Fuller,2015-01-02 For almost thirty years twenty million people tuned in weekly to Charles E Fuller and the Old Fashioned Revival Hour Sunday after Sunday they listened over radio as the crowd gathered in Long Beach Auditorium wafted the strains of Jesus Saves around the world In this firsthand account Daniel P Fuller chronicles the life and work of his father a man whose name is almost synonymous with gospel broadcasting and who founded the theological seminary that bears his name The strong evangelistic urge that dominated Charles E Fuller's ministry permeates every page of Give the Winds a Mighty Voice The early broadcasts the struggle for financial support to stay on the air and the sermons full of fiery concern for the lost made Charles E Fuller an unparalleled phenomenon in the history of religious radio More than that he was a personal friend to those who gathered to hear the old gospel preached by a man who believed the whole Bible Daniel Fuller probes into the deep intentions that motivated his father to strive by faith and often against seemingly impossible odds to keep the broadcast going Quoting from the thousands of letters that arrived daily he recounts the response that millions made as they listened around the world The biography of Charles E Fuller is the story of a religious movement As you read Give the Winds a Mighty Voice you will relive both the disappointments and the victories of which so many people were a part Christians in every land are part of the rich heritage bestowed by Charles E Fuller through the medium of gospel broadcasting Your memory of the tradition will be enriched and cherished as you read this moving account of his life and thought *Edward VII, His Life and Times* Sir Holmes Richard Rivington,1911 **The Monthly Magazine** ,1803 *Great Joy! A New and Favorite Collection of Hymns and Music, for Gospel Meetings, Prayer, Temperance, and Camp Meetings, and for Sunday Schools* William Warren Bentley,2025-08-10 Reprint of the original first published in 1881 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage *Literary Garland* ,1838 [The Literary Garland](#) ,1838 [The Christian Monitor](#) ,1815 **History of Hampshire County, West Virginia** Hu Maxwell,Howard Lleyellyn Swisher,1897 [The Copywrights](#) Paul K. Saint-Amour,2003 They borrow from published works without attribution They remake literary creation in the image of consumption They celebrate the art of scissors and paste Who are these outlaws Postmodern culture jammers or file sharing teens No they are the Copywrights Victorian and modernist writers among them Oscar Wilde and James Joyce whose work wrestled with the intellectual

property laws of their day In a highly readable and thought provoking book that places today's copyright wars in historical context Paul K Saint Amour asks Would their art have survived the copyright laws of the new millennium Revisiting major works by Wilde and Joyce as well as centos assembled by anonymous writers from existing poems Saint Amour sees the period 1830-1930 as a time when imaginative literature became aware of its own status as intellectual property and began to register that awareness in its subjects plots and formal architecture The authors of these self-reflexive literary texts were more conscious than their precursors of the role played by consumption in both the composition and the consecration of literature The texts in question became in turn part of what Saint Amour characterizes as a counterdiscourse to extensive monopoly copyright a vocal minority that insisted on a broadly conceived public domain not only as indispensable to free expression and fresh creation but as a good in itself Recent events such as the court battle over the Copyright Term Extension Act (CTEA) which extends copyright terms by 20 years the patenting of the human genome and of genetically altered seed lines and high stakes controversies over literary parody have increased public awareness of intellectual property law In *The Copywrights* Saint Amour challenges the notion that copyright's function ends with the provision of private incentives to creation and innovation The cases he examines lead him to argue that copyright performs a range of political, emotional and even sacred functions that are too often ignored and that what seems to have emerged as copyright's primary function the creation of private property incentives must not be an end in itself
