McCreadie, 2012-07-31 The 10 essentials of business success that you need to know Have you ever wondered what makes one person succeed and another fail Why some people with every disadvantage come out on top when those with a leg up in life never make anything of themselves Maha Sinnathamby has never accepted anything less than the best from himself something made resoundingly clear when he built Australia s largest privately owned master planned community Springfield Stop Not Till the Goal is Reached is the story of his success not just his property developments and business deals but what you can do to follow in his footsteps Showing you exactly what you can achieve when you refuse to give up on your dreams this is a book about the value of courage and commitment no matter what Unpacking the ten principles for fearless success that Maha has used throughout his remarkable career Stop Not Till the Goal is Reached uses Maha s own story as a framework for showing these ideas in action Explains the 10 steps to success that you can put to immediate use Draws on the example of Maha Sinnathamby as well as other exceptional individuals to show these steps in action Shows you why commitment is the key to getting where you want to be Inspirational and easy to act on Stop Not Till the Goal is Reached is part biography part how to guide packaged together to give you the tools you need to succeed Plotting to Stop the British Slave Trade Jane Aptekar Reeve, 2019-12-09 This is an innovative biography about an adventurous game changing traveller in Africa during the West s Enlightenment period when the American and French Revolutions occurred James Bruce was not what he seemed to be I can now reveal that although he was notorious in his own day for a variety of interesting reasons including his alleged theft of his assistant s art work he was basically an espionage agent working with a clique of powerful

mostly British persons whose secret agenda was to eradicate slaving Bruce undertook a subversive mission to investigate slave trafficking across the Mediterranean and Red Seas as well as the Atlantic in order to support his friends drive to destroy the principal source of their own country's wealth This was achieved in 1807 Like Bruce himself in my book I address neglected aspects of the ancient habit of slavery and the related abuse of particularly women Bruce's Travels 1790 is a delightful although massive read Therefore I sketch the geo historical and faith background to Bruce's work convey the feel of his book and add to the known facts of his life a great deal of newly discovered material This includes the international range of Bruce's friends and collaborators from Rome to Cairo to Bethlehem in the newly constituted U S A Change is agonisingly slow to take hold It was possibly because Bruce only wrote about Africa that he has been trivialised and his biography has never previously been fully responsibly researched
