Esslemont's Novels of the Malazan Empire series a momentous chapter in the unfolding story of the extraordinarily imagined world of Malaz The small island of Malaz and its city gave the great empire its name but now it is little more than a sleepy backwater port Tonight however things are different Tonight the city is on edge a hive of hurried sometimes violent activity its citizens bustle about barring doors shuttering windows avoiding any stranger's stare Because tonight there is to be a convergence the once in a generation appearance of a Shadow Moon an occasion that threatens the good people of Malaz with demon hounds and other darker things It was also prophesied that this night would witness the return of Emperor Kellanved and there are those prepared to do anything to prevent this happening As factions within the greater Empire draw up battle lines over the imperial throne the Shadow Moon summons a far more ancient and potent presence for an all out assault upon the island Witnessing these cataclysmic events are Kiska a young girl who yearns to flee the constraints of the city and Temper a grizzled battle weary veteran who seeks simply to escape his past Each is to play a part in a conflict that will not only determine the fate of Malaz City but also of the world beyond At the Publisher's request this title is being sold without Digital Rights Management Software DRM applied      Night Lights for Students New Leaf Press,Roger Howerton,2004 If you seem to be stressed by day's end here's a beautiful series designed especially to be a refreshing read at the end of each day Reflections of the day past and thoughts of making the most of the coming day meet in these hand selected stories anecdotes Scriptures and quotations Other titles in this series are Night Lights for Moms and Night Lights for Dads      The Climatic Handbook for Washington, D.C.
