Fifty-two stories of heroism in life and action for girls, by L.T. Meade and other writers, ed. by A.H. Miles Alfred Henry Miles,1899 **Medieval Story and the Beginnings of the Social Ideals of English-speaking People** William Witherle Lawrence,1911 *Judaism and Story* Jacob Neusner,2003-09-26 In this close analysis of *The Fathers* According to Rabbi Nathan a sixth century commentary on the Mishnah tractate *The Fathers Avot* Jacob Neusner considers the way in which the story as a distinctive type of narrative entered the canonical writings of Judaism The final installment in Neusner s cycle of analyses of the major texts of the Judaic canon *Judaism and Story* shows that stories about sages exist in far greater proportion in *The Fathers* According to Rabbi Nathan than in any of the other principal writings in the canon of Judaism of late antiquity Neusner s detailed comparison of *The Fathers* and *The Fathers* According to Rabbi Nathan demonstrates the transmission and elaboration of these stories and shows how these processes incorporated the newer view of the sage as a supernatural figure and of the eschatological character of Judaic teleology These distinctions as Neusner describes them mark a shift in Jewish orientation to world history *Judaism and Story* documents a chapter of rabbinic tradition that explored the possibility of historical orientation by means of stories As Neusner demonstrates this experiment with narrative went beyond argumentation focused on the explication of the Torah The sage story moved in the direction of biography but without

allowing biography to emerge This development in Neusner s account parallels the movement from epistle to Gospel in early Christianity and thus has broad implications for the history of religions
