9/11 Ten Years Later David Ray Griffin, 2012-04-10 On the tenth anniversary of the September 11 2001 terrorist attacks David Ray Griffin reviews the troubling questions that remain unanswered 9 11 Ten Years Later is David Ray Griffin's tenth book about the tragic events of September 11 2001 Asking in the first chapter whether 9 11 justified the war in Afghanistan he explains why it did not In the following three chapters devoted to the destruction of the World Trade Center Griffin asks why otherwise rational journalists have endorsed miracles understood as events that contradict laws of science Also introducing the book's theme Griffin points out that 9 11 has been categorized by some social scientists as a state crime against democracy Turning next to debates within the 9 11 Truth Movement Griffin reinforces his claim that the reported phone calls from the airliners were faked and argues that the intensely debated issue about the Pentagon whether it was struck by a Boeing 757 is quite unimportant Finally Griffin suggests that the basic faith of Americans is not Christianity but nationalist faith which most fundamentally prevents Americans from examining evidence that 9 11 was orchestrated by U S leaders and argues that the success thus far of the 9 11 state crime against democracy need not be permanent 9/11, Ten Years Later Lorry M. Fenner, Jessica L. Goldings, 2012

The Covenant with Black America - Ten Years Later Tavis Smiley, 2016-01-05 In 2006 Tavis Smiley along with a team of esteemed contributors laid out a national plan of action to address the ten most crucial issues facing African Americans The Covenant which became a 1 New York Times bestseller ran the gamut from health care to criminal justice affordable housing to education voting rights to racial divides But a decade later Black men still fall to police bullets and brutality Black women still die from preventable diseases Black children still struggle to get a high quality education the digital divide and environmental inequality persist and American cities from Ferguson to Baltimore burn with frustration In short the last decade has seen the evaporation of Black wealth with Black fel low citizens having lost ground in nearly every leading economic category And so in these pages Smiley calls for a renewal of The Covenant presenting the original action plan alongside new data from the Indiana University School of Public Environmental Affairs SPEA to underscore missed opportunities and the work that remains to be done While life for far too many African Americans remains a struggle the great freedom fighter Frederick Douglass was right If there is no struggle there is no progress Now is the time to finally convert the trials and tribulations of Black America into the progress that all of America yearns for
