Adventure: Stories of the Sea and Sky, Desert Places, Oriental Stories, Adventures within Walls, Ghost Stories, Detective and Riddle Stories, Psychic Stories, Mystic-Humorous Stories Various Authors, Very much of this story must remain untold for the reason that if it were definitely known what business I had aboard the tramp steam freighter *Glarus* three hundred miles off the South American coast on a certain summer's day some few years ago I would very likely be obliged to answer a great many personal and direct questions put by fussy and impertinent experts in maritime law who are paid to be inquisitive. Also I would get Ally Bazan, Stroker and Hardenberg into trouble. Suppose on that certain summer's day you had asked of Lloyds's agency where the *Glarus* was and what was her destination and cargo. You would have been told that she was twenty days out from Callao bound North to San Francisco in ballast, that she had been spoken by the bark *Medea* and the steamer *Benevento* that she was reported to have blown out a cylinder head but being manageable was proceeding on her way under sail. That is what Lloyds's would have answered. If you know something of the ways of ships and what is expected of them you will understand that the *Glarus* to be some half a dozen hundred miles south of where Lloyds's

would have her and to be still going South under full steam was a scandal that would have made her brothers and sisters ostracize her finally and forever And that is curious too Humans may indulge in vagaries innumerable and may go far afield in the way of lying but a ship may not so much as quibble without suspicion The least lapse of regularity the least difficulty in squaring performance with intuition and behold she is on the black list and her captain owners officers agents and consignors and even supercargoes are asked to explain And the Glarus was already on the black list From the beginning her stars had been malign As the Breda she had first lost her reputation seduced into a filibustering escapade down the South American coast where in the end a plain clothes United States detective that is to say a revenue cutter arrested her off Buenos Ayres and brought her home a prodigal daughter besmirched and disgraced After that she was in some dreadful blackbirding business in a far quarter of the South Pacific and after that her name changed finally to the Glarus poached seals for a syndicate of Dutchmen who lived in Tacoma and who afterward built a clubhouse out of what she earned Jolly Adventure Stories.
