*The Flyer* Martin Francis, 2011-05-19 Between 1939 and 1945 the British public was spellbound by the martial endeavours and dashing style of the young men of the RAF especially those with silvery fabric wings sewn above the breast pocket of their glamorous slate blue uniform Martin Francis provides the first scholarly study of the place of the flyer in British culture during the Second World War Examining the lives of RAF personnel and their popular representation in literary and cinematic texts he illuminates broader issues of gender social class national and racial identities emotional life and the creation of a national myth in twentieth century Britain In particular Francis argues that the flyer s relationship to fear aggression loss of his

comrades bodily dismemberment and psychological breakdown reveals broader ambiguities surrounding the dominant understandings of masculinity in the middle decades of the century Despite his star appeal cultural representations of the flyer encompassed both the gentle chivalrous warrior and the uncompromising agent of destruction Paying particular attention to the romantic universe of wartime aircrew Francis reveals the extraordinary contrasts of their daily lives dicing with death in the sky one moment before sitting down to lunch with wives and children in the next Male and female experiences during the war were not polarized and antithetical but were complementary and interrelated a conclusion which has implications for the history of gender in modern Britain that reach well beyond either the specialized military culture of the wartime RAF or the chronological parameters of the Second World War     Replay: Classic Modern Drama Reimagined Toby Zinman, 2014-11-20 Replay Classic Modern Drama Reimagined spans over a century of great theatre to explore how iconic plays have been adapted and versioned by later writers to reflect or dissect the contemporary zeitgeist Starting with *A Doll's House* Ibsen's much reprised masterpiece of marital relations from 1879 Toby Zinman explores what made the play so controversial and shocking in its day before tracing how later reimaginings have reworked Ibsen's original The spine of plays then includes such landmark works as Strindberg's *Miss Julie* Oscar Wilde's comic *The Importance of Being Earnest* Chekhov's *Three Sisters* and *Uncle Vanya* Hansberry's *A Raisin in the Sun* the Rattigan centenary revivals Thornton Wilder's *Our Town* ultimately arriving at Beckett's *Waiting for Godot* Taking each modern play as the starting point Zinman explores the diverse renderings and reworkings by subsequent playwrights and artists including prominent directors and their controversial productions as well as acknowledging reworkings in film opera and ballet Through the course of this groundbreaking study we discover not only how theatrical styles have changed but how society's attitude towards politics religion money gender sexuality and race have radically altered over the course of the century In turn Replay reveals how theatre can serve as both a reflection of our times and a provocation to them     **English Drama Since 1940** David Ian Rabey, 2014-10-13 English Drama Since 1940 considers the bids of successive post war dramatists to find language and images of remorseless disclosure appropriate to the public manifestation of sensed crisis and the interrogation of the ideal of renewal This book introduces the period and its discourse whilst redefining them to give proper consideration to developments of themes styles concerns and contexts from the 80s to the present The book offers succinct and analytical introductions to the work of 60 dramatists whilst arguing for re appraisal of many dates critical perspectives in order to stimulate further argument in the field     Responses to Oliver Stone's Alexander Paul Cartledge, Fiona Rose Greenland, 2010-01-20 The charismatic Alexander the Great of Macedon 356-323 B C E was one of the most successful military commanders in history conquering Asia Minor Egypt Persia central Asia and the lands beyond as far as Pakistan and India Alexander has been over the course of two millennia since his death at the age of thirty two the central figure in histories legends songs novels biographies and most recently films In 2004 director Oliver Stone's epic film *Alexander*

generated a renewed interest in Alexander the Great and his companions surroundings and accomplishments but the critical response to the film offers a fascinating lesson in the contentious dialogue between historiography and modern entertainment This volume brings together an intriguing mix of leading scholars in Macedonian and Greek history Persian culture film studies classical literature and archaeology including some who were advisors for the film and includes an afterword by Oliver Stone discussing the challenges he faced in putting Alexander s life on the big screen The contributors scrutinize Stone s project from its inception and design to its production and reception considering such questions as Can a film about Alexander and similar figures from history be both entertaining and historically sound How do the goals of screenwriters and directors differ from those of historians How do Alexander s personal relationships with his mother Olympias his wife Roxane his lover Hephaistion and others affect modern perceptions of Alexander Several of the contributors also explore reasons behind the film s tepid response at the box office and subsequent controversies

*Hollywood's Ancient Worlds* Jeffrey Richards,2008-09-01 A new full analysis of the Ancient World epic and how this film genre continues to comment on modern day issues      *Twentieth Century Drama* Simon Trussler,1983-04-01 A compendium of information on all the main events individuals political groupings and issues of the 20th century It provides a guide to current thinking on important historical topics and personalities within the period and offers a guide to further reading
