Stories from Buddhist Lands Dhammika, Susan Harmer, 2005 Stories from an Ancient Land Magnus

Fiskesjö, 2021-08-13 The Wa people have a rich civilization of their own and a deep history in the mountains of Southeast Asia. Their mythology suggests their land is the first place inhabited by humans which they care for on behalf of the world. This book introduces aspects of Wa culture including their approach to the world's troubles and the lessons others might learn from it. It also presents a new interpretation of Wa headhunting questioning explanations that see it as a primitive custom and instead placing it within the fraught history of the last few centuries. **Mission Stories of Many Lands**, 1894

Venerable "Not Poor" Aniruddha - Buddhist Stories Vol 5 Lingyen Mountain Temple Canada, Miao Lien Shih (釋妙蓮), 2020-03-27

A Buddhist story spoken by Venerable Master Miao Lien **Jataka Stories in Theravada Buddhism** Naomi Appleton, 2016-05-06 Jataka stories about the previous births of the Buddha are very popular in Theravada Buddhist countries where they are found in both canonical texts and later compositions and collections and are commonly used in sermons children's books plays poetry temple illustrations rituals and festivals. Whilst at first glance many of the stories look like common fables or folktales Buddhist tradition tells us that the stories illustrate the gradual path to perfection exemplified by the Buddha in his previous births when he was a bodhisatta. Buddha to be Jataka stories have had a long and colourful history closely intertwined with the development of doctrines about the Buddha the path to buddhahood and how Buddhists should behave now the Buddha is no more. This book explores the shifting role of the stories in Buddhist doctrine practice and creative expression finally placing this integral Buddhist genre back in the centre of scholarly understandings of the religion. **Scenes and Stories from the Land of Idols** Pool, 1894 *The Story of Baptist Missions in Foreign Lands*

George Winfred Hervey, 1892 **The Story of the Father and His Son - Buddhist Stories Vol 3** Miao Lien Shih (釋妙蓮), A Buddhist story spoken by Venerable Master Miao Lien **Mahayana Myths and Stories** Sangharakshita, 2017-03-20 Sangharakshita introduces us to the wonderful world of three of the best loved Mahayana sutras a world from which we emerge with treasures in the form of teachings and advice that are a great support in how to live our lives in the everyday world. From the transcendental critique of religion and the means of unification offered by the Vimalakirti nirdeśa to the light shed on economics ecology and politics by the Sutra of Golden Light these commentaries offer a unique and deeply meaningful perspective on the value of human existence. **A Buddha Land in This World** Lajos Brons, 2022

In the early twentieth century Uchiyama Gud Seno o Gir Lin Qiuwu and others advocated a Buddhism that was radical in two respects. Firstly they adopted a more or less naturalist stance with respect to Buddhist doctrine and related matters rejecting karma or other supernatural beliefs. And secondly they held political and economic views that were radically anti hegemonic anti capitalist and revolutionary. Taking the idea of such a radical Buddhism seriously *A Buddha Land in This World* Philosophy Utopia and Radical Buddhism asks whether it is possible to develop a philosophy that is simultaneously naturalist anti

capitalist Buddhist and consistent Rather than a study of radical Buddhism then this book is an attempt to radicalize it The foundations of this radicalized radical Buddhism are provided by a realist interpretation of Yog c ra elucidated and elaborated with some help from thinkers in the broader Tiantai Tendai tradition and American philosophers Donald Davidson and W V O Quine A key implication of this foundation is that only this world and only this life are real from which it follows that if Buddhism aims to alleviate suffering it has to do so in this world and in this life Twentieth century radical Buddhists as well as some engaged Buddhists came to a similar conclusion often expressed in their aim to realize a Buddha land in this world Building on this foundation but also on Mah y na moral philosophy this book argues for an ethics and social philosophy based on a definition of evil as that what is or should be expected to cause death or suffering On that ground capitalism should be rejected indeed but utopianism must be treated with caution as well which raises questions about what it means from a radicalized radical Buddhist perspective to aim for a Buddha land in this world Lajos Brons is a Dutch philosopher and social scientist living in Japan After receiving a PhD from the University of Groningen in the Netherlands for a dissertation on an aspect of the history and philosophy of the social sciences he gradually moved further and further into philosophical territory Currently Lajos is teaching logic ethics and philosophy at a university in Tokyo His research interests are divided over two broad areas in philosophy one is in the overlap of meta ethics and social political philosophy the other is in the intersection of philosophy of language metaphysics and epistemology Research in the former focuses on the relations between death suffering and compassion Research in the latter concerns the relations between language thought and reality and is heavily influenced by the philosophies of Donald Davidson and W V O Quine and by Buddhist philosophy More information about publications and research interests as well as Lajos s blog can be found at www.lajosbrons.net

Anarchy in the Pure Land Justin Ritzinger, 2017-08-31 *Anarchy in the Pure Land* investigates the twentieth century reinvention of the cult of Maitreya the future Buddha conceived by the reformer Taixu and promoted by the Chinese Buddhist reform movement The cult presents an apparent anomaly It shows precisely the kind of concern for ritual supernatural beings and the afterlife that the reformers supposedly rejected in the name of modernity This book shows that rather than a concession to tradition the reimagining of ideas and practices associated with Maitreya was an important site for formulating a Buddhist vision of modernity Justin Ritzinger argues that the cult of Maitreya represents an attempt to articulate a new constellation of values integrating novel understandings of the good clustered around modern visions of utopia with the central Buddhist goal of Buddhahood In Part One he traces the roots of this constellation to Taixu's youthful career as an anarchist Part Two examines its articulation in the Maitreya School's theology and its social development from its inception to World War II Part Three looks at its subsequent decline and contemporary legacy within and beyond orthodox Buddhism Through these investigations *Anarchy in the Pure Land* develops a new framework for alternative understandings of modernity in Buddhism
