964 and the formation of the NGA 1982 in March 1982. The second part deals with the decision making and financial structure of the NGA whilst the third part analyses its relationship with the TUC and the Labour Party. The final part deals with the relationship with employers and covers such central issues as wages, hours of work, holidays, pensions and women's issues. *A History of the National Graphical Association* will be an invaluable resource for students and scholars of industrial relations, labour history and contemporary British politics.

My Paper Chase Harold Evans, 2009-11-05 A vivid and whip-smart memoir from the legendary editor who spent decades leading newspapers in London and New York. In *My Paper Chase* Harold Evans recounts the wild and wonderful tale of newspapering life. His story stretches from the 1930s to his service in WWII through towns big and off the map. He discusses his passion for the crusading style of reportage, he championed his clashes with Rupert Murdoch and his struggle to use journalism to better the lives of those less fortunate. There's a star-studded cast and a tremendously vivid sense of what once was: the lead type, the smell of the presses, eccentrics throughout and angry editors screaming over the intercoms. *My Paper Chase* tells the story of Evans's great loves: newspapers and Tina Brown, the bright young journalist who became his wife. In an age when newspapers everywhere are under threat, *My Paper Chase* is not just a glorious recounting of an amazing life but a nostalgic journey in black and white.

The Murdoch Archipelago Bruce Page, 2013-09-17 Rupert Murdoch is one of the most powerful men in the world today. As chief executive of News Corporation, he controls a global media empire which boasts some of the major players in newspapers, television, publishing and the movie business. In the English-speaking world and increasingly in untapped but potentially lucrative markets such as China, he wields an influence as political kingmaker second to none. How did he do it? How did this empire, a loose archipelago of media islands large and small, come to be so successful and influential? Building on many years' research and featuring many previously undisclosed revelations, *THE MURDOCH ARCHIPELAGO* is the most definitive survey yet of Murdoch's life and times, how power flows from influence and whether this should or if it can be regulated.
