Telling Our Faith Story:

Re-Storying Your Faith Suzanne M. Coyle, 2013-11-29 Re Storying Your Faith has caught our culture's imagination from new experiences of spirituality through channeling and meditation to traditional spiritual practices of personal devotions scripture reading and prayer Building on Christian spirituality this spiritual practice of re-storying our faith offers people an everyday experience of discovering multiple faith stories to give meaning to their spiritual journey Built into this process is a way of discovering individual uniqueness as well as sharing discovered stories in faith communities whether it is a Sunday school class or a group of like minded friends

Writing our Faith Julia McGuinness, 2013-11-21 This highly practical book reveals that there are many ways of being creative that will help us grow as Christians As well as journaling we can try mind mapping composing a letter to God or from God to us considering what we would like to appear in our obituary dialoguing in prayer with Jesus with particular obstacles in our lives or with God's silence addressing difficult issues through imaginary conversation using poetic language to express emotions to celebrate the wonder of an extraordinary moment or to articulate one of the great biblical truths

Telling Our Faith Story Janice Price, 1999-01 Shows how building up relationships and trust with others can open up opportunities to share testimonies stories of how people came to faith Evangelism has a growing place on the agenda of the Christian Churches Recent research continues to indicate that most people come to faith in Christ through meeting and relating to other Christians but many Christians find it difficult to talk about their faith This booklet aims to give help and guidance in overcoming barriers which can inhibit the telling of faith stories

Family Faith Stories Ann Weems, 1985-01-01 In her book Reaching for Rainbows Ann Weems revealed a graceful style a joyous approach to worship and an uncommon understanding of human beings in their everyday settings and in their relationship to God Now the popular author offers a powerful and inspiring statement on what she considers her greatest inheritance a sustaining faith She reflects on her family from the Scottish ancestors who came to this country seeking religious freedom down through the generations to her own children

Tell the Story Our Daily Bread Ministries, 2023-01-05 Learn how you can have persevering faith by reading the inspiring Scriptures and accounts of Black history makers from the 1700s to today See how they maintained dignity furthered a higher education system for the Black community sought social justice and more in this 40 day devotional from the Voices Collection of Our Daily Bread Ministries Each Scripture based reading points to God's unchanging faithfulness

Sharing the Faith That You Love John Boucher, Therese Boucher, 2014-02-01 For most Catholics the idea of becoming an evangelist is intimidating How could I ever bring anyone back to God or to the church we may wonder I'm not an expert or an evangelist and I don't want to knock on doors In this book John and Therese Boucher encourage Catholics to share their faith in four simple and practical ways praying for those we know who far from God showing them Christ like care and compassion initiating faith sharing conversations and inviting them to join us at Mass and parish events Each chapter includes two spiritual workouts designed to deepen our own experience of the Lord grow in zeal

Dunlap, 2015-12-22 What transformation would happen if we could combine the best of liberal politics with psychology Awakening our Faith in the Future investigates the avenues for creating a new branch of psychology a transformative political psychology In the past political psychology has focused directly on analysis and knowledge acquisition rather than on interventions that transform self and culture A transformative political psychology combines the best of traditional social science with the transformative intent of clinical psychology in order to create a new political culture Peter T Dunlap suggests that while liberals focus intently outside of themselves on changing the world those with psychological interests focus much more internally on changing themselves In this book he argues that by combining political liberalism and psychology and encouraging psychologists to develop cultural learning practices based on ideas of self knowledge there is opportunity to transform our political culture Divided into five parts this book explores stories of political destiny questions of development opportunities for political development a speculative theory of cultural evolution practices of a political psychologist This scholarly text uses personal experiences and the stories of progressive political leaders as pathways for addressing political problems making it ideal reading for professionals and students in the fields of both politics and psychology as well as for activists interested in the future of liberalism **Helping Our Children Grow in Faith** Robert J. Kingdom focused but what about the families that make up our churches and often reflect the surrounding culture more than the Kingdom of God Christian families know that God has a better purpose for marriage and family but often don't have the slightest idea how to get there And while many books on Christian marriage and family are inwardly focused on simply getting along better this book addresses the cultural influences that have taken our focus away from God's intended purpose for marriage and family and through analysis and practical suggestions recalls marriages and families to the purpose for which God intended them in the first place namely to serve God's Kingdom as witnesses to a world desperately seeking deeper purpose and authenticity
