Strange Stories from a Chinese Studio Pu Songling, 1880 With their elegant prose witty wordplay and subtle charm the 62 stories in this selection from The Strange Tales of Pu Songling 1640-1715 reveal a world in which nothing is as it seems Here a Taoist monk conjures up a magical pear tree a scholar recounts his previous incarnations a woman outfoxes the fox spirit that possesses her a child bride gives birth to a thimble sized baby a ghostly city appears out of nowhere and a heartless daughter in law is turned into a pig In his tales of humans coupling with shape shifting spirits bizarre phenomena haunted buildings and enchanted objects Pu Songling pushes back the boundaries of human experience and enlightens as he entertains *Chinese Stories of Drug Addiction* Guy Ramsay, 2015-12-22 Addiction to illicit drugs is a pressing social concern across greater China where there are likely several million drug addicts at present This research breaks new ground by examining Chinese people's stories of drug addiction Chinese Stories of Drug Addiction systematically evaluates how drug addiction is represented and constructed in a series of contemporary life stories and filmic stories from mainland China Taiwan and Hong Kong These stories recount experiences leading up to and during drug addiction as well as experiences during drug rehabilitation and recovery Through analysis of these contemporary life stories and filmic stories the book presents a comprehensive picture of how Chinese people from both inside the experience of drug addiction and outside of it make sense of a social practice that is deemed to be highly transgressive in Chinese culture It employs a blended discourse analytic and narrative analytic approach to show how salient cultural political and institutional discourses shape these Chinese stories and experiences Complementing existing humanities research which documents the historical narrative of drug addiction in China at the expense of the contemporary narrative the book also provides health and allied professionals with a rich insight into how Chinese people from different geographical locations and walks of life make sense of the

experience of drug addiction Moving beyond historical narrative to examine contemporary stories Chinese Stories of Drug Addiction offers a valuable contribution to the fields of Chinese studies and personal health and wellbeing as well as being of practical use to health professionals **Favorite Children's Stories from China & Tibet** Lotta Carswell Hume, 2018-07-10
