Tensions And Transitions In The Muslim World:

Tensions and Transitions in the Muslim World Lu'ayy Şāfi, 2003 *Tensions and Transitions in the Muslim World* provides an alternative reading of Middle Eastern politics and political culture by focusing on the dynamics of change and examining the role of Islam in the emerging modern Middle East Louay Safi contends that by focusing on radical and traditionalist Islam Middle East specialists often overlook the liberal manifestations of Islam which though marginalized constitute the driving force in the sociopolitical development of the Middle East

Tensions and Transitions in the Muslim World Lu'ayy Şāfi, 2003 *Tensions and Transitions in the Muslim World* provides an alternative reading of Middle Eastern politics and political culture by focusing on the dynamics of change and examining the role of Islam in the emerging modern Middle East Louay Safi contends that by focusing on radical and traditionalist Islam Middle East specialists often overlook the liberal manifestations of Islam which though marginalized constitute the driving force in the sociopolitical development of the Middle East To capture the dynamics of progress in the Middle East Safi examines the impact of the ideological struggle and intellectual debate between the forces of modernism and Islamic traditionalism on the transformation of mainstream society and delineates the emerging sociopolitical outlooks and orientations locked in a fierce struggle for the heart and soul of the Middle East

Islam and the Trajectory of Globalization Louay M. Safi, 2021-10-18 The book examines the growing tension between social movements that embrace egalitarian and inclusivist views of national and global politics most notably classical liberalism and those that advance social hierarchy and national exclusivism such as neoliberalism neoconservatism and national populism In exploring issues relating to tensions and conflicts around globalization the book identifies historical patterns of convergence and divergence rooted in the monotheistic traditions beginning with the ancient Israelites that dominated the Near East during the Axial age through Islamic civilization and finally by considering the idealism realism tensions in modern times One thing remained constant throughout the various historical stages that preceded our current moment of global convergence a recurring tension between transcendental idealism and various forms of realism Transcendental idealism which prioritize egalitarian and universal values pushed periodically against the forces of realism that privilege established law and power structure Equipped with the idealism realism framework the book examines the consequences of European realism that justified the imperialistic venture into Africa the Middle East and Latin America in the name of liberation and liberalization The ill conceived strategy has ironically engendered the very dysfunctional societies that produce the waves of immigrants in constant motion from the South to the North simultaneously as it fostered the social hierarchy that transfer external tensions into identity politics within the countries of the North The book focuses particularly on the role played historically by Islamic rationalism in translating the monotheistic egalitarian outlook into the institutions of religious pluralism legislative and legal autonomy and scientific enterprise at the foundation of modern society It concludes by shedding light on the significance of the Muslim presence in Western cultures as humanity draws slowly but consistently

towards what we may come to recognize as the Global Age The Open Access version of this book available at <http://www.taylorfrancis.com/books/e/9781003203360> has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4.0 license

Conflict, Identity, and Reform in the Muslim World Daniel Brumberg, Dina Shehata, 2009

Conflict Identity and Reform in the Muslim World highlights the challenges that escalating identity conflicts within Muslim majority states pose for both the Muslim world and for the West an issue that has received scant attention in policy and academic circles

Islam and the Drive to Global Justice Louay M. Safi, 2023-12-15

Islam and the Drive to Global Justice Principles of Justice Beyond Dominant Ethnic and Religious Communities contributes to the current debate over Islam in a globalizing world by drawing on the contemporary and historical justice discourse within the Islamic traditions and by examining policies and practices of global powers towards Muslim populations in the Global South The discussions aim at bringing insights from Islamic authoritative sources and scholarly literature and to enrich the current deliberation on the universality of modern values and the relevance of the Islamic traditions to advancing more inclusive notion of global justice The book examines in particular several models rooted in the monotheistic traditions crucial for overcoming three interrelated challenges facing the dispensation of justice in contemporary society inclusivity disparity and selectivity The book uses the normative framework it outlines to analyze the connection between European powers and the autocratic regimes in the MENA region Several chapters in the book illustrate how supporting Arab autocracy contributes to the rise of religious extremism and has already produced failed states in Syria Lebanon Iraq and Yemen that undermine both national and global peace and stability

