**Sex after Fascism** Dagmar Herzog,2007-01-22

What is the relationship between sexual and other kinds of politics Few societies have posed this puzzle as urgently or as disturbingly as Nazi Germany What exactly were Nazism s sexual politics Were they repressive for everyone or were some individuals and groups given sexual license while others were persecuted tormented and killed How do we make sense of the evolution of postwar interpretations of Nazism s sexual politics What do we make of the fact that scholars from the 1960s to the present have routinely asserted that the Third Reich was sex hostile In response to these and other questions Sex after Fascism fundamentally reconceives central topics in twentieth century German history Among other things it changes the way we understand the immense popular appeal of the Nazi regime and the nature of antisemitism the role of Christianity in the consolidation of postfascist conservatism in the West the countercultural rebellions of the 1960s 1970s as well as the negotiations between government and citizenry under East German communism Beginning with a new interpretation of the Third Reich s sexual politics and ending with the revisions of Germany s past facilitated by communism s collapse Sex after Fascism examines the intimately intertwined histories of capitalism and communism pleasure and state policies religious renewal and secularizing trends A history of sexual attitudes and practices in twentieth century Germany investigating such issues as contraception pornography and theories of sexual orientation Sex after Fascism also demonstrates how Germans made sexuality a key site for managing the memory and legacies of Nazism and the Holocaust

**Forging Democracy**

Geoff Eley,2002-04-11 Democracy in Europe has been a recent phenomenon Only in the wake of World War II were democratic frameworks secured and even then it was decades before democracy truly blanketed the continent Neither given nor granted democracy requires conflict often violent confrontations and challenges to the established political order In Europe Geoff Eley convincingly shows democracy did not evolve organically out of a natural consensus the achievement of prosperity or the negative cement of the Cold War Rather it was painstakingly crafted continually expanded and doggedly defended by varying constellations of socialist feminist Communist and other radical movements that originally blossomed in the later nineteenth century Parties of the Left championed democracy in the revolutionary crisis after World War I salvaged it against the threat of fascism and renewed its growth after 1945 They organized civil societies rooted in egalitarian ideals which came to form the very fiber of Europe s current democratic traditions The trajectories of European democracy and the history of the European Left are thus inextricably bound together Geoff Eley has given us the first truly comprehensive history of the European Left its successes and failures its high watermarks and its low tides its accomplishments insufficiencies and excesses and most importantly its formative lasting influence on the European political landscape At a time when the Left s influence and legitimacy are frequently called into question Forging Democracy passionately upholds its

vital contribution      *Sisters in Arms* Katharina Karcher, 2017-05-01 Few figures in modern German history are as central to the public memory of radical protest than Ulrike Meinhof but she was only the most prominent of the countless German women and militant male feminists who supported and joined in revolutionary actions from the 1960s onward *Sisters in Arms* gives a bracing account of how feminist ideas were enacted by West German leftist organizations from the infamous Red Army Faction to less well known groups such as the Red Zora It analyzes their confrontational and violent tactics in challenging the abortion ban opposing violence against women and campaigning for solidarity with Third World women workers Though these groups often diverged ideologically and tactically they all demonstrated the potency of militant feminism within postwar protest movements      **Revolting Families** Carrie Smith, 2013-10-30 *Revolting Families* places the literary depiction of familial and intimate relations in 1960s West Germany against the backdrop of public discourse on the political significance of the private sphere Carrie Smith Prei focuses on debut works by German authors considered to be part of the new and black realism movements Dieter Wellershoff Rolf Dieter Brinkmann Gisela Elsner and Renate Rasp Each of the works by these authors uses depictions of neurosis disgust vertigo or violence to elicit a reaction in readers that calls them to political social or ethical action *Revolting Families* thus extends the concept of negativity which has long been part of post war German philosophical and aesthetic theory to the body in German literature and culture Through an analysis of these texts and of contextual discourse Smith Prei develops a theoretical concept of corporeal negativity that works to provoke socio political engagement with the private sphere      **Debate Over Child Care, 1969-1990** Abbie Gordon Klein, 1992-07-01 *The Debate Over Child Care 1969 1990* offers a new perspective on the pervading problem of providing child care services in the United States The author traces the contemporary debate over the sponsorship of child care services and compares this to the past debate over the sponsorship of kindergartens during the Progressive Era Klein compares the function of child care across societal sectors and points out that turf fighting and imbedded ideological differences have prohibited the development of a proactive social policy for providing needed child care services She analyzes the advantages and disadvantages of five different sponsors the public schools the church private enterprise non profit organizations and corporations Past and present federal legislation is discussed in relation to the divisive issue of sponsorship      *The Second Generation* Andreas W. Daum, Hartmut Lehmann, James J. Sheehan, 2015-12-01 Of the thousands of children and young adults who fled Nazi Germany in the years before the Second World War a remarkable number went on to become trained historians in their adopted homelands By placing autobiographical testimonies alongside historical analysis and professional reflections this richly varied collection comprises the first sustained effort to illuminate the role these men and women played in modern historiography Focusing particularly on those who settled in North America Great Britain and Israel it culminates in a comprehensive meticulously researched biobibliographic guide that provides a systematic overview of the lives and works of this second generation      *Research in Education* , 1974      **Library Journal**

Melvil Dewey, Richard Rogers Bowker, L. Pylodet, Charles Ammi Cutter, Bertine Emma Weston, Karl Brown, Helen E. Wessells, 1974 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately **Resources in Education**, 1974 **Publishers Weekly**, 1973-10 Library Journal, 1974 **The Publishers Weekly**, 1973 **Library of Congress Catalog** Library of Congress, 1973 Beginning with 1953 entries for Motion pictures and filmstrips Music and phonorecords form separate parts of the Library of Congress catalogue Entries for Maps and atlases were issued separately 1953 1955

*Alternatives to State-Socialism in Britain* Peter Ackers, Alastair J. Reid, 2016-12-01 This book poses a major revisionist challenge to 20th century British labour history aiming to look beyond the Marxist and Fabian exclusion of working class experience notably religion and self help in order to exaggerate labour movement class cohesion Instead of a forward march to secular state socialism the research presented here is devoted to a rich diversity of social movements and ideas In this collection of essays the editors establish the liberal pluralist tradition with the following chapters covering three distinct sections Part One Other Forms of Association covers subjects such as trade unions the Co operative Party women s community activism and Protestant Nonconformity Part Two Other Leaders covers employer Edward Cadbury Trades Union Congress leader Walter Citrine and the electricians leader Frank Chapple Part Three Other Intellectuals considers G D H Cole Michael Young and left libertarianism by Stuart White Readers interested in the British Labour movement will find this an invaluable resource **Ms. Magazine**, 1974 **Book Review Digest** Leslie Dunmore-Leiber, 1976 **West Germany and the Global Sixties** Timothy Scott Brown, 2013-10-10 This book examines the synthesis of globalizing influences that precipitated the anti authoritarian revolts in West Germany in the 1960s and 1970s
