

Гуманитаризация образования обеспечивается обращением школы к мировой культуре, истории, духовным ценностям. Повышение статуса гуманитарных предметов определяется их обновлением, освобождением от прагматического рационализма. Главная суть гуманитаризации в том, что человек должен быть образованным, а образование – человеческим. Современный социальный заказ требует адаптировать систему образования к рынку труда, создать условия для более осознанного профессионального самоопределения школьников.