Islam and Warfare Onder Bakircioglu, 2014-10-30

The question of how Islamic law regulates the notions of just recourse to and just conduct in war has long been the topic of heated controversy and is often subject to oversimplification in scholarship and journalism This book traces the rationale for aggression within the Islamic tradition and assesses the meaning and evolution of the contentious concept of jihad The book reveals that there has never been a unified position on what Islamic warfare tangibly entails due to the complexity of relevant sources and discordant historical dynamics that have shaped the contours of jihad Onder Bakircioglu advocates a dynamic reading of Islamic law and military tradition one which prioritises the demands of contemporary international relations and considers the meaning and application of jihad as contingent on the socio political forces of each historical epoch This book will be of great interest to scholars and students of international law Islamic law

Globalization and Geopolitics in the Middle East

Anoushiravan Ehteshami, 2007-03-14 Examining globalization in the Middle East this book provides a much needed assessment of the impact of globalization in the greater Middle East including North Africa in the context of the powerful geopolitical forces at work in shaping the region today Written by a well known authority in this area this book demonstrates that unlike in other regions such as East Asia geopolitics has been a critical factor in driving globalization in the Middle East The author argues that whereas elsewhere globalisation has opened up the economy society culture and attitudes to the environment in the Middle East it has had the opposite effect with poor state formation little interregional trade foreign and interregional investment and reassertion of traditional identities This book explores the impact of globalization on the politics economies and social environment of the greater Middle East in the context of the region's position as the central site of global geopolitical competition at the start of the twenty first century

The Liberal Conscience Lucas Swaine, 2006 This

bold work offers solutions to the seemingly irreconcilable divide between liberal society and theocracy by reasserting the importance of the liberty of conscience and principles of religious toleration

Islam and Good Governance M. A. Muqtedar Khan, 2019-04-08 This book advances an Islamic political philosophy based on the concept of Ihsan which means to do beautiful things The author moves beyond the dominant model of Islamic governance advanced by modern day Islamists The political philosophy of Ihsan privileges process over structure deeds over identity love over law and mercy and forgiveness over retribution The work invites Muslims to move away from thinking about the form of Islamic government and to strive to create a self critical society that defends national virtue and generates institutions and practices that provide good governance

The Muslim World Book Review, 2007 **Interfaith Just Peacemaking** S.

Thistlethwaite, 2012-01-02 Interfaith Just Peacemaking is a collected work by 27 Jewish Muslim and Christian scholars and religious leaders on the ten practice norms of the peacemaking paradigm called Just Peace Just Peace theory like the paradigm it most resembles Just War theory is a list of specific practices that are applied to concrete contexts

Prejudice and Policymaking Daniel Hummel, 2021-08-11 The United States was founded on principles enshrined in the Constitution One of the foremost of these principles is religious freedom Unfortunately this freedom has not been shared by all equally The place of Islam in the United States has always been controversial This controversy expanded following the attacks on 9 11 and the rise of nationalist movements that aimed to narrowly define American identity The hatred of Islam otherwise known as Islamophobia has risen to new heights fueled by recurring events and various anti Muslim hate groups This has

manifested in anti mosque protests hate crimes and prejudicial legislation This book is focused on one form of this legislation the anti Sharia laws otherwise known as the foreign law bans Sharia is also known as Islamic law and as the physical manifestation of Islam in practice Several states have passed these laws with many other states introducing them several times with the intention of banning the use of Sharia in civil courts This book is a study of the factors most closely associated with whether a state has this law and how many times this bill has been introduced in the legislature These include political demographic religious and ideological factors *Islam and Democracy in the 21st Century* Tauseef Ahmad

Parrray,2023-09-15 This book starts with the prevailing idea of a conflicting relationship between Islam and the Western concept of democracy both in theory and in practice With this backdrop the author addresses the crucial question Is Islam compatible with democracy The book offers very useful discussions in framing the contemporary debates surrounding Islam and democracy treads through diverse theoretical Islamic texts like the Quran and Sunnah discusses the historical evolution of the concept of Shura the primary source of democratic ethics in Islam provides an assessment of the views and visions of some selected Muslim scholars from 19th to 21st centuries on Islam democracy compatibility and examines the elements of compatibility between Islam and democracy without ignoring the basic differences that exist between the Western approach to democracy and Islamic political thought *Islam and Democracy in South Asia* Md Nazrul Islam,Md Saidul

