## **Tending The Flock Congregations And Family Ministry:**

*Tending the Flock* K. Brynolf Lyon, Archie Smith, 1998-01-01 Many churches are unprepared to face the challenges inherent in family life today Others though have developed innovative and exciting responses In this book case studies provide insights and strategies to help develop a practical theological perspective on family ministry This new perspective represents a fresh and powerful witness to the place of families within contemporary communities of faith The Family Culture and Religion series offers informed and responsible analyses of the state of the American family from a religious perspective and provides practical assistance for the family s revitalization

**Partnering with Parents in Youth Ministry** Jim Burns, Mike DeVries, 2011-08-29 The most powerful force in a young person s life is his or her family The importance of this is pointed out in the writing of the Torah in Deuteronomy 6 4 9 where believers are mandated to pass their family legacies to the next generations The newest trend in youth ministry today is a very healthy move toward family based ministry a mind set that helps the church act as a support system while placing discipleship and training back into the hands of family Partnering with Parents in Youth Ministry will help youth workers understand their unique role in helping families succeed and will give an overview strategy of family based youth ministry as well as practical ideas on implementing this awesome ministry in your church

**Family Transformed** Steven M. Tipton, John Witte Jr., 2005-11-18 Statistics on the American family are sobering From 1975 to 2000 one third of all children were born to single mothers and one half of all marriages ended in divorce While children from broken homes are two to three times more likely to develop behavioral and learning difficulties two parent families are not immune to problems The cost of raising children has increased dramatically and married couples with children are now twice as likely as childless couples to file for bankruptcy Clearly the American family is in trouble But how this trouble started and what should be done about it remain hotly contested In a multifaceted analysis of the current state of a complex institution Family Transformed brings together outstanding scholars from the fields of anthropology demography ethics history law philosophy primatology psychology sociology and theology Demonstrating that the family is both distinctive in its own right and deeply interwoven with other institutions the authors examine the roles of education work leisure consumption legal regulation public administration and biology in shaping the ways we court and marry bear and raise children and make and break family bonds International in approach this wide ranging volume situates current American debates over sex marriage and family within a global framework Weighing mounting social science evidence that supports a continued need for the nuclear family while assessing the challenges posed by new advocacy for same sex marriage and delegalized coupling the authors argue that only by reintegrating the family into a just moral order of the larger community and society can we genuinely strengthen it This means not simply upholding traditional family values but truly grasping the family s growing diversity sustaining its coherence and protecting its fragility for our own sake and for the common good of society

Ministry Among God's Queer Folk, Second Edition

Bernard Schlager, David Kundtz, 2019-01-21 This practical pastoral care handbook written by two self-described queer people of faith covers the basic skills that religious caregivers and ministry students need in order to be effective enlightened and supportive pastoral care providers to LGBTQ persons in congregational and other community settings Authors Schlager and Kundtz distinguish pastoral care from pastoral counseling while the latter is reserved for those with special training in the practice of therapy the former can be developed by ministers and lay people with sufficient education and practice This book requires of the reader no previous experience with LGBTQ communities and treats the following topics the definition and functions of pastoral care effective care in challenging times coming out of the closet creating communities of care and caring for a wide variety of LGBTQ relationships The authors provide case studies throughout the book to ground and illustrate their theology of pastoral care      **Human Development and Faith (Second Edition)** Felicity B.

Kelcourse, 2015-07-28 This book now in its second edition brings together the best available understandings of human development from a multidisciplinary perspective Uniquely inclusive of the moral and faith dimensions of context and life cycle development Human Development and Faith examines the interplay of mind body family community and soul at every stage of development It addresses two central questions What are the good enough conditions of parenting family and community in each phase of life from birth to death which support growth and development What gives life adequate meaning as development proceeds If human development describes the normative and hoped for passages of life then faith provides the necessary component of meaning Throughout the various perspectives offered in this volume is the premise that faith is that quality of living that makes it possible to fully live The Journal of Pastoral Theology called the first edition of Human Development and Faith an excellent text for pastoral theology courses because it fulfills its ambitious goal of bringing a holistic faith perspective to the usual topics of development This second edition includes a new chapter on infancy updates reflecting our growing awareness of cultural diversity and a new preface      *Religion and Family in a Changing Society*

Penny Edgell, 2013-12-03 The 1950s religious boom was organized around the male breadwinner lifestyle in the burgeoning postwar suburbs But since the 1950s family life has been fundamentally reconfigured in the United States How do religion and family fit together today This book examines how religious congregations in America have responded to changes in family structure and how families participate in local religious life Based on a study of congregations and community residents in upstate New York sociologist Penny Edgell argues that while some religious groups may be nostalgic for the Ozzie and Harriet days others are changing knowing that fewer and fewer families fit this traditional pattern In order to keep members with nontraditional family arrangements within the congregation these innovators have sought to emphasize individual freedom and personal spirituality and actively to welcome single adults and those from nontraditional families Edgell shows that mothers and fathers seek involvement in congregations for different reasons Men tend to think of congregations as social support structures and to get involved as a means of participating in the lives of their children

Women by contrast are more often motivated by the quest for religious experience and can adapt more readily to pluralist ideas about family structure This Edgell concludes may explain the attraction of men to more conservative congregations and women to nontraditional religious groups

