Storm Over Hackensack:

Index of American Periodical Verse 1984 Rafael Catalá, James D. Anderson, 1986 The Index of American Periodical Verse is an important work for contemporary poetry research and is an objective measure of poetry that includes poets from the United States Canada and the Caribbean as well as other lands cultures and times It reveals trends in the output of particular poets and the cultural influences they represent The publications indexed cover a broad cross section of poetry literary scholarly popular general and little magazines journals and reviews **Live from the Hong Kong Nile Club** August Kleinzahler, 2025-09-23 The early poems of an American master I have loved the air outside Shop Rite Liquor on summer evenings better than the Marin hills at dusk lavender and gold stretching miles to the sea At the junction up from the synagogue a weeknight necessarily and with my father a sale on German beer Air full of living dust bus exhaust air borne grains of pizza crust wounded crystals appearing disappearing among streetlights and unsuccessful neon Poetics August Kleinzahler's first collections won him a cult following but have long been out of print and hard to find Here Kleinzahler acclaimed by The Times London for the vision and confident skill to make American poetry new has selected the best of the poems collected in Storm over Hackensack 1985 and Earthquake Weather 1989 and added an autobiographical Preface in Live from the Hong Kong Nile Club **The Strange Hours Travelers Keep** August Kleinzahler, 2025-10-16 Those aren't stars darling That's your nervous system Nanna didn't take you to planetariums like this from Hyper Berceuse 3 A M August Kleinzahler's new poems stretch and go places he has never gone before they have his signature high color and rhythmic jump but they take on a breadth of voice and achieve registers that his earlier work only hinted at Ranging from Vegas and Mayfair to the Asian steppes and contemporary Berlin these poems touch down at will in tableaux where Liberace unceremoniously meets with St Kevin and Attila with Zsa Zsa Gabor Surprise after surprise nothing seems to lie outside Kleinzahler's purview This is the strongest collection to date from a poet with the vision and confident skill to make American poetry new Clive Wilmer The Times London Intricate Thicket Mark Scroggins, 2015-09-15 Intricate Thicket Reading Late Modernist Poetries offers a collection of nineteen essays that deftly erodes the simplistic distinction between modernism and postmodernism showing that many attributes of postmodernist verse form not a break with but rather a continuation of modernist poetry **The Hotel Oneira** August Kleinzahler, 2025-09-23 A thrilling new collection from one of the most original poets of his generation His work is a modernist swirl of sex surrealism urban life and melancholy with a jazzy backbeat That praise appeared in the pages of The New York Times in 2005 but it applies no less to August Kleinzahler's newest collection Kleinzahler's poetry is as ever concerned with permeability Voices places the real and the dreamed the present and the past all mingle together in verses that always ring true Whether the poem is three lines long or spans several pages whether the voice embodied is that of an adult male of late middle age about to weep among the avocados and citrus fruits in a vast overlit room next to a bosomy Cuban grandma as in Whitney Houston or that of the title character in Hootie

Bill Do Polonius who is bidding adios compadre To a most galuptious scene Kid Kleinzahler finds the throbbing human heart at the core of experience This is a poet searching for and finding a cadence to suit life as it s lived today Kleinzahler s verses are as noted in the judges citation for the 2004 Griffin Poetry Prize which he won for his collection The Strange Hours Travelers Keep ferociously on the move between locations between forms between registers The Hotel Oneira finds Kleinzahler at his shape shifting acrobatic best unearthing the moments of grace buried under the detritus of our hectic modern lives

Cutty, One Rock August Kleinzahler,2025-08-22 Cutty One Rock takes the reader on a wild journey by airplane bus ferry and foot from childhood to early manhood in the company of a New Jersey family in equal measures cultivated and deranged We witness scenes of passionate even violent intensity that give rise to meditations on eros and literature the solitariness of travel and the poetics of place These individual pieces most of which first appeared in The London Review of Books and won an international cult following are by turns poignant surreal down home and lyrical a mixture of qualities that inheres in his language with uncommon delicacy and effect Leonard Michaels Together they make up an intellectual and emotional autobiography on the run The book s final section about Kleinzahler s adored doomed older brother is unforgettable and since its appearance last year in the LRB has already entered the literature as one of the most moving contemporary memoirs

Multisensor Data Fusion and Machine Learning for Environmental Remote Sensing Ni-Bin Chang,Kaixu Bai,2018-02-21 In the last few years the scientific community has realized that obtaining a better understanding of interactions between natural systems and the man made environment across different scales demands more research efforts in remote sensing An integrated Earth system observatory that merges surface based air borne space borne and even underground sensors with comprehensive and predictive capabilities indicates promise for revolutionizing the study of global water energy and carbon cycles as well as land use and land cover changes The aim of this book is to present a suite of relevant concepts tools and methods of integrated multisensor data fusion and machine learning technologies to promote environmental sustainability The process of machine learning for intelligent feature extraction consists of regular deep and fast learning algorithms The niche for integrating data fusion and machine learning for remote sensing rests upon the creation of a new scientific architecture in remote sensing science that is

designed to support numerical as well as symbolic feature extraction managed by several cognitively oriented machine learning tasks at finer scales By grouping a suite of satellites with similar nature in platform design data merging may come to help for cloudy pixel reconstruction over the space domain or concatenation of time series images over the time domain or even both simultaneously Organized in 5 parts from Fundamental Principles of Remote Sensing Feature Extraction for Remote Sensing Image and Data Fusion for Remote Sensing Integrated Data Merging Data Reconstruction Data Fusion and Machine Learning to Remote Sensing for Environmental Decision Analysis the book will be a useful reference for graduate students academic scholars and working professionals who are involved in the study of Earth systems and the environment for a sustainable future The new knowledge in this book can be applied successfully in many areas of environmental science and engineering

Dead Air William Elliott Hazelgrove, 2024-11-19 A granular history Wall Street Journal of the greatest hoax in radio history and the panic that followed which Publishers Weekly calls a rollicking portrait of a director on the cusp of greatness and Booklist in a starred review says Hazelgrove's feverishly focused retelling of the broadcast as well as the fallout makes for a propulsive read as a study of both a cultural moment of mass hysteria and the singular voice at its root On a warm Halloween Eve October 30 1938 during a broadcast of H G Wells War of the Worlds a twenty three year old Orson Welles held his hands up for radio silence in the CBS studio in New York City while millions of people ran out into the night screaming grabbed shotguns drove off in cars and hid in basements attics or anywhere they could find to get away from Martians intent on exterminating the human race As Welles held up his hands to his fellow actors musicians and sound technicians he turned six seconds of radio silence dead air into absolute horror changing the way the world would view media forever and making himself one of the most famous men in America In *Dead Air* The Night that Orson Welles Terrified America William Elliot Hazelgrove illustrates for the first time how Orson Welles broadcast caused massive panic in the United States convincing listeners across the nation that the end of the World had arrived and even leading military and government officials to become involved Using newspaper accounts of the broadcast Hazelgrove shows the true staggering effect that Welles opera of panic had on the nation Beginning with Welles incredible rise from a young man who lost his parents early to a child prodigy of the stage *Dead Air* introduces a Welles who threw his Hail Mary with War of the Worlds knowing full well that obscurity and fame are two sides of the same coin Hazelgrove demonstrates that Welles knew he had one shot to grab the limelight before it forever passed him by and he made it count
