Voicing Dissent in Seventeenth-Century Spain Patricia Manning, 2009-09-29 Although the Spanish Inquisition looms large in many conceptions of the early modern Hispanic world relatively few studies have been made of the Spanish state and Inquisition's approach to book censorship in the seventeenth century Merging archival and rare book research with a case study of the fiction of Baltasar Gracián this book argues that privileged authors like the Jesuit Gracián circumvented publication strictures that were meant to ensure that printed materials conformed to the standards of Catholicism and supported the goals of the absolute monarchy In contrast to some elite authors who composed readily transparent critiques of authorities and encountered difficulties with the state and Inquisition others like Gracián made their criticisms covertly in complicated texts like *El Criticón* **Kate O'Brien and Spanish Literary Culture** Jane Davison, 2017-10-18 One of the most important Irish novelists of the twentieth century Kate O'Brien 1897-1974 was also a pioneer of women's writing In a career that spanned almost fifty years nine novels nine plays two travelogues and copious criticism O'Brien rebelled against the narrow nationalism and restrictive Catholicism prevalent in independent Ireland In this highly original approach to O'Brien's work Davison traces the influence of three leading Spanish writers Jacinto Benavente Miguel de Cervantes and Teresa of Ávila O'Brien's lifelong fascination with Spanish literature and culture offered an oblique way of resisting the Catholic and conservative imperatives of the Irish Free State In a series of close comparative readings Davison identifies the origin of O'Brien's creative disinhibition and ultimately situates her within a tradition of dissident Irish women writers **Women Warriors in Early Modern Spain** Susan L. Fischer, Frederick A. de Armas, 2019-07-18 Although scholars often depict early modern Spanish women as victims history and fiction of the period are filled with examples of women who defended their God-given right to make their own decisions and to define their own identities The essays in *Women Warriors in Early Modern Spain* examine many such examples demonstrating how women battled the status quo defended certain causes challenged authority and broke barriers Such women did not necessarily engage in masculine pursuits but often used

cultural production and engaged in social subversion to exercise resistance in the home in the convent on stage or at their writing desks Distributed for the University of Delaware Press

Men and Women Making Friends in Early Modern France Lewis C. Seifert, Rebecca M. Wilkin, 2016-03-03 Today the friendships that grab people s imaginations are those that reach across inequalities of class and race The friendships that seem to have exerted an analogous level of fascination in early modern France were those that defied the assumption inherited from Aristotle and patristic sources that friendships between men and women were impossible Together the essays in Men and

Women Making Friends in Early Modern France tell the story of the declining intelligibility of classical models of male friendship and of the rising prominence of women as potential friends The revival of Plato's friendship texts in the sixteenth century challenged Aristotle's rigid ideal of perfect friendship between men In the seventeenth century a new imperative of heterosociality opened a space for the cultivation of cross gender friendships while the spiritual friendships of the Catholic Reformation modeled relationships that transcended the gendered dynamics of galanterie Men and Women Making Friends in Early Modern France argues that the imaginative experimentation in friendships between men and women was a distinctive feature of early modern French culture The ten essays in this volume address friend making as a process that is creative of self and responsive to changing social and political circumstances Contributors reveal how men and women fashioned gendered selves and also circumvented gender norms through concrete friendship practices By showing that the benefits and the risks of friendship are magnified when gender roles and relations are unsettled the essays in this volume highlight the relevance of early modern friend making to friendship in the contemporary world The Participatory Turn

Jorge N. Ferrer, Jacob H. Sherman, 2008-10-23 Can we take seriously religious experience spirituality and mysticism without reducing them to either cultural linguistic by products or simply asserting their validity as a dogmatic fact The contributors to this volume argue that we can and they offer a new way the participatory turn which proposes that individuals and communities have an integral and irreducible role in bringing forth ontologically rich religious worlds They explore the ways this approach weaves together and gives voice to a number of robust trends in contemporary religious scholarship including the renewed study of lived spirituality the postmodern emphasis on embodied and gendered subjectivity the admission of alternate epistemic perspectives the irreducibility of religious pluralism and the pragmatist emphasis on transformation all trends that raise serious challenges to the currently prevalent linguistic paradigm The first part of the book situates the participatory turn in the context of contemporary Religious Studies the second part shows how this approach can be applied to various global traditions ancient and contemporary from Western esotericism to Jewish mysticism Christianity Hinduism Sufism and socially engaged Buddhism *Poetry and Pedagogy across the Lifespan* Sandra Lee Kleppe, Angela