International Perspectives on Pastoral Counseling Richard L Dayringer, 2014-06-03 Gain fresh perspectives on pastoral care and counseling from international experts This informative book will show you how pastoral care and counseling are viewed and practiced in Africa India Korea Hong Kong the Philippines Central America South America Germany and the United Kingdom You ll find new perspectives on theoretical and practical aspects of pastoral care and counseling as well as fascinating case studies and unique insights on how culture affects this type of ministry In his Preface Dr Howard Clinebell Professor Emeritus of Pastoral Psychology and Counseling at the Claremont School of Theology explains the need for this book In the radically new world of the 21st century pastoral counselors of all races and ethnic backgrounds will be challenged by a growing need to provide competent help to burdened individuals couples families and communities of different cultural backgrounds and worldviews than their own International Perspectives on Pastoral Counseling gives you an intimate view of counseling models from the United States that are being adapted to the realities of urban Korean life pastoral care and counseling in African and multicultural contexts counseling issues arising from urban realities in Pretoria South Africa the state of pastoral counseling and the impact of globalization and international markets on pastoral theology in Brazil care and counseling models from Holland and the United States that are being imported for use in Indonesia how the realities of life in Singapore relate to pastoral care and therapeutic conversations the needs of women and the historical development and meaning of pastoral care and counseling in the Philippines the meaning of forgiveness from an intercultural perspective spiritual philosophical and other perspectives on Chinese cultures the pitfalls of individualistic models of pastoral care and counseling in poverty stricken regions of Latin America the unique challenges of delivering care and counseling in Asian Pacific cultures

*Religion and Community in the New Urban America* Paul David Numrich, Elfriede Wedam, 2015 Through an in depth study of fifteen Chicago congregations Catholic parishes Protestant churches Jewish synagogues Muslim mosques and a Hindu temple city and suburban neighborhood based and commuter this book describes congregational life and measures the influences of those congregations on urban environments

**Building Faith** Robert Brenneman, Brian J. Miller, 2020-06-01 The social sciences have mostly ignored the role of physical buildings in shaping the social fabric of communities and groups Although the emerging field of the sociology of architecture has started to pay attention to physical structures Brenneman and Miller are the first to combine the light of sociological theory and the empirical method in order to understand the impact of physical structures on religious groups that build transform and maintain them Religious buildings not only reflect the groups that build them or use them these physical structures actually shape and change those who gather and worship there Religious buildings are all around us From Wall Street to Main Street from sublime and historic cathedrals to humble converted

storefronts these buildings shape the global religious landscape building faith among those who worship in them while providing a testament to the shape and duration of the faith of those who built them and those who maintain them Building Faith explores the social impact of religious buildings in places as diverse as a Chicago suburb and a Guatemalan indigenous Mayan village all the while asking the questions How does space shape community and How do communities shape the spaces that speak for them Public Religion and Urban Transformation Lowell Livezey,2000-05 This text offers a sweeping view of urban religion in response to the transformations of large cities Focusing on Chicago it explores the ways in which religious organizations both reflect and contribute to changes in American pluralism **Soft Patriarchs, New Men** W. Bradford Wilcox,2004-05 In the wake of dramatic recent changes in American family life evangelical and mainline Protestant churches took markedly different positions on family change This work explains why these two traditions responded so differently to family change and then goes on to explore how the stances of evangelical and mainline Protestant churches toward marriage and parenting influenced the husbands and fathers that fill their pews According to W Bradford Wilcox the divergent family ideologies of evangelical and mainline churches do not translate into large differences in family behavior between evangelical and mainline Protestant men who are married with children Mainline Protestant men he contends are new men who take a more egalitarian approach to the division of household labor than their conservative peers and a more involved approach to parenting than men with no religious affiliation Evangelical Protestant men meanwhile are soft patriarchs not as authoritarian as some would expect and given to being more emotional and dedicated to their wives and children than both their mainline and secular counterparts Thus Wilcox argues that religion domesticates men in ways that make them more responsive to the aspirations and needs of their immediate families Race in the Age of Obama Donald Cunnigen,Marino A. Bruce,2015-05-26 This volume is the second part of a two volume examination of the sociological and cultural impact derivative of Barack Hussein Obama s initial election and re election as President of the United States

**Understanding Pastoral Counseling** Elizabeth A. Maynard,Jill L. Snodgrass,2015-06-09 What are the roles functions and identities of pastoral counselors today What paradigms shape their understanding of the needs of others How can pastoral counselors serve the needs of diverse individuals in both religious and secular environments This foundational text reflects the continued and unfolding work of pastoral counseling in both clinical and traditional ministry settings It addresses key issues in the history current practices and future directions of pastoral counseling and its place among allied helping professions Written to incorporate current changes in the roles of pastoral counselors and models of training beyond the traditional seminary the book builds on themes of pastoral counseling as a distinct way of being in the world understanding client concerns and experiences and intervening to promote the health and growth of clients The text provides a foundational overview of the roles and functions of the modern pastoral counselor It discusses spiritual perspectives on the issues that bring individuals to seek counseling and integrates them with the perspectives of allied mental health professions The tools

and methods pastoral counselors can employ for spiritual assessment are presented and the book describes common spiritual and theological themes both implicit and explicit that arise in pastoral counseling Included are chapters examining Christian Jewish Islamic Native American and Buddhist approaches to counseling as well as counseling individuals with diverse sexual identities The book reflects the increasing need for pastoral counselors to serve effectively in a multicultural society including service to individuals who are not affiliated with a specific religious denomination The book also considers the emerging realities of distance counseling and integrated health care systems as current issues in the field
