**The Geographies of African American Short Fiction** Kenton Rambsy, 2022-03-25 Perhaps the brevity of short fiction accounts for the relatively scant attention devoted to it by scholars who have historically concentrated on longer prose narratives The Geographies of African American Short Fiction seeks to fill this gap by analyzing the ways African American short story writers plotted a diverse range of characters across multiple locations small towns a famous metropolis city sidewalks a rural wooded area apartment buildings a pond a general store a prison and more In the process these writers highlighted the extents to which places and spaces shaped or situated racial representations Presenting African American short story writers as cultural cartographers author Kenton Rambsy documents the variety of geographical references within their short stories to show how these authors make cultural spaces integral to their artwork and inscribe their stories with layered and resonant social histories The history of these short stories also documents the circulation of compositions across dozens of literary collections for nearly a century Anthology editors solidified the significance of a core group of short story authors including James Baldwin Toni Cade Bambara Charles Chesnutt Ralph Ellison Zora Neale Hurston and Richard Wright Using quantitative information and an extensive literary dataset The Geographies of African American Short Fiction explores how editorial practices shaped the canon of African American short fiction

**The Real Story of The Negro Leagues** Wayne Moody, 2022-03-11 The Real Story of the Negro Leagues is an account that has needed to be told since before 1920 With the new revelation of Major League Baseball accepting Negro League statistics it makes this book even more relevant today There are a multitude of players who toiled in anonymity simply because of the color of their skin This book brings to light the people who made the Negro Leagues happen as well as the players and executives who allowed it to flourish There are Negro League players who have become household names while others who had a major influence in its success have gotten ignored over time Most people believe that Jackie Robinson was the first African American to play Major League Baseball He wasn't Jackie actually signaled the end of Negro League baseball Jackie's accomplishments were

monumental but there is a rich history that led up to that moment That rich history is where we will begin The struggles these great players faced and degradation they had to endure is a testament to the resolve of these individuals Their love and desire for the great game of baseball made them tackle obstacles others would never attempt This is a story of triumph over all odds This is the real story of the Negro Leagues **African American Nonfiction Books in the 21st Century** Harry B. plantation past American Trickster offers readers a unique insight into the cultural significance of the Brer Rabbit trickster figure from his African roots and through to his influence on contemporary culture Exploring the changing portrayals of the trickster figure through a wealth of cultural forms including folktales advertising fiction and films the book scrutinises the profound tensions between the perpetuation of damaging racial stereotypes and the need to keep African American folk traditions alive Emily Zobel Marshall argues that Brer Rabbit was eventually reclaimed by twentieth century African American novelists whose protagonists trick their way out of limiting stereotypes break down social and cultural boundaries and offer readers practical and psychological methods for challenging the traumatic legacies of slavery and racism *The Blackwell Companion to Major Classical Social Theorists* George Ritzer,2008-04-15 The Blackwell Companion to Major Classical Social Theorists provides a comprehensive review of classical social theory Containing original essays especially commissioned for this volume leading experts and practitioners examine the life and work of 12 major theorists Includes 12 original essays by leading scholars on major classical social theorists Covers the key figures who shaped social theory such as Marx Weber and Durkheim as well as additional classical theorists such as Harriet Martineau and W E B Du Bois Essays include biographical sketches the social and intellectual context and the impact of the thinker s work on social theory generally Includes bibliographies of the theorist s most important works as well as key secondary works Can be used in conjunction with The Blackwell Companion to Major Contemporary Social Theorists edited by George Ritzer for a complete reference source in social theory **African Americans in Sports** David K.