Sorby, 2018-10-08 This book explores poetry and pedagogy in practice across the lifespan Poetry is directly linked to improved literacy creativity personal development emotional intelligence complex analytical thinking and social interaction all skills that are crucial in contemporary educational systems However a narrow focus on STEM subjects at the expense of the humanities has led educators to deprioritize poetry and to overlook its interdisciplinary multi modal potential The editors and contributors argue that poetry is not a luxury but a way to stimulate linguistic experiences that are formally rich and cognitively challenging To learn through poetry is not just to access information differently but also to forge new and different connections that can serve as reflective tools for lifelong learning This interdisciplinary book will be of value to teachers and students of poetry as well as scholars interested in literacy across the disciplines *The Oxford Handbook of*

the Epistemology of Theology William J. Abraham, Frederick D. Aquino, 2017-06-15 The Oxford Handbook of the Epistemology of Theology brings together leading scholars in the fields of theology and epistemology to examine and articulate what can be categorized as appropriate epistemic evaluation in theology Part one focuses on some of the epistemic concepts that have been traditionally employed in theology such as knowledge of God revelation and scripture reason and faith experience and tradition This section also considers concepts that have not received sufficient epistemological attention in theology such as saints authority ecclesial practices spiritual formation and discernment Part two concentrates on epistemic concepts that have received significant attention in contemporary epistemology and can be related to theology such as understanding wisdom testimony virtue evidence foundationalism realism antirealism scepticism and disagreement Part three offers examples from key figures in the Christian tradition and investigates the relevant epistemological issues and insights in these writers as well as recognizing the challenges of connecting insights from contemporary epistemology with the subject of theology proper namely God Part four centres on five emerging areas that warrant further epistemological consideration liberation theology continental philosophy modern orthodox writers feminism and Pentecostalism This authoritative collection explores how the various topics figures and emerging conversations can be reconceived and addressed in light of recent developments in epistemology Each chapter provides an analysis of the crucial moves positions and debates while also identifying relevant epistemic considerations This handbook fulfils the need for the development of this new conversation that will take its natural place in the intersection of theology and epistemology It links the fields of theology and epistemology in robust meaningful and significant ways

Inventing the Sacred Andrew W. Keitt, 2005 Inventing the Sacred analyzes the Spanish Inquisition's campaign to ferret out false saints and scandalous impostors whose claims of divinely inspired visions and revelations threatened the Catholic church's efforts to monopolize access to the supernatural

A Linking of Heaven and Earth Scott K. Taylor, 2016-03-23 The Reformation of the sixteenth century shattered the unity of medieval Christendom and the resulting fissures spread to the corners of the earth No scholar of the period has done more than Carlos M N Eire however to document how much these ruptures implicated otherworldly spheres as well His deeply innovative publications helped shape new fields of study intertwining social intellectual cultural and religious history to reveal how lived beliefs had real and profound implications for social and political life in early modern Europe Reflecting these themes the volume celebrates the intellectual legacy of Carlos Eire's scholarship applying his distinctive combination of cultural and religious history to new areas and topics In so doing it underlines the extent to which the relationship between the natural and the supernatural in the early modern world was dynamic contentious and always urgent Organized around three sections Connecting the Natural and the Supernatural Bodies in Motion Mind Soul and Death and Living One's Faith the essays are bound together by the example of Eire's scholarship ensuring a coherence of approach that makes the book crucial reading for scholars of the Reformation Christianity and early modern cultural history

A New Companion to

Hispanic Mysticism Hilaire Kallendorf, 2010 The canon of Hispanic mysticism is expanding No longer is our picture of this special brand of early modern devotional practice limited to a handful of venerable saints Instead we recognize a wide range of marginal figures as practitioners of mysticism broadly defined Neither do we limit the study of mysticism necessarily to the Christian religion nor even to the realm of literature Representations of mysticism are also found in the visual plastic and musical arts The terminology and theoretical framework of mysticism permeate early modern Hispanic cultures Paradoxically by taking a more inclusive approach to studying mysticism in its marginal manifestations we draw mysticism in all its complex iterations back toward its rightful place at the center of early modern spiritual experience Contributors Colin Thompson Alastair Hamilton Christina Lee Clara Herrera Darcy Donahue Elena del Rio Parra Evelyn Toft Fernando Duran Lopez Plancisco Morales Freddy Dominguez Glyn Redworth Jane Ackerman Jessica Boon Jose Adriano de Freitas Carvalho Luce Lopez Barat Maria Mercedes Carrion Maryrica Lottman and Tess Knighton *Early Modern Catholicism* Robert S. Miola, 2007-06-28 Early Modern Catholicism makes available in modern spelling and punctuation substantial Catholic contributions to literature history political thought devotion and theology in the sixteenth and early seventeenth centuries Rather than perpetuate the usual stereotypes and misinformation it provides a fresh look at Catholic writing long suppressed marginalized and ignored The anthology gives back voices to those silenced by prejudice exile persecution or martyrdom while attention to actual texts challenges conventional beliefs about the period The anthology is divided into eight sections entitled Controversies Lives and Deaths Poetry Instructions and Devotions Drama Histories Fiction and Documents and includes sixteen black and white illustrations from a variety of Early Modern sources Amongst the selections are texts which illuminate the role of women in recusant community and in the Church the rich traditions of prayer and mysticism the theology and politics of martyrdom the emergence of the Catholic Baroque in literature and art and the polemical battles fought within the Church and against its enemies Early Modern Catholicism also provides a context that redefines the established canons of Early Modern England including such figures as Edmund Spenser John Donne John Milton William Shakespeare and Ben Jonson