Islam,2020-03-20 Grounded in the Weberian tradition *Islam and Democracy in South Asia The Case of Bangladesh* presents a critical analysis of the complex relationship between Islam and democracy in South Asia and Bangladesh The book posits that Islam and democracy are not necessarily incompatible but that the former has a contributory role in the development of the latter Islam came to Bengal largely by Sufis and missionaries through peaceful means and hence a moderate form of this religion got rooted in the society Both militant Islam and militant secularism are equal threats to democracy and pluralism Like democracy political Islam has many faces Political Islam adhering to democratic norms and practices what the authors call democratic Islamism unlike militant Islamism is not anti democratic The book shows that the suppression of democracy and human rights creates avenues for the consolidation of militant Islamism orthodox Islam and Islamic terrorism while the fair play of democracy results in the decline of anti democratic form of political Islam *Hegemonic Transitions, the State*

and Crisis in Neoliberal Capitalism Yildiz Atasoy,2009-01-08 More than 15 years have passed since the end of the Cold War but uncertainty persists in the political economic shaping of the world economy and state system Although many countries have institutionalized neoliberal policies since the mid 1970s these policies have not taken hold to the same degree nor have their effects been uniform across all countries Nevertheless there has been widespread deepening of inequalities and therefore scepticism towards the neoliberal project Uncertainty prevails not only in the relations between states but also in the relations between forces of capital citizens and political power within states Moreover there is conceptual confusion in our understanding of the events and processes of neoliberal global transformation This collection of essays provides a

comprehensive theoretical and empirical examination of neoliberal restructuring as a complex political process. In an effort to penetrate and clarify this complexity, the book explores the connections between the economy, state, society, and citizens, while also offering current examples of resistance to neoliberalism. The book provides a forum for rethinking politics that represents a turn to societal forces as essential, not only to the uncovering of this complexity but also to the formulation of democratic possibilities beyond global hegemonic projects. The book does not seek to produce a new model for social change, nor does it dwell on the spatial aspects of modernity's new form or the emergence of a new state hegemony. China or new forms of rule, empire, in managing the world capitalist economy. Instead, the book argues that an understanding of hegemonic transformations requires the problematization of global power as embedded in historically specific social relations. Turning Points and Transitions Daljit Singh, Malcolm Cook, 2018-11-21

Southeast Asian Affairs has for decades been an indispensable reference for those concerned with political and economic developments across this vibrant and highly diverse region. Each year leading experts on the region and its constituent states have contributed detailed assessments of individual countries and region-wide themes which collectively provide an important and reliable record of Southeast Asia's often dramatic evolution since the early 1970s. Some of the most significant and interesting of these chapters have been carefully selected and brought together in this volume which will be a valuable resource for students of the region. Dr Tim Huxley, Executive Director, The International Institute for Strategic Studies, Asia, Singapore. At a time when Southeast Asia is undergoing rapid changes, this compilation of essays is a must-read for all those who seek to understand ASEAN and its member states. Southeast Asia is more than ASEAN and as an inter-state organization that works by consensus, ASEAN can do no more than what its members allow it to do. Bilahari Kausikan, Chairman, Middle East Institute, National University of Singapore and former Permanent Secretary of the Ministry of Foreign Affairs, Singapore. For the last fifty years, ISEAS has been the go-to place for students and scholars from all over the world seeking to develop a deeper knowledge of Southeast Asia. Since it first appeared in 1974, Southeast Asian Affairs has provided thoughtful and timely analysis of critical developments in the region annually. This carefully chosen collection of some of these essays, authored over the years, brilliantly maps out the contours of change and transformation that have shaped Southeast Asia's recent history and captures the dynamism of this fascinating region. Joseph Chinyong Liow, Dean, College of Humanities, Arts, and Social Sciences, and Dean S. Rajaratnam School of International Studies, Nanyang Technological University. The book *Turning Points and Transitions*, commemorating the 50th anniversary of the founding of ISEAS, is like a literary time machine. It takes us back through contemporary expert commentary and analysis to the major forces and events that shaped the political and economic evolution of the Southeast Asia region. A new generation of scholars has replaced typewriters with computers, but many of the roots of the issues and conflicts that ISEAS will be dealing with in the future are to be found in the past that is so ably documented in this volume. Donald E. Weatherbee, Donald S. Russell, Distinguished Professor Emeritus.
